HOW WE MAKE EVERY TRANSACTION WITH US STRICTLY CONFIDENTIAL.

AS SOME OF OUR CUSTOMERS, ESPECIALLY TOWNSPEOPLE AND BUSINESS HOUSES have in the past requested us to ship their goods in plain packages or boxes, leaving off our name and address, so that no one will know where the goods come from, we have decided to make every transaction strictly confidential.

ALL GOODS WILL BE SHIPPED IN PLAIN UNPRINTED BOXES OR PACKAGES.

OUR NAME AND ADDRESS WILL NOT APPEAR ON ANY BOX, PACKAGE, ENVELOPE OR WRAPPER, so when our goods are unloaded at the freight depot or express office, or when they are delivered to you by the expressman or drayman, no one will be able to know what you have bought or where you bought it.

TO SATISFY SUCH OF OUR CUSTOMERS as do not wish others to know anything about what goods they send away for, or what they pay, all transactions with us are in this way treated in the strictest confidence, and hereafter we will not allow our name to appear on boxes or packages containing goods, or on tags, envelopes, labels or catalogue wrappers.

OUR NAME AND ADDRESS WILL NOT APPEAR ON ANY ARTICLE OF MERCHANDISE.

FOR THE BENEFIT OF MERCHANTS, MANUFACTURERS, TRADESMEN AND OTHERS, who, knowing they can buy from us at much lower prices than they can buy elsewhere, and who wish to buy from us either to sell again or for use in manufacturing, building, etc., to protect you against anyone learning where you buy your goods or what you pay for them, we have decided to leave our name and address off from every article we sell, so that even though the illustration may show the imprint of our name and address, it will not appear on the goods you get. This enables general stores, dealers in specialties, such as bicycles, sewing machines, stoves, organs and pianos, in fact, handlers of any kind of merchandise, to buy their goods from us at lower prices than they could possibly get elsewhere, and gives them an opportunity of charging whatever profit they see fit and disposing of the goods without the purchaser knowing that they were bought from us.

REMEMBER, OUR PRICES TO THE STOREKEEPER ARE EXACTLY THE SAME AS TO THE CONSUMER, the same whether one article or 1,000 are ordered, our aim being to protect every buyer and furnish merchandise of the highest standard of quality at much lower prices than it can be had from any other house.

WHY WE ASK 50 CENTS FOR OUR CATALOGUE.

($1.00 FOR THE SAME BOOK, BOUND IN CLOTH, LIKE THIS COPY.)

WE CHARGE FOR OUR CATALOGUE No. 112 SOLELY IN THE INTEREST OF OUR CUSTOMERS, the people who buy from us. It is done that we may quote lower prices than ever before, very much lower than you can buy from your storekeeper; much lower prices than can be had from any other catalogue house that furnishes catalogues free for the asking or for a small fraction of their cost.

IT IS CUSTOMARY FOR ALL CATALOGUE HOUSES to furnish their catalogues free or for a small fraction of their cost, 5 cents, 10 cents, or 15 cents, and as a result hundreds of thousands of catalogues are constantly going into the hands of people who do not buy. This is wasted advertising expense which some one must pay for, and there is no one to pay for it but the people who do buy. A percentage to cover this wasted expense is added to the selling price of every article of merchandise sold by such houses.

IF YOU GET A CATALOGUE FOR A FRACTION OF ITS COST, and you send the house an order, you can be assured that half a dozen catalogues were at the same time sent free to people who did not order, and you, therefore, must, when you order, pay for the catalogue you receive and the half dozen catalogues sent to the others who do not order. You pay for it in a percentage which is added to the selling price of every article quoted by such houses.

FOR EXAMPLE, you may get a catalogue free, or for a fraction of its cost, 5, 10 or 15 cents, and you may order a double barrel hammerless shotgun and pay $20.00 for it, when we quote it at $14.95. You will see you have then paid $5.05 for wasted catalogue advertising. The same thing applies on everything you order from a house that furnishes catalogues free or for a fraction of their cost.

BUSINESS HOUSES DO NOT GIVE SOMETHING FOR NOTHING. If your neighbors get catalogues for nothing, and they do not buy, you pay for the catalogues sent them when you buy.

WE HAVE DEDUCTED FROM OUR SELLING PRICES THE ADVERTISING EXPENSE OF OUR CATALOGUE. We ask you to pay 50 cents for our Catalogue No. 112 ($1.00 for the same book, bound cloth, like this copy) when you get it, but we do not ask you pay for from two to a half dozen catalogues every time you send us an order. In other words, we save you the 50 cents or dollar you send us for the book several times over on every order you send us.

OUR LIBERAL C. O. D., SUBJECT TO EXAMINATION, PAY AFTER RECEIVED AND EXAMINED TERMS (by which you by sending small cash deposit, receive, see and examine any goods before paying for them), are fully explained on page 2

Kind Friend:-

This big catalogue has been made so thoroughly complete in every department that it is intended to be used for ordering goods and for reference, season after season.

This one book, if preserved, can be used for sending us orders and for reference for several years, for it has been made thoroughly complete in every department. The prices quoted are the very lowest Chicago wholesale prices, with all advertising expense deducted. If you should order from this book two or three years hence, and there should be any reduction in price on the goods ordered by you, we will give you the benefit of the lower price and return the difference to you in cash.

It will not be necessary for you to send for any other catalogue or price list from any house, as this catalogue is complete in every department and quotes the lowest possible prices on everything.

Understand, as long as you preserve this catalogue you can use it either for reference or for sending orders to us, always with the understanding that the goods are guaranteed to be perfectly satisfactory to you or your money will be returned to you, and where any prices have been reduced you will get the benefit of the reduction without notice and the difference will be returned to you in cash.

We have departed from the long established rule, universally adopted by all other catalogue houses that sell goods from catalogues, circulars, booklets, samples or by mail order, and wholly in the interest of our customers and lower prices we are making a charge to cover the first cost of every catalogue we publish. It is today and it has for all time been the custom for all catalogue houses, every kind of institution selling goods by mail order, to issue various catalogues and mail them postpaid to any address, either free on application or for a very small fraction of their cost. The amount of money thus annually wasted in the vast amount of printed matter, in the thousands of tons of paper that are annually printed up into catalogues, the enormous amount of postage paid to circulate these catalogues into every one of the over 70,000 postoffices, the amount of money that is expended for all this that goes into the hands of people who never buy one penny's worth of goods, would reach a figure so large, so colossal, as would stagger almost any buyer or seller.

(over)

All this expense, all this wasted advertising that goes to people who do not buy, is paid for by the people who do buy. Every penny expended in printed matter and postage is accounted for as an item of wasted advertising expense and added to the selling price of the goods, and when you buy an article from a catalogue or mail order house that supplies catalogues free or for a fraction of their cost, you will pay an extra price to cover a number of catalogues that have been mailed to people who never buy.

We believe it is time to discontinue asking our customers to pay us money for something they have never received. If we have sent out a large number of catalogues to people who have never bought from us, we do not believe we have any right to charge you any part of the expense by adding it to the selling price of the goods you order from us.

This catalogue costs us money the same as our merchandise costs us money, and if a party wishes our catalogue, the only way we can furnish it to him in fairness to our customers is to ask him to pay us the cost price of the book; then if he never buys of us we are not the loser; but by reason of his having paid for the catalogue, we have not been compelled to add any catalogue advertising expense to our selling price, and he can buy from us at a much lower price than he can buy from any other house.

Then our old customers who buy from us regularly season after season will have no reason to complain of our going to a big expense to furnish catalogues free or for a fraction of their cost to people who do not buy, and adding this expense to our selling prices. Under our system it has all been deducted.

The prices quoted in this catalogue are for the cost of the goods bought in large quantities for cash, our economical handling service and our one small percentage of profit added, but not one cent for wasted catalogue circulation.

We do not compete with other houses on the price of catalogues, no more do other houses attempt to compete with us on the prices we make on merchandise.

We accept all orders with the understanding that if any goods ordered from us are not perfectly satisfactory when received they can be returned to us at our expense, and we will immediately return your money together with any freight or express charges you may have paid. We make you perfectly secure and sell to you at much lower prices than any other house. In order to do this we must get paid for our catalogues, we must ask our customers to send no order amounting to less than 50 cents, and by getting pay for our catalogues and filling no small orders under 50 cents, we make a big saving and we give you the benefit of every penny saved in the incomparably low prices quoted in this book.

In presenting this catalogue, we wish to warn our customers against impostors, who, knowing we make the lowest prices of any house in the world, travel about the country claiming to represent us, soliciting orders and collecting money. All such people are frauds and should be treated as such, for there is no one outside of our store, either in Chicago or elsewhere, who is authorized to solicit an order or collect one dollar for our account.

On the basis of far more value for your money than you can get elsewhere, made possible by our getting paid for our catalogues, thereby saving the great waste incurred by the old time methods and deducting this expense from our selling prices, we earnestly speak for your trade.

Yours very truly,

SEARS, ROEBUCK & CO.

FOR **50** CENTS IN **PAPER BINDING**

OR **$1.00** IN **CLOTH BINDING**

WE WILL SEND THIS BOOK PREPAID TO ANY ADDRESS.

IN HANDING YOU OUR CATALOGUE No. 112, we wish to embrace the opportunity of thanking all those who have dealt with us for the liberal patronage they have given us, and we specially desire to express our appreciation of the interest you have taken in calling the attention of your friends and neighbors to the low prices quoted in our catalogue, for, from the thousands of orders we receive every day, orders coming from every section of every state from people who have never before dealt with us, it is plainly evident that our customers are taking an active interest in our

MONEY SAVING MAIL ORDER METHOD OF BUYING,

and that they are calling the attention of their friends to the money they can save on purchases they make from us. It is evident that they are causing their neighbors who have not as yet sent to us for goods, to see the kind of goods we furnish, and how low our prices are as compared to the prices at which the goods can be bought from their storekeepers at home. They are also having an opportunity to learn from the experience of their neighbors who are already dealing with us, that the freight or express charges, when added to our extremely low selling prices, amount to next to nothing as compared with the money saved on goods bought from us.

AS MUCH AS WE APPRECIATE THE LIBERAL PATRONAGE WE ARE RECEIVING, as much as we value every order sent us, we appreciate even more, if possible, the interest our customers everywhere are showing in the way of assisting us in introducing our low price making method of selling.

WE CAN SEE TODAY MORE THAN EVER BEFORE, that almost every catalogue we send to a customer of ours, the same catalogue is used by one or more families in the same neighborhood. It is evident that this catalogue is used by means of our customer calling his neighbor's attention to the ca

consistent with honest goods and honest representations with the greatest possible care in the handling and filling of if this will merit your continued interest in our factory to co method of furnishing goods, if you will continue to allow your and neighbors to use your catalogue for reference and for from us, and will continue to call the attention of your frie neighbors to our catalogue and to our low prices, we will do our part. We will leave nothing undone to give values and such service as can be had from no other h

OUR COMPLIMENTS TO THE RETAIL MERCHANT.

AS THIS CATALOGUE GOES DIRECT TO THE CONSUMER (the party who uses the goods), and the prices quoted in this book, quality for quality, are lower than the prices quoted in any other catalogue printed, whether the house printing the catalogue sells to the consumer or to the dealer, as every price quotation plainly shows, and we frequently speak of how much money you can save on an article as against the price you would be compelled to pay your storekeeper at home; many merchants (storekeepers) and even many of our customers might think that our purpose was to antagonize the retail dealers of the country.

WE WISH TO CORRECT ANY SUCH IMPRESSION. We have the greatest respect for the retail merchant. He fills an important place in commerce, in fact, is a necessary agent for the distributing of all kinds of merchandise to the convenience of the consumer everywhere. Very rarely the country merchant who sells you dry goods, shoes, hardware and other merchandise, overcharges you. As a rule, the merchant from whom you buy, adds as little profit to the cost of the goods to him as he can possibly afford to add. For example: If a certain article in our catalogue is quoted at $1.00 and your hardware merchant asks you $1.50 for the same article, we wish to say in behalf of your hardware dealer that this difference of 50 cents does not represent an excessive profit he is charging you; for by reason of his being compelled to buy from wholesale houses in small quantities, he is compelled to pay more for this article than we would pay, for we buy in very large quantities direct from the manufacturers; his sales are necessarily small his expenses necessarily large in proportion to the amount of business he does, and he must get his cost, his expenses and a fair profit out of the goods he sells.

IF YOU LIVE A THOUSAND MILES FROM CHICAGO and you are in need of goods to use today or tomorrow, and you have not time to send to us and certainly it is a great convenience to you to have different stores in your town where the goods are carried in stock and where your wants can be supplied on a moment's notice), we believe when you patronize your storekeeper at home, as you must for your many wants, especially when your wants have not been anticipated, and you have not time to send to us, that you should expect to pay this merchant a fair profit. We feel like again repeating in his behalf, if the goods you buy from him for $1.00 would cost from us, freight charges added, 75 cents, he is not overcharging you; he is not taking more profit from you than he is entitled to, and when sider the price he must pay for goods, buying in small quantities, h of selling (for his sales are not large), and the fact that he must enough to make at least a living, with very few exceptions the merchant in every line sells to you for as little money as he can afford to sell.

WE NUMBER THOUSANDS OF OUR VERY BEST CUSTOMERS AMONG THE MERCHANTS In all lines in every state: thousands of merchants in all lines are constantly buying from us. We feel there is ample room for big, rich, growing country for all the country merchants who are ne d in honest merchandising, and there is also room for us.

IT IS NOT OUR DESIRE to build up our business (now already very large) by attempting to tear down any retail business already in existence. We know all of our two million customers buy more or less from their storekeepers at home. We know they will continue doing so, and we as greatly to their convenience that they can do this. and their p continue to support and strengthen the retail dealers of the when anyone of our two million customers, their friends or their wish to buy anything in our line (and we handle almost everything able in merchandise), and they can anticipate their wants for a few long enough for their order to reach us and the goods to reach them by sending to us they can save a liberal percentage as against the they would be compelled to pay their storekeeper at home, it is proper that our customers and their friends and neighbors should send such orders to us and save as much money as they possibly can.

THE COUNTRY MERCHANT WHO UNDERTAKES TO ANTAGONIZE THE CATALOGUE HOUSE really antagonizes his own customers, he really questions the right of his customers to spend their money where they like, and we believe the wise merchant will treat his customers the best he possibly can, will give his customers as good value for their money as is possible not criticise his customers for spending their money where they like certainly not assail them for sending their money to a catalogue house doing this he is criticising his customers for saving money, and injuring the catalogue house he is injuring his own business and the business of the catalogue house.

DO NOT FAIL TO GIVE SIZE, COLOR, WEIGHT, ETC., IF REQUIRED, WHEN WRITING YOUR

NOTHING CAN WORK GREATER INJURY TO THE RELIABLE MERCHANT than attempting to dictate to his customers how they shall spend their money or where they should buy goods, or by censuring a competitor, whether a neighboring storekeeper or a catalogue house, and the merchant who tells customers, who are already patronizing us, that our goods are inferior to his, tells his customers something which both the customers and the merchant know is not true, tells a prospective customer of ours that the goods he may get from us will not be of as good a quality as what he (the merchant) would sell to him, and the customer sends to us and finds that our goods are of as good or better quality, by the merchant's misstatements he has injured only himself. The merchant who attempts to divert trade from us by exaggerated statements as to the freight or express charges injures only himself, for our prospective customer can learn from the railroad or express agent in his own town just what the transportation charges will be, or, if he orders from us and pays the express or freight charges he will then learn that his home merchant has endeavored to mislead him by misrepresentation, and the merchant only is injured.

THE CAREFUL BUYERS of the United States who get our catalogue and see our prices and learn how much money they can save, and those who learn from their neighbors who are dealing with us all about how much money is being saved every day by sending to us for goods, will continue ordering from us, they will continue sending their orders to us for all such goods as they can anticipate their wants in advance a sufficient time for the order to reach us and the goods to reach them. If they can save from $50.00 to $200.00 a year on such goods as it is convenient for them to order from us, they are entitled to this saving, they should make this money, and the merchant who undertakes by any means to persuade them against saving this money injures only himself.

THE BROAD GAUGE UP TO DATE MERCHANT who attends strictly to his own business and sells his goods on as small a margin as he can, consistent with the natural cost and expense of doing a small retail trade, will always receive the liberal support of our customers, will always have a place in commerce. There is plenty of room for all, and no seller has a right dictate to the buyer wh[illegible] from whom he should buy his goods.

OUR LIBERAL TERMS OF SHIPMENT.

HAVE NO DISCOUNTS. We sell for cash only, and the prices this catalogue are absolutely net, from which there is no discount [illegible] are alike to one and all.

TERMS OF SHIPMENT ARE VERY LIBERAL. Nearly all our customers send in full with their orders, thus saving the small charge the express companies always make for collecting a C. O. D. and returning the money, and we certainly advise sending cash in full with the order, to secure this saving and as a more satisfactory way of ordering, always, of course, with the understanding that we will immediately return your money if the goods are not perfectly satisfactory to you.

CAUTION AGAINST ORDERING GOODS TO BE SHIPPED BY EXPRESS OR FREIGHT C. O. D., SUBJECT TO EXAMINATION. First, by reason of an extra charge (as above mentioned), a charge which the express companies always make for collecting the money and returning it to us. This charge is always saved when cash in full is sent with the order. Second, when goods are shipped by freight C. O. D., subject to examination, a draft for the amount of the C. O. D. must be sent for collection either by express or through a bank in your town, and the goods must be shipped consigned to you, with instructions for the railroad agent to notify you that the goods are there. The freight agent, as a rule, will allow you to examine the goods before paying for them. (Goods shipped by express, you can always examine before paying for). But on a freight shipment, before the goods can be delivered to you, you must first go to the express office or railroad office and pay the amount of the C. O. D. in order to have the bill of lading given to you for the delivery of the goods to you. With this bill of lading or order for the goods you can then go to the railroad station and get the goods; on the other hand, if the full amount of cash is sent with your order the goods are shipped direct to you, and you only have to go to the railroad station or express office and pay the freight or express charges and take the goods; always, of course, with the understanding that if the goods are not perfectly satisfactory when received you can return them to us at our expense and we will immediately return your money. However, to those who prefer to examine the goods they buy before paying for them, we offer to send it on C. O. D., subject to examination, pay after received as follows:

OUR C. O. D. TERMS.

ANY GOODS QUOTED IN THIS CATALOGUE (unless otherwise specially stated, provided the order amounts to $5.00 or more) will be shipped to any address east of the Rocky Mountains by freight C. O. D., subject to examination, on receipt of a sufficient amount of cash with the order to pay all express or freight charges both ways. On receipt of such an order, the goods will go forward by express or freight C. O. D., subject to examination. You will be credited on the bill for the amount of money sent with your order. After the goods are received and examined at your nearest railroad station or express office, if they are found perfectly satisfactory you can then pay the balance of our price and freight or express charges, less the amount of money sent with the order. If, however, the goods are not perfectly satisfactory you can return them to us at our expense and we will immediately return the cash deposit sent with your order. Our only object in requiring you to send a cash deposit sufficient to pay the freight or express charges both ways is to protect us against a class of people who might order out of curiosity, with no idea of accepting and paying for the goods when received, thus putting us to an unnecessary expense for transportation charges which our low selling prices will not warrant.

WHERE THE EXACT DEPOSIT REQUIRED IS NOT STATED, we advise that on all orders amounting to less than $10.00, one-fourth of the amount of the order be sent with the order. On orders amounting to more than $10.00 one-fifth of the amount should be sent with the order. For example: If you wish the goods shipped C. O. D., subject to examination, and your order amounts to $8.00, you should send at least $2.00 with your order. If your order amounts to $20.00, send $4.00 with your order, the balance payable after received.

NOTE—WHERE A VERY SMALL CASH DEPOSIT WILL BE ACCEPTED.

On receipt of 50 cents any watch or any item of jewelry amounting to $2.00 or more will be sent C. O. D.

On receipt of $1.00 any camera, telescope or field glass will be shipped C. O. D.

On receipt of $1.00 any graphophone or talking machine will be shipped C. O. D.

On receipt of $1.00 any organ or piano will be shipped C. O. D., to any point east of the Rocky Mountains, or will be shipped without a deposit where the money is deposited with a reliable party in your town, as fully explained under the heading of organs and pianos.

On receipt of $1.00 any violin, guitar, mandolin, banjo, autoharp, zither or band instrument will be shipped C. O. D.

On receipt of $1.00 any bicycle, gun or revolver will be shipped C. O. D.

On receipt of $5.00 any buggy or carriage will be shipped to any address east of the Rocky Mountains, C. O. D.

On receipt of $1.00 any harness or saddle will be shipped to any address east of the Rocky Mountains, C. O. D.

On receipt of $1.00 any sewing machine will be shipped to any address C. O. D., subject to examination.

On receipt of $1.00 any stove will be shipped to any address east of the Rocky Mountains and north of Tennessee C. O. D., subject to examination.

On receipt of $1.00 any item of men's, boys' or children's clothing or ladies' wearing apparel amounting to $3.00 or more will be sent to any address in the United States by express C. O. D., subject to examination.

THE ABOVE NAMED GOODS WILL BE SENT to any address within the radius mentioned on receipt of the small cash deposit named, which deposit must accompany the order, the balance, together with the freight or express charges, to be paid after the goods are received, examined and found satisfactory; all other merchandise where deposit is not mentioned, as before stated, will, unless otherwise stated, be sent subject to examination either by freight or express where a sufficient deposit accompanies the order to pay transportation charges both ways.

IN THE INTEREST OF OUR CUSTOMERS, to save you the extra express charge for the collection and return of the money, and to save you the inconvenience attached to delivery of goods shipped by freight C. O. D., subject to examination, we specially urge that you send cash in full with your order, understanding of course that you take no risk and that we will immediately return your money if you are not perfectly satisfied. Yet, to those who prefer to see and examine the goods before they pay for them, when so requested we will make shipment C. O. D., subject to examination, to be paid for after received on the small deposit terms as above stated.

NO ORDER WILL BE ACCEPTED FOR LESS THAN 50 CENTS.

AS A MATTER OF ECONOMY, both to our customers and to ourselves, we do not fill single orders for less than 50 cents. The postage or express charges usually makes small orders under 50 cents unprofitable to customers, or at least much more expensive than to order amounts of 50 cents or more.

We make this exception: In the case of needed repairs, attachments, or supplies, such as needles for our sewing machines, parts of guns, etc., etc., which can be secured only from us, we will fill the order, no matter how small it may be.

IF YOU WISH TO ORDER ANY ARTICLE COSTING LESS THAN 50 CENTS, SELECT ONE OR MORE NEEDED ITEMS, increasing the amount of your order to 50 cents or more. In this way you will effect a big saving and greatly reduce the express charges.

MAKE ORDERING BY MAIL VERY PROFITABLE to our customers we urge that you make your orders as large as possible. Orders of $5.00 or more are always very much more profitable than smaller orders, for the express or freight charges are in this way very greatly reduced. It always pays, even if you have to get some friend or neighbor to join with you, to make up an order of from $2.00 to $5.00 or more and include enough heavy goods to make a profitable freight shipment of 50 to 100 pounds. In this way you reduce the transportation charges on each item to next to nothing. You then pay the exact same freight charges which your storekeeper must pay on the goods he sells.

ON THE BASIS OF FAR GREATER VALUE FOR YOUR MONEY than you can possibly get elsewhere, lower prices than any other house does or can make, the best possible service, every item ordered guaranteed to reach you in perfect condition and give satisfaction or your money to be immediately returned to you, with all charges paid by us, on our binding guarantee to protect you in every way on every dollar sent us, wholly in your own interest we ask you to kindly conform to our terms.

DO NOT FAIL TO GIVE SIZE, COLOR, WEIGHT, ETC., IF REQUIRED, WHEN WRITING YOUR ORDER.

Paragraph A.

ABOUT OUR PRICES.

HOW WE CAN UNDERSELL ALL OTHER CONCERNS.

SECTION 1. BY REASON OF OUR ENORMOUS OUTPUT OF GOODS we are able to make contracts with representative manufacturers and importers for such large quantities of merchandise that we can secure the lowest possible prices, and in some lines our trade has been so large, as, for example, in vehicles, stoves, cloaks, tailoring, guns, revolvers, etc., that we have been able to equip our own factories and foundries, thus saving you even the manufacturer's profit; but whether the goods are manufactured by ourselves or bought direct in large quantities, we add the smallest percentage of profit possible to the actual cost to us, and on this economic, one small profit plan, direct from manufacturer to consumer, you can buy a large percentage of the merchandise we handle, direct from us at less than your storekeeper at home can buy in quantities.

WE EMPLOY THE MOST COMPETENT BUYERS that money can obtain, men who are experts and have a life long experience in their particular lines. Our established reputation for buying everything in enormous quantities gives our buyers inside track with all the largest manufacturers, thereby giving us the benefit of first choice in the markets. Manufacturers who are overstocked often come to us and offer their goods at a big discount for cash, knowing that we have a larger outlet for merchandise than any other concern. For this reason many articles in this catalogue are quoted at less money than the actual cost to produce. No matter how cheap we buy, we give our customers the benefit, for we feel that our bargains are our customers' bargains.

SECTION 2. WE BUY AND SELL FOR CASH, and having no bad debts, no traveling men's expenses, no expenses for collecting, securing the manufacturers' lowest spot cash prices, we can sell goods at a smaller margin of profit than any other business house could do and still exist.

WE MAKE NO REDUCTIONS IN OUR PRICES. To those who are inclined to write us for a reduction from the prices quoted in this catalogue, we wish to state that we cannot afford to make any reduction or concession, whether you order in large or small quantities. The price quoted on each and every article in this catalogue is as low as we can possibly make it, and it is out of the question to reduce these prices still further; and we earnestly believe a careful comparison of our prices with those of any other concern will convince you that we can furnish you better goods for less money than you can obtain from any other house in the United States.

ALL PRICES ARE SUBJECT TO THE FLUCTUATION OF THE MARKET. The prices quoted in this book are correct, according to market conditions at the date the catalogue is printed, and our wants have been anticipated as far as possible by contract, goods in stock, etc.; but when our stock on hand is sold or when a contract expires and the market conditions at that time are such that we are compelled to pay more money for the goods, we reserve the right to advance our prices without notice, charging you the difference the advance represents, only the difference in cost to us. The necessity for advancing prices very rarely happens, but as a protection to us, at the extremely low prices we are making, we must reserve this right, and this space is used to inform everyone of the right so reserved. If prices decline so that we are able to buy any goods to fill orders at lower prices than those printed in this catalogue, you will always get the benefit of such prices and the difference will be returned to you in cash.

AS THE TENDENCY IS FOR LARGER CONTRACTS, larger purchases, closer buying, the history of our house and our records show that **we reduce prices and return the difference in cash ten times** where we make an advance and ask more money once; but for our protection the right to recognize advances and declines must be and is reserved.

IN THIS CATALOGUE you will find only such goods listed as we can save you money on, goods that can be delivered anywhere in the United States for less money than they can be bought at your local dealer's. The amount of money that we can save you over the prices you pay at home varies from 5 to 50 per cent, according to the nature of the goods, but there is not an item quoted in this entire catalogue on which the saving is not worth taking into consideration, to say nothing of the fact that our goods are, as a rule, of a higher grade than those carried by the average storekeeper or catalogue house.

THE ILLUSTRATIONS AND DESCRIPTIONS IN THIS CATALOGUE can be depended upon. We aim to illustrate and describe every article with the strictest accuracy. Most all of the illustrations are made from photographs taken direct from the article. They are such as enable you to order intelligently; in fact, with our assortment, correct illustrations and accurate descriptions, you can order from this catalogue with the same ease, confidence and security as though you were personally in our store selecting the goods yourself.

Paragraph B.

ABOUT OUR RELIABILITY.

WE ARE AUTHORIZED AND INCORPORATED under the laws of the State of Illinois, with a cash capital and surplus of over Two Million Dollars paid in full. We refer by special permission to the Metropolitan National Bank and Corn Exchange National Bank of Chicago, the National City Bank and the German Exchange Bank of New York, (see facsimile copies of letters from these banks on page 12), to any commercial agency or to any express or railroad company, or any reliable business house or financial institution in Chicago. Should you write for information to any of the references given be sure to enclose a 2-cent stamp for reply. **Our customers are our best references.** As we have thousands of customers in every state and territory, you will no doubt find one of them a neighbor, who can explain to you how thoroughly we live up to all our representations and how carefully we watch the interests of our customers, and we take the most pleasure in referring to our thousands of satisfied customers.

OUR EMPLOYES ARE INSTRUCTED to treat every customer at a distance exactly as they would like to be treated were they in the customer's place and the customer in ours. If you favor us with your patronage we will do everything in our power to merit your trade. The courteous and careful attention we pay to our customers invites their continued patronage and we consider that a satisfied customer is the best advertisement that a firm can have.

WE EMPLOY NO AGENTS. This catalogue is our sole and only representative. We have no agents, and anyone representing himself as such is a fraud. Our customers deal direct with us through this catalogue. Thus the farmer, miner, mechanic, business man, in fact, anyone can send us his order and save all the profit the agent or local storekeeper would make.

Paragraph C.

HOW TO ORDER.

Please refer to the sample order on page 13. This illustrates an order made out on one of our regular order blanks.

Always keep well supplied with our order blanks, as it is more convenient for you to make out your order on our regular order blanks than in any other way. If out of them at any time, drop us a postal card and we will be pleased to send you some. Fill out our order blank as shown in the sample order on page 13.

Whether you write your order on our regular order blank or letter paper instead, **be sure to observe the following instructions:**

Always sign your full name (Christian name and surname).

Write your name in full, clearly and distinctly.

Give your postoffice, county and state, and your shipping point, if different from the postoffice.

Always give catalogue number in full (write every figure and letter in the catalogue number), description and price of each article ordered.

Always try to mention the number or name of the catalogue or circular from which your order is taken, and be sure to give the size, color, weight and measurements when ordering anything where either is required.

We must have your correct size or measurements for such goods as hats, shoes, clothing, ladies' ready made dresses, cloaks, and the size and color of everything that has size and color.

Be sure to enclose your money with your order and state plainly in your order how much money you enclose and in what form. Sending us money in one envelope and your order in another causes delay and confusion in our office, as they become separated in the mails. For instructions on how to send money see **paragraph F.**

Be sure you have followed our rules carefully about enclosing the proper amount of money with the order, including enough to pay postage if the goods are to be sent by mail, and insurance fee if to be sent by express.

Be sure your name and address is written plainly and in full, that your shipping directions are plainly stated, that the exact amount of money enclosed is plainly stated, that you have given us catalogue number, price, description, correct size and measurements and you will seldom if ever have any delay or inconvenience. By carefully observing these rules you will avoid errors and loss of time by our having to write you for further information.

AFTER WRITING AN ORDER, please compare it with these rules, check it over closely and see if you have written your order correctly.

IF YOU WISH TO REFER TO ANY MATTER not concerning the order, be sure to write it on a separate sheet. Do not write about it on your order sheet, though you may enclose it in the same envelope with your order. Our orders and letters are handled in separate and distinct departments, and we ask you therefore please do not fail to observe this rule.

ALWAYS TRY TO WRITE REMARKS CONCERNING YOUR ORDER on the same sheet with the order. This will prevent the possibility of such remarks or instructions being separated from the order. Should you have occasion to write us concerning an order which you have already sent us, do not fail to mention the date on which your letter was mailed, also state the nature and value of your remittance and the name and address as given in your order. This information will enable us to promptly locate the matter you refer to.

SHOULD YOU CHANGE YOUR ADDRESS, please notify us, being sure to give old as well as new address in full.

Paragraph D.

ABOUT OMISSIONS.

ALL ORDERS FOR MERCHANDISE are accepted by us with the understanding that we will use every reasonable effort to promptly ship every item exactly as ordered, and in order to make this possible we carry in stock, constantly, merchandise to the value of more than two million dollars, and if we

do not have the goods in stock we invariably buy them in Chicago if we can, even if we are compelled to pay more than we get for them, rather than delay an order or withhold shipment of any part of an order. But it sometimes happens that on an order including several items of merchandise there may be one or two items that are not in stock and cannot be had in Chicago, usually for the reason that the manufacturers are behind with their orders, have met with some accident or there has been some unusual delay in transportation.

WE THEREFORE ACCEPT ALL ORDERS with the understanding that we reserve the right when unable to ship every item, to cancel that portion of the order which we cannot ship promptly, filling the balance of the order, and returning to the customer in cash the amount for the item or items cancelled. We make this explanation so that anyone ordering merchandise from us, and receiving the goods with one or more items missing, and receiving by mail his money returned for the omitted items, will understand that the reason for omitting is that the goods are not in stock and cannot be had in Chicago. Where an omission for the above reason is necessary we usually send a letter telling when we expect to have a stock of the missing goods, so that the customer may renew his order if he so desires.

UNDERSTAND, it seldom happens that we are unable to fill an order complete and exactly as given, but out of the many thousands of orders we receive every day, there are always a few (a very small number) on which items must be cancelled, and we make this explanation in our catalogue so that none of our customers need misunderstand our position.

Paragraph E.

ABOUT SUBSTITUTION.

WE ARE BITTERLY OPPOSED TO SUBSTITUTING one article for another unless instructed to do so by the customer. We believe, except in rare cases, it is very presuming on the part of any house receiving an order for one kind of goods to send another, without first having the written consent of the customer to do so. There are, however, exceptions where we take upon ourselves the responsibility of substituting, and with reference to this we make the following explanation:

IF A PARTY SENDS US AN ORDER and there is some article in that order which we have not in stock and cannot get in Chicago, but we have the same kind of an article in a higher grade, we then take the liberty of sending the higher grade at the price of the lower grade, sacrificing our profit rather than to disappoint the customer. A customer ordering a watch may call for a 7-jeweled Elgin or Waltham movement and we may not have one in stock, and there may not be one in the Chicago market, in which case we would consider ourselves justified in taking the liberty of substituting a higher grade in an 11 or 15-jeweled Elgin or Waltham movement, but always at the price of the cheaper one ordered, taking the loss ourselves for the difference in price. This is an example. The same would apply on hundreds of items in our stock, but only in cases where in our judgment the customer can only be the better pleased by reason of such action on our part. However, even this kind of substitution we admit is presuming on our part, and when such substitution is made it must be understood it is done entirely at our risk, and with the understanding that if our action is not entirely satisfactory to the customer, he is at liberty to return the goods at our expense of transportation charges both ways and his money is to be immediately returned to him.

Paragraph F.

HOW TO SEND MONEY.

REMIT BY POSTOFFICE MONEY ORDER, express money order, bank draft, cash or stamps. We do not accept revenue stamps, foreign stamps and due stamps, as they are of no value to us. Do not send them.

POSTAGE STAMPS in amounts exceeding $1.00 will be accepted only at a discount of five per cent (5%), or ninety-five cents on the dollar. If you order an article priced at $2.00 and send stamps you should send $2.10. If a $3.00 article you should send $3.15 in stamps. We are compelled to dispose of all surplus stamps at a discount of from 2 per cent to 5 per cent and besides there is an extra expense in handling stamps, and our very small profit will not admit of this expense. We advise remitting by postoffice or express money order, but will accept postage stamps in any amount at 95 cents on the dollar. As an accommodation to our customers we will accept postage stamps at the face value in amounts less than $1.00.

WE RECOMMEND THE POSTOFFICE AND EXPRESS MONEY ORDER SYSTEMS, because they are inexpensive, of less trouble and safe. Besides this, if the money order should get lost or miscarry, your loss will be made good.

DO NOT UNDER ANY CIRCUMSTANCES send money or stamps in a letter except by registered mail. If sent by open mail the letter may never reach us, and in such a case a great amount of trouble and inconvenience is caused, as well as the loss you sustain. **If you prefer to remit by registered mail, we advise the use of two envelopes, one inside the other,** and the outer one carefully and securely sealed. **Do not send gold or silver coin that is defaced,** as light weight coins are worth no more than bullion and bullion is less than the face value of the coin.

TO INSURE SAFETY always register a letter containing money. Be sure to state in your order plainly how much cash you enclose and in what form. You need not be afraid of sending too much, as we always refund when too much money is sent.

Paragraph G.

METHODS OF SHIPMENT.

We can ship goods by mail (**see paragraph H about mail shipments**), by express (see paragraph I about express shipments), by freight (see paragraph K about freight shipments). If left to our judgment we will ship goods in the manner which will be the least expensive to our customers. In all cases transportation charges are to be paid by the customer.

Paragraph H.

MAIL SHIPMENTS.

The mail service affords a convenient method for the transportation of merchandise of small weight and considerable value to points that are distant from express or railroad offices. On all orders to be shipped by mail we require the full amount of cash with the order, together with sufficient money extra to pay postage and insurance or registration, when same is desired. There are three methods of shipping goods by mail:

SECTION 1. OPEN MAIL, which is so called because only the regular amount of postage, according to the classification of goods, is paid and the customer must assume all risk. We do not recommend sending goods by open mail, for if the package is lost or stolen, neither we or the customer have any recourse. In sending goods by open mail the customer must assume all risk.

SECTION 2. INSURED MAIL. This we consider the best and safest method of shipping by mail. The following is the rate, in addition to the regular postage: For a package valued at $5.00 or under, 5 cents each. For a package valued at $10.00 or under, 10 cents each. For each additional $5.00 in value, 5 cents extra. In case of loss, we duplicate the shipment on receipt of statement certified to by your local postmaster that goods were not received. We advise insuring everything of value. Insurance is usually less than the cost of registering. If you want your mail package insured be sure to write "**Insure**" in your order, and in addition to your remittance for the order be sure to add enough money to pay postage and insurance fee. To secure adjustment it is necessary to make prompt notification of the failure to receive package.

SECTION 3. REGISTERED MAIL, so called because in such cases the postoffice authorities keep a record of the transaction and are thus enabled to trace your shipment. Registry fee per package is 8 cents in addition to the regular postage. We are not responsible for loss of registered mail.

A PACKAGE SHIPPED BY MAIL CANNOT EXCEED 4 POUNDS, but any number of packages may be sent at one time, each weighing four pounds or less. If you live at a great distance from the express office, it might be more convenient to send an order by mail in two or more packages, each weighing four pounds. **One book can be sent by mail, no matter what its weight. The rate is ½-cent per ounce.**

THE RATE ON MERCHANDISE BY MAIL IS 1 CENT PER OUNCE, on books and printed matter, ½ cent per ounce, and you should allow, in addition to the weight of an article, from one to five ounces for packing material, according to size of package shipped.

IF YOU ARE NOT SURE AS TO THE WEIGHT OF THE ARTICLE, be sure to enclose enough money for postage; if you send too much we will refund balance.

EXPLOSIVES, POISONOUS OR INFLAMMABLE ARTICLES cannot be mailed under any circumstances whatever.

LIQUIDS OVER 4 OUNCES CANNOT BE SENT BY MAIL.

SECTION 4. PROFITABLE MAIL SHIPMENTS. ARTICLES SUCH AS WATCHES, JEWELRY and other valuable merchandise of light weight, make profitable mail shipments. In all cases where other goods are not ordered at the same time, we advise that such articles can be sent by mail economically.

CERTAIN MEDIUM PRICED GOODS, which, being weighty, cost considerable postage for transportation, should, if possible, be ordered in connection with other needed articles, sufficient to make up express or freight shipment, thus reducing the transportation charges to one-quarter or one-eighth of the postage rate and effecting a far greater saving for you.

WITH THE EXCEPTION OF ARTICLES OF SMALL WEIGHT and of some value, sending goods by mail is by far the most expensive means of transportation, but even in cases where the postage may seem out of proportion to the value of the goods, the cost of the goods with the postage added is usually less than if purchased at the local dealer's and frequently the article wanted is not handled by them at all, while our immense stock of merchandise will supply your demands.

Paragraph I.

EXPRESS SHIPMENTS.

HOW TO FIGURE EXPRESS CHARGES, SEE PAGES 7 TO 11.

SHIPPING GOODS BY EXPRESS is an absolutely safe method of transportation and offers the advantages of quick service. It is the most profitable method of shipping goods when the weight is less than 20 pounds. Frequently a customer is in a hurry for certain goods and is willing to pay the extra cost of express charges over freight, the money we save him making it profitable on such shipments instead of buying the goods at home.

IF YOU HAVE NO AGENT at your station, all express shipments will be carried to the nearest town where there is an agent. If there is no agent at your station always state in your order at what station you prefer to receive your goods.

A RECOMMENDATION THAT WILL SAVE YOU MONEY: If you live at a far distant point and wish to order some article of merchandise which

would weigh about 20 pounds and amount to $6.00 or less, on which the express charges would be from $1.25 to $2.75, and you require nothing further from our catalogue at the time, show the book to your friends, let them add articles they may be in need of and the shipment can go by freight at about the same cost per 100 pounds as by express for 20 pounds, your proportion of the transportation charges being then about 60 cents. We frequently find it greatly to a customer's advantage to ship by freight instead of by express, and when we can save them money by changing the shipping directions we will often do so, unless the goods are wanted in great haste.

ALWAYS RESPOND PROMPTLY TO THE NOTIFICATION OF THE EXPRESS AGENT AS TO THE ARRIVAL OF MERCHANDISE. We are constantly in receipt of requests from them for disposition of packages by reason of the fact that consignee does not reply to postal notices promptly.

IN SENDING US A COMPLAINT REGARDING OVERCHARGE ON A SHIPMENT be sure to enclose the expense bill showing the charges paid by you, so that we may avoid unnecessary correspondence if we find that you have been overcharged. In case of damage to goods, never accept same until the agent has made a notation on the face of your expense bill specifying wherein the shipment has been received in bad condition.

Paragraph K.

FREIGHT SHIPMENTS.

FOR FREIGHT CLASSIFICATION AND FREIGHT RATES, SEE PAGES 7 to 11. Heavy, bulky merchandise, such as agricultural implements, household goods, furniture, groceries, hardware, etc., can be shipped most profitably by freight. When a shipment weighs 100 pounds or more, the railroad companies will charge only for the actual number of pounds.

HOW TO SAVE MONEY ON FREIGHT SHIPMENTS. Railroad companies usually charge no more for 100 pounds than they do for 20 pounds. While the extremely low prices at which we sell our merchandise would make even a small order by freight profitable, as you would certainly be getting the goods cheaper than you could possibly buy them through a dealer, at the same time it would be a considerable saving of money if you could make up a larger order, either of your own wants or club together with your neighbors, as the freight charges will amount to comparatively very little more. The saving that may be effected by anticipating your wants and sending one large order instead of five or six smaller orders at different times is quite an item, and therefore should be taken into consideration by our customers.

YOU MUST PAY THE FREIGHT OR EXPRESS CHARGES, but it will amount to very little as compared with what you will save in the price.

IF YOU HAVE NO AGENT AT YOUR SHIPPING POINT, freight charges must be prepaid. If you do not know what the freight charge will amount to be sure and allow liberally for same. If you send more than actual amount required we will immediately refund the difference. If you have an agent at your station it is not necessary to prepay charges, as they are the same whether paid by you or by us, as our system of checking rates insures for our customers almost absolute correctness in transportation charges.

WHEN WE MAKE A SHIPMENT to a railroad station where there is no agent, we guarantee safe delivery to the station. From the fact that there is no agent at the station to receive the goods the railroad company will not assume any responsibility if after they are put on the platform they are lost or damaged, and we consequently cannot hold them for such loss or damage.

CUSTOMERS WHO ORDER GOODS shipped to a station where there is no agent, must make careful arrangements for the care of the goods after they are put on the platform; otherwise, they are liable to be damaged or stolen. If you cannot make such arrangements we would recommend that you have the goods shipped, if possible, to your nearest open station where there is an agent, thus making the railroad company entirely responsible for the goods until they are delivered to you.

OVERCHARGES IN TRANSPORTATION. Whenever a customer suspects an overcharge on the part of the transportation company, we will be pleased to give same our most prompt and careful attention in his behalf, if he will send us the expense bill received from the agent, after he has paid the charges. Complaints for overcharges are very few, as our system of checking the rates on freight and express shipments, insures for our customers almost absolute correctness in transportation charges.

IF YOU HAVE REASON TO BELIEVE THAT AN ERROR HAS OCCURRED IN THE WEIGHTS, as shown on the billing for a freight shipment, call the attention of the agent to the fact, and if possible weigh the shipment in his presence, and if it is found that the shipment is billed overweight he will make a notation to that effect on the expense bill, whereupon we will immediately make refund of the existing overcharge.

Paragraph L.

INFORMATION ABOUT GOODS SHIPPED DIRECT FROM THE FACTORY.

IN ORDER TO GIVE OUR CUSTOMERS THE VERY LOW PRICES WE DO, prices based on the actual cost to manufacture, cost of material and labor only, with but our one small percentage of profit added, prices much lower than they could possibly get elsewhere, we find it necessary to ship many heavy goods direct from the factory where they are made, and in doing this we save the freight on the goods into our warehouse in Chicago, the cartage, handling and other expenses incident to merchandise passing through the store in Chicago, and we give our customers every particle of the benefit of this saving in our extremely low prices. Wherever the catalogue states the goods are shipped from the factory, the prices quoted are for these goods delivered on board the cars at the factory and the customer pays the transportation charges from the factory. In many cases, the freight from the factory will be less than from Chicago, the factory being nearer to the purchaser. In some cases the factory will be at a greater distance than Chicago, in which case there will be an additional freight beyond the Chicago rate; but even in such cases the saving to you is very great, for if we were to ship the goods to you ourselves we would be compelled to add the freight to Chicago to all the goods, and to this add the expense of handling to and from the railroad, in and out of our store and other expenses incident to general handling of merchandise in the city.

IT SOMETIMES HAPPENS that a customer orders several articles in one order that are shipped from different factories. For instance, he may order a buggy to be shipped from our factory in Southern Michigan, a stove to be shipped from our factory in Central Ohio, a windmill that will be shipped from our factory in Southern Wisconsin. In this case we would be compelled to make three different shipments. The goods would go direct to our customer from the three different factories, but there would be no extra freight charge by reason of the three shipments, as each shipment would weigh more than 100 pounds and would therefore entitle the customer to the same freight per hundred pounds as if the shipments were all made together.

WHILE THE GREATER PART OF OUR GOODS ARE CARRIED IN STOCK IN OUR STORE AND WAREHOUSES IN CHICAGO, and this factory shipment information does not apply to small or general merchandise, we have found it necessary to make factory shipments on many heavy and bulky articles, purely in the interests of our customers, in order to give our customers the greatest possible value for their money, to enable us to deliver the goods to them at our one small percentage of profit direct from the manufacturer to the consumer, and your attention is called to the explanation that is always made in the catalogue regarding any article that is to be shipped from the factory, that you may understand that the freight is to be paid by the purchasers from the factory direct, and also that you will understand our reason for this method of handling certain merchandise.

WE FREQUENTLY RECEIVE ORDERS which include merchandise, a part of which is to be shipped direct from the factory and part direct from our store. For example: A man may order a buggy and a harness. The buggy will be shipped from the factory, the harness from the store. He may order a stove and some stove furniture, cooking utensils, etc. The stove would be shipped direct from the foundry and the cooking utensils from the store.

WHEN AN ORDER INCLUDES SUCH HEAVY GOODS as we ship direct from the factory (in order to make the low price), and other goods which we ship direct from our store, if that portion of the order which is to be shipped direct from our store is a profitable shipment (see Paragraph M about unprofitable shipments), we make two shipments; the stove, buggy or other heavy shipment going direct from the factory, the balance from our store. But it sometimes happens that that portion of the order to be shipped from our store would not be a profitable shipment. It may be for a few cooking utensils, amounting to $1.00 or $2.00, or a very low priced harness of $5.00 or $6.00, or $1.00 or $2.00 worth of miscellaneous merchandise, on which the freight charges would amount to more than the saving, or difference between our price and the price at which the customer could buy in his own town. In such cases of unprofitable shipment we use our very best judgment, and where we deem that portion of the order that is to go from our house an unprofitable shipment, we cancel that portion of the order and return the amount to our customer in cash for the goods canceled.

AS A FURTHER EXAMPLE: The customer may order a parlor suite for $15.00 to $20.00, which we ship from the factory, and may include with his order one chair for 90 cents, which we ship from the house. This one chair (except to nearby points), would be considered an unprofitable shipment. On such an order we would take the liberty of cancelling the order for the chair, returning the 90 cents to the customer at once, and we would ship the parlor suite to him direct from the factory by freight, with a letter of full explanation for our action. This article is intended to explain our methods of treating special orders only in the interest of the customers.

Paragraph M.

ABOUT UNPROFITABLE SHIPMENTS.

WE FREQUENTLY RECEIVE ORDERS which we term "unprofitable" shipments, which means that the shipment would not be profitable to our customer. For example: A party living far distant may order a dollar's worth of sugar to go by express. The express charges would equal the cost of the sugar. We occasionally get an order for heavy hardware, the order amounting to perhaps less than $5.00. The goods weigh 100 pounds. We are asked to ship them by express. This is usually an "unprofitable" shipment. An order for a single pair of heavy cheap boots to go a great distance by express, or for very bulky woodenware or heavy and low priced merchandise, such as molasses, nails or cornmeal, might be what we term an "unprofitable" shipment for far distant points.

WE WOULD ADVISE OUR CUSTOMERS to study the freight and express rates as given on the following pages, for we do not wish you to send us a dollar for anything unless we can save you money on the purchase.

ORDERS THAT WOULD BE UNPROFITABLE to ship by mail or express may be very profitable when sent by freight, but as one hundred pounds is usually carried by freight for the same charge as ten pounds, by adding other merchandise to your order, either for yourself or by getting your neighbors to join you in making up a large order, **you can make the shipment very profitable. Read Paragraph K on this page before making up your order.**

DO NOT FAIL TO GIVE SIZE, COLOR, WEIGHT, ETC., IF REQUIRED, WHEN WRITING YOUR ORDER.

Paragraph N.

CLUB ORDERS.

TO EQUALIZE OR REDUCE THE COST OF TRANSPORTATION, we advise the sending of club orders. Anyone can get up a club. Simply have your neighbors or friends send their orders in with yours and advise us to ship all to one person by freight. If each customer writes his order under his own name, it will be a very easy matter for us to keep each one's goods separate, and the freight charges will be next to nothing when shared by several persons.

IF YOU LIVE AT A FAR DISTANT POINT and wish to order some article or articles of merchandise, which, together, would weigh about twenty pounds, the value of which may be $5.00 or less, and you find that the express charges will be from $1.25 to $2.75, and there is nothing further in our catalogue that you require at the time, show this catalogue to your friends. Let your friends add twenty, thirty or forty pounds, even fifty or seventy-five pounds of goods, then the goods can go by freight at about the same rate as the express charges.

Paragraph O.

HOW TO RETURN GOODS.

BEFORE RETURNING THE GOODS to us in any manner, we would ask that you communicate with us in regard to them, as we are frequently able to adjust matters in a manner that will avoid the delay occasioned by return of goods.

INVOICE NUMBER. Be sure to mention your invoice number under which goods were shipped to you by us.

NEVER RETURN GOODS BY EXPRESS if the weight is more than twenty-five pounds, as it is cheaper to send heavy packages by freight. **When you return goods by express or freight** be sure to enclose in the package your letter of instructions and particulars. **Don't forget** we must always have your invoice number. **Never write us** about a shipment and omit the invoice number. **Don't forget** that a letter containing full instructions should be in all express and freight shipments returned. **Don't forget** we must have your full name and address, exactly as given in the original shipment, in order to properly adjust any matter pertaining to an order returned.

WHEN RETURNING A PACKAGE BY MAIL, write your name, address and invoice number plainly in the upper left hand corner, providing you do not have one of the labels which we furnish when we know goods are to be returned. **Send us by separate mail** the particulars and instructions.

DO NOT ENCLOSE WRITTEN MATTER of any kind in mail packages, as by so doing you are liable to a fine of $10.00 and double letter rate postage.

THE UNITED STATES POSTAL LAWS AND REGULATIONS require that all packages of merchandise sent in the mails must be wrapped or enveloped in such a manner that their contents may be readily examined by the postmaster without destroying the wrapper. **Never seal packages returned by mail,** but tie them securely with twine.

DO NOT FAIL TO REGISTER MAIL PACKAGES WORTH $2.00 OR MORE. Merchandise is sometimes lost when sent by open mail. A package can be registered for 8 cents and if necessary can be traced. **Do not enclose money with returned merchandise.** We cannot be responsible for its loss.

Paragraph P.

ABOUT DELAYED SHIPMENTS.

IF YOU HAVE SENT US AN ORDER FOR GOODS and you think it is time they should have arrived, before writing us concerning the delay please consider ...wing:

...e we are willing and glad to answer all kinds of inquiries, to make every possible kind of research, to quickly look up and trace any shipment said to have been delayed, we are daily in receipt of hundreds of letters claiming that goods have been delayed, when the orders have been filled by us with all possible promptness, and have been handled by the railroad or express companies with their usual dispatch. The investigation simply shows the customer is impatient and has not allowed sufficient time for the order to reach us, we to fill the order and the express company to deliver the goods.

WE FILL ALL ORDERS with the greatest possible dispatch consistent with proper care and safety. It requires from two to six days after your order is received for us to ship goods. Where goods are ordered that have to be made to order or finished after received, such as tailoring, upholstered furniture, vehicles, etc., additional time must be allowed. Goods shipped direct from our factory, such as stoves, sewing machines, furniture and a few other heavy items, require from five to ten days to make shipment, add to this the necessary time for the express company or railroad company to carry the goods to you and you will seldom, if ever, be disappointed in the arrival of your goods.

BEFORE WRITING us concerning goods ordered or before calling for them at your railroad station, first consider if you have allowed ample time for your order to reach Chicago, the required time for us to fill same, as above stated, and for the railroad or express company to carry it to you. If you will always do this, allowing liberal time, bearing in mind that express and railroad companies sometimes delay goods a few days after they receive them, you will seldom, if ever, have occasion to write us concerning a delay.

IN CASE, HOWEVER, an order should be delayed beyond the time above referred to, and you write us, do not fail to mention the date on which you mailed your order, the name and address as given in the original order, the value and nature of the cash you sent, and, if possible, give us your invoice number, for if you received from us a postal card acknowledging the receipt of the order, you will find the invoice number on the card mailed you.

ABOUT MISTAKES. If we make a mistake in filling your order, kindly give us a chance to correct it. We try to fill every order absolutely correct; but errors sometimes creep in. They do in all business houses. You will always find us willing to correct ours. Do not fail to write us in case of an error; otherwise we may never know it.

CHANGE OF ADDRESS. We would kindly request our customers to **immediately advise us** concerning any **change of address,** as we keep our records according to states and towns, and should you order from one town and then write from another, we would be compelled to send for further information before we could adjust the matter in question.

Paragraph Q.

ABOUT UNNECESSARY CORRESPONDENCE.

WHILE WE EMPLOY OVER ONE HUNDRED STENOGRAPHERS for the accommodation of our customers, and are willing and glad to answer all letters and furnish any special information that may be desired, we daily receive hundreds of letters of inquiry about things that are plainly answered in this catalogue, hundreds of letters which might be avoided, saving loss of time and unnecessary expense.

IT IS VERY SELDOM NECESSARY TO WRITE US, asking what the freight or express charge will be on any article to any point, for, from the weights given under each description and from the express and freight rates shown on pages 7 to 11, you can calculate very closely what the freight or express will amount to and save the time and trouble of writing for this information.

OUR OLD CUSTOMERS rarely ever have occasion to write us, asking what the freight or express will be on any article, and new customers will hardly ever have occasion to if they will refer to pages 7 to 11.

LETTERS CONCERNING SHIPMENTS CAN OFTEN BE AVOIDED. We receive hundreds of letters every day from parties who have ordered and have not allowed sufficient time for the order to reach us, the goods to be packed and shipped and for the goods to reach them. **(See Paragraph P.)** **Never write about a shipment until ample time has been allowed for the goods to reach you.** We receive hundreds of letters asking for prices or special prices on articles on which the price is plainly printed in this catalogue. All such letters are unnecessary, for it only means an answer again referring you to the catalogue.

WE RECEIVE HUNDREDS OF LETTERS DAILY from people who ask us if we can't make changes in the goods as advertised, that they want the same thing or things with slight changes. This is all irregular and could not be furnished excepting at an advanced price, and we have found it impracticable to make any such changes, and to all such inquiries we can save you the time and trouble by saying that no changes can be made from those made plain in this catalogue. Since we answer as many as ten thousand letters a day, you will help us where a reply is necessary by answering on the back of our letter.

Paragraph R.

INSTALLMENT PLAN OR PARTIAL PAYMENT.

WE RECEIVE HUNDREDS OF LETTERS asking for prices on certain goods, especially on organs, pianos and other goods that run into money, from parties who wish to buy on the installment plan and to make settlement in notes. All these inquiries can be avoided for the reason that our only terms are cash, we never extend time, we open no accounts nor allow goods to be sold on the installment plan.

Paragraph S.

ABOUT CLAIMS FOR DAMAGE.

WE CAREFULLY PACK AND DELIVER ALL OUR GOODS in good condition on board the cars, either in Chicago or at the factory, as made plain in this catalogue. We accept a receipt from the railroad company for the goods in good order, and it very rarely happens that any goods that we pack and ship reach their destination in bad order.

IF IT SHOULD EVER HAPPEN that any article reaches you marred, scratched, broken or in any way defective, be sure to have the railroad agent make a notation of such defect on the freight receipt (expense bill) he gives you. You can then present your claim for damage to the railroad agent from whom you received the goods, it being his duty at that end to take the matter up with the officials of that road and collect for you any damage that may have occurred.

WHILE THE PROPER PLACE FOR TAKING UP ANY CLAIMS FOR DAMAGE on goods in transit, either by freight or express, is through the agent who delivers the goods, the trouble, delay and expense of writing us to do this can also be avoided. We, however, guarantee the goods we ship to reach you in the same perfect condition they leave us, and to be satisfactory to you in every way, and if you find them damaged in transit and you accept them and the agent hesitates to take and collect your claim for damage, you can write us enclosing your receipt (expense bill) for the freight charges paid the agent, with the agent's written notation on the expense bill, stating what the damage is, and we will take the matter up at this end, collect the damage and send the money to you. **It will be impossible for us to consider claims for damages to shipments unless the expense bill bears a notation to the effect that the shipment was received in bad condition.**

WHILE WE HAVE a large corps of stenographers and corresponding clerks in our employ, whose duty it is to promptly and courteously answer all inquiries and give all desired information, in order to maintain our extremely low prices the cost of conducting our business must be cut down to the very minimum, and to do this our customers are especially requested before writing us concerning freight rates, claims, delays, or before asking us for information of any kind, to carefully consult this catalogue, and if they will do this they will find in nine cases out of ten the information can be had or the adjustment of damage made, without going to the trouble of writing us or putting us to the expense of corresponding on the subject.

DO NOT FAIL TO GIVE SIZE, COLOR, WEIGHT, ETC., IF REQUIRED, WHEN WRITING YOUR ORDER.

FREIGHT AND EXPRESS RATES.

THE FOLLOWING TABLE IS TO VARIOUS POINTS IN EVERY STATE AND TERRITORY . . . . .

IT IS NOT NECESSARY to write us for freight and express rates, as the following tables and the instructions we herewith give will show just what the freight and express rates are to different points in the United States and Canada. Take the nearest town to your own in the table below, and the freight rate to your town will be almost, if not exactly, the same for 100 pounds.

HOW TO FIGURE FREIGHT CHARGES

SEE PAGE 11 for list of articles and their class, then find the weight of the desired article (which we aim to give underneath its description in this catalogue), and if not given you can estimate the weight very closely. Find the rate in following table under its class, and multiply the rate by the weight, and you have the freight charges sufficiently correct for your information.

THE RAILROADS have what is called a **MINIMUM FREIGHT CHARGE,** meaning the least amount of money they will haul a freight shipment for, no matter how little it weighs. **In the first column we quote the minimum freight charge or explain how it is made up.**

Note 1. THE MINIMUM CHARGE to towns covered by Note 1 is the same as for 50 pounds at the rate under the class to which the article belongs, provided it is not less than 50 cents.

Note 2. SAME AS NOTE 1, provided it is not less than 75 cents.

Note 3. THE MINIMUM CHARGE to towns covered by Note 3 is the same as for 100 pounds at the rate under the class to which the article belongs.

EXPRESS CHARGES.

In the following table are given the express rates for 100 pounds, but for shipments weighing less than that see page 10. Freight is the cheapest way to ship orders weighing 20 pounds or more. Make your order for 100 pounds, if possible, and get the benefit of the minimum charge, as shipments weighing from 20 to 100 pounds usually cost no more than 20 pounds. Where two rates are shown, add them together to figure the charges on packages weighing 7 pounds or under. For packages weighing more than 7 pounds, figure the charges at each rate separately, and then add these amounts for the total.

NO MATTER HOW FAR AWAY you may live, we can still save you money on your purchases. **DISTANCE IS NO DRAWBACK.** Remember, your local dealer must pay the exact same rate of freight that you pay on the goods, and this cost of freight he must add to the cost of the goods when he figures his selling price. But our prices on practically everything in this catalogue are so very much lower than the same quality of goods can be had from smaller concerns, that after you pay all transportation charges, even to very distant points, we can save you money.

HOW TO FIGURE EXPRESS CHARGES.

Refer to above table for the express rate per 100 pounds to the nearest town in your state, then refer to the same rate per 100 pounds in the table below, and you can tell exactly what the express charges will be on a package weighing from 1 to 25 pounds, 50 pounds or 100 pounds from Chicago to your station. For example: Express rate for 100 pounds to Fargo, N. D., is $3.50; 5 pounds would cost 65 cents.

When two rates are shown, figure the charges for 7 pounds or less, at combined rates; if over 7 pounds figure at separate rates and add both charges together.

If you cannot figure the freight or express charges from above tables, ask your agent; he will be pleased to furnish them, if not write us and we will give you all the information you desire.

Express or freight charges add next to nothing to the cost of goods you order from us compared with what you will save in price.

One order will convince you that it is just as convenient and far more economical to buy goods direct from us than from a local store.

FREIGHT CLASSIFICATION.

1 stands for First Class.
2 stands for Second Class.
3 stands for Third Class.
4 stands for Fourth Class.
5 stands for Fifth Class.
6 stands for Sixth Class.
1¼ stands for 1¼ times First Class.
1½ stands for 1½ times First Class.
D1 stands for Double First Class.
2½ stands for 2½ times First Class
3T1 stands for 3 times First Class.
4T1 stands for 4 times First Class.

THE RAILROADS CHARGE FOR FREIGHT according to its classification. For example: Stoves take 3rd class rate. By referring to pages 7 to 10 you will find the 3rd class rate to the nearest town in your state. Multiply the weight of the article (which you can get from our catalogue or estimate pretty closely) by the rate, and you will be able to figure the freight charges almost to a cent. If the following list does not contain the article you want, you can, as a rule, use the rate on some article of a similar nature.

THE CLASSIFICATION ON SOME ARTICLES is different, in different sections of the country. For example: Hardware takes 2nd class rate to the western and southern states, and 3rd class rate to the eastern states. Hay presses take 2nd class rate to the western states, 2nd class to the eastern states and 4th class to the southern states.

REMEMBER, We always pack and ship our goods in a manner that secures for you the LOWEST FREIGHT CHARGES.

WEST. The railroads running west, northwest and southwest from Chicago, use the western classification. Use the classification in column marked "WEST" if you live in any of the following states: Arizona, Arkansas, British Columbia, California, Colorado, Idaho, Illinois, Indian Territory, Iowa, Kansas, Louisiana, Mexico, Minnesota, Missouri, Montana, Nebraska, Nevada, New Mexico, North Dakota, Oklahoma Territory, Oregon, South Dakota, Texas, Utah, Washington, Wisconsin, Wyoming.

EAST. The railroads running east and northeast from Chicago, use the eastern classification. Use the classification in column marked "EAST" if you live in any of the following states: Connecticut, Delaware, District of Columbia, Indiana, Maryland, Maine, Massachusetts, Michigan, New Brunswick, New Hampshire, New Jersey, New York, Nova Scotia, Ohio, Ontario, Pennsylvania, Quebec, Rhode Island, Vermont, Virginia, West Virginia.

SOUTH. The railroads running south and southeast from Chicago, use the southern classification. Use the classification in column marked "SOUTH" if you live in any of the following states: Alabama, Florida, Georgia, Kentucky, Mississippi, North Carolina, South Carolina, Tennessee.

The Metropolitan National Bank
OF CHICAGO.

October 24, 1901.

TO WHOM IT MAY CONCERN:

We take pleasure in testifying to the responsibility of Sears, Roebuck & Company, of this city, who are incorporated under the laws of the State of Illinois and have a fully paid up capital and surplus of over $2,000,000. They are one of the leading business houses of our city, occupying commodious quarters and employing in the neighborhood of three thousand people. The officers and stockholders of the company are well and favorably known to us, command our full confidence, and we believe will carry out in a satisfactory manner any engagements made by them.

We commend them to the business public, feeling sure tnat any dealings with the company will be of an entirely satisfactory nature.

Yours very truly,

H. H. Hitchcock

SEND FOR OUR

Grocery Price List.

FOR ONLY 15 CENTS (stamps taken), we mail our big 32-page grocery price list (issued every two months), for one year to any address. We revise our Grocery Price List every two months to follow the lowest Chicago market on prices, and to give our customers the benefit of the very lowest prices at which the highest grade goods can be bought for even at wholesale. Prices of groceries are always fluctuating so rapidly, many articles advancing and declining from month to month, that it is impossible to quote our complete line of groceries in this, our general catalogue, which holds good for one year; but we ask all who want our complete list with the **LATEST MARKET QUOTATIONS**, to send us 15 cents in stamps and let us send them our Grocery Price List, revised every two months, for the entire year. **Our Grocery Price List will keep you posted on the LOWEST CHICAGO PRICES on everything in groceries, will show you exactly how much dealers have to pay for everything they buy and will show you how you can save from $1.00 to $5.00 on nearly every bill of groceries you buy, depending upon the amount, and from $50.00 to $100.00 a year on all the groceries you use.**

We quote on the following pages the most staple articles in groceries, which we invite you to include in making up your order for other merchandise, especially if your order is small and you want to make it large enough to make it a freight order and thus get the benefit of the lowest cost of transportation.

These are only a few items from the different lines in our Grocery Department.

EVERY LINE OF GOODS IS COMPLETE IN THE 32-PAGE SPECIAL GROCERY CATALOGUE

WHICH COSTS 15 CENTS A YEAR.

WHY WE MAKE A SMALL CHARGE FOR OUR GROCERY PRICE LIST.

THE EXTREMELY LOW PRICES at which we quote everything in the grocery line, prices that are always as low as the lowest Chicago prices, and on some goods even less than wholesale, are figured so close that we have found it necessary to cut out and eliminate every unnecessary expense. Our large 32-page Grocery Price List which we issue every two months, is a book that costs us nearly 8 cents to print and mail, and if we sent hundreds of thousands of them out free of charge, many of them to curious people who have no intention of buying, it would mean a big expense to us that we would be compelled to add to our selling prices. In other words, to maintain our extremely close prices, in order to sell on this very narrow margin of profit, we cannot afford the extra expense of printing and mailing thousands of free catalogues, a large percentage of which do not do us any good. We make this charge of 15 cents solely in the interests of our customers, simply to protect them on prices. We do not think it is fair to raise our prices and make our customers pay a certain percentage more for their groceries simply to pay for the free catalogues sent to curious people. Of course we could do as many other mail order houses do, we could send out free catalognes and figure the expense of these catalogues in making our selling prices.

IF YOU SEND US AN ORDER FOR GROCERIES and find that you save from $1.00 to $5.00 on the single order, depending upon the amount of the bill, the few cents we ask to cover the expense of the price list amounts to nothing as compared to the $1.00 to $5.00 saved on the groceries. You can save $50.00 to $100.00 a year by sending to us for your groceries, as we quote prices on the very highest grade of groceries against which no house can possibly compete. Don't fail to send us 15 cents (stamps taken) together with your name and address and receive our Grocery Price List for a full year. If you do not care to send us 15 cents send us 3 cents for a sample copy. You can then compare our prices on all groceries with the prices named by any dealer or by any other mail order house; and you will find a big difference in our favor.

LOOK OVER THE FOLLOWING PAGES CAREFULLY, make up and send us a trial order for groceries. We will surprise you with the astonishingly fine quality goods we furnish and the money we can save you. When you order other merchandise from this catalogue, include what you need in groceries and get the benefit of lowest freight rates.

ABOUT THESE PRICES. There may be a slight variation in the market on these goods at the time your order is received, but we will give you the benefit of the lowest Chicago market price on that day. We make this plain, for we must protect ourselves against advances; but we also protect our customers. In case of a decline, we refund the difference in cash without notice.

LAUNDRY SOAPS.

Sears, Roebuck & Co.'s Celebrated Family Laundry Soap.

For only $2.95 for a box of 100 bars, a little less than 3 cents a bar, we offer our celebrated Sears, Roebuck & Co.'s Family Laundry Soap as the equal of laundry soaps that sell everywhere at 5 cents a bar, and even more. At our $2.95 price per box of 100 bars we feel confident we are giving such value in laundry soap as is offered by no other house.

Our special family laundry soap is put up for us under contract by one of the best soap manufacturers in Chicago, a manufacturer who sells the same soap under another name at almost double our price. The cost of our family soap is figured on very large quantities, on the basis of the actual cost of the material and the labor, to which we add the narrowest kind of a margin of profit, making our Family Laundry Soap the special leader of our soap department. Our Family Laundry Soap is an extra thick bar, convenient shape, hard pressed and rubbed. It is made of selected material, it is strictly first class in every respect, and there is no ingredient in its manufacture that will harm the most delicate fabric. It is a laundry soap that will help to make the laundry work much lighter. Every bar is put up under our binding guarantee, and if you do not find this soap equal to any soap you can buy from your storekeeper at home at 4, 5 and 6 cents per bar, you can return it to us at our expense and we will refund your money.

At our special $2.95 price for a box of 100 bars, you will make a saving of at least 50 per cent.

"Black Death" Bug Killer and Fertilizer.

It positively kills potato bugs, squash bugs, pumpkin bugs, watermelon bugs, rose bugs, currant worms, cabbage worms, etc It will kill all kinds of creeping things that eat the leaves of vegetables or plants.
What is "Black Death?" It is an inexpensive powder as fine as flour and extremely diffusible, and completely covers with a fine dust all plants over which it is sprinkled. In addition to being powerful in its effects to kill all insect life, it also acts as a fertilizer, thereby very materially increasing the crops of potatoes, etc., to which it is applied. For testimonials see our Special Grocery List.

ABOUT FREIGHT AND EXPRESS.

IT IS SELDOM NECESSARY TO WRITE US TO ASK WHAT THE FREIGHT OR EXPRESS WILL AMOUNT TO. THE WEIGHT OF ALMOST EVERY ITEM IS GIVEN UNDER THE DESCRIPTION.

BY REFERRING TO PAGES 7 TO 11 you can get the rate of freight and express to a point near you in your state, which will be almost, if not exactly, the same rate as to your nearest railroad station. From this you can calculate almost exactly what the freight or express will amount to on any shipment to your town, and you will find it will amount to next to nothing as compared to what you will save in price.

Seroco Graphite-Creosote Paint.

For Barns, Roofs, Iron Work, Etc.

This paint is a new article on the market and we believe it to be the best barn paint obtainable. As a preservative it cannot be excelled and we recommend it in every way for shingles, tin or iron roofs, structural iron work, bridges, barns, elevators and posts or timbers to be put under ground. Creosote is acknowledged the best preserver of wood and graphite has long been known to be the most durable pigment for a paint either above or under water, whether salt or fresh. It is spark proof and will resist fire, which makes it a valuable paint; also water and rust proof. Will stop leaks, prevent corrosion and is free from acids. One gallon covers about 300 square feet of tin, iron or any smooth surface, or 100 square feet of shingles and 150 square feet of canvas or felt. Put up in 1-gallon cans, 5-gallon kits, one-half barrels containing 30 gallons, and barrels containing 50 gallons. Made in five shades. Color card mailed on application.

Seroco Gloss Enamel for Interior Use.

No. 30T2782 This enamel produces a beautiful luster on walls, plastered or wood, and is a desirable article for kitchens, dining rooms, bed rooms and hospital wards, as it is easily cleaned. This enamel will produce good results when applied by any careful, intelligent person. Interior enamel paints have always been held at a high price and only a few could afford to use this paint; but we bring it before the public at a slight advance over the price of ordinary house paints and guarantee the enamel to be the best. We furnish it in twelve shades, as follows: Pearl, light slate, cream, apple green, pea green, nile green, light blue, dark blue, lavender, pink, lilac, carmine, also white ivory and black.

Aqua-Resco Washable Paint.

No. 30T2869 Only requires mixing with cold water. Weatherproof, sanitary, fireproof. A dry powder. In white and various colors.

A washable cold water paint for the interior painting of residences, and on account of its sanitary nature and fireproof qualities, it is admirably adapted for the exterior and interior painting of factories, warehouses, docks, public buildings, breweries, stables, air shafts and court yards, and can be applied on sand finished walls, stone, brick or any solid surface.

Aqua-Resco as a weatherproof paint is nearly equal to oil paint at a fraction of the cost for all exterior painting where oil paint has heretofore been used. When Aqua-Resco is applied to a solid surface it will not rub off or peel away, but forms a permanent finish which can be recoated from time to time when necessary. If applied as a primer for oil paint, one coat of Aqua-Resco will be found to cover equal to two coats of oil paint. Lime in walls will not destroy the Aqua-Resco colors, therefore no sizing of the surface is necessary. Aqua-Resco is a substitute for oil paint, and should thus be used, and not as a calcimine. The average covering power of Aqua-Resco Paint is from 20 to 80 square feet, according to the surface to be painted. Full directions with each package.

WALL PAPER DEPARTMENT.

Note Our Very Low Prices on Border Paper.

WITH A VIEW of placing our customers in a position where they can buy wall paper in the very latest styles at the very lowest prices, where they can buy the best paper in all the very latest colorings and designs, new for the season, direct from the factory at manufacturers' prices, prices that barely cover the cost of material and labor, with but our one small percentage of profit added, we have been attracted by several concerns that have grown large in the exclusive wall paper business, selling wall paper direct to wall paper hangers and to the consumer. We have known that their methods of handling were expensive and they must necessarily get an abnormal profit, they must add to the cost of making and printing wall paper an excessive profit. We have therefore studied the wall paper question very carefully, we have investigated the possible sources of supply, the methods employed by exclusive wall paper handlers and others in the buying and selling of wall paper, and we have found, as we expected, that wall paper is indeed generally sold at very large profits. With these facts before us we started out with a view of arranging for a source of supply, where the goods could be purchased in the very best qualities, in the very latest and handsomest effects at the very minimum of cost, where all unnecessary running expenses were eliminated, and adding our one small percentage of profit to this cost we call your attention to and offer you herein a line of wall papers in the very latest effects, the same styles and qualities as you will find in the best exclusive wall paper houses in this and other large cities, **and yet we offer these goods at about one half the price charged by the retailer generally.**

DIRECT FROM THE MILL. **In buying wall paper from us you practically buy it direct from the mill.** We have made our arrangements for supply with a big wall paper manufacturer in this city. Taking our contract he has arranged his contract for materials, colors, etc., to accommodate our order. He has increased his facilities, and by materially increasing his output by reason of our order, he figures that he can reduce the cost of manufacture, giving him an advantage on the goods he sells to the regular wholesale trade, and for this reason can afford to turn the paper over to us, what we require, at factory cost. **We give you the benefit of this arrangement. We only ask you one small profit above the actual cost to us.**

OUR GUARANTEE. **We guarantee the wall paper we advertise and sell to be exactly as represented and to prove perfectly satisfactory,** and if you order any wall paper from us, and you do not find it all and even more than you expect, and such value as you could not possibly get elsewhere, you can return it to us at our expense of freight charges both ways and we will return your money.

ABOUT THE WALL PAPER TRUST. **A greater part of the wall paper manufactured in this country today is controlled by a combinatioo which endeavors to fix prices that are out of reason.** We wish to say that the mill that supplies us is not in the trust. There is no combination, no arrangement, no calculation for more profit than enough to pay for the making and our one small profit added.

SAMPLES. **We issue a book of wall paper samples, a book containing all our leaders, all the new novelties, all the most desirable things in our line of wall papers.** These samples are good size, from which you can select your paper just the same as if you were in our store selecting the paper from stock. **This book of samples will be mailed, postage prepaid, upon application.** If you wish to receive a full line of samples of our best numbers in wall paper for this season send for this sample book and the book will be sent to you by return mail, together with complete instructions on paper hanging, etc. You will be surprised at the values represented in the samples contained in this book.

OUR BIG WALL PAPER BOOK **FOR DEALERS, AGENTS, CANVASSERS, PAPER HANGERS, PAINTERS, CONTRACTORS, ETC. For the benefit of people who deal in wall paper, for paper hangers, contractors, etc.,** and also for such of our customers as wish an extra large line of big samples from which to make their selections, we issue this very large book of wall paper samples, a book 18 inches square and about 1¼ inches thick, containing an immense line of the most staple and fancy wall papers, in all the new designs, all fully described and priced on each sample. **As this book is a very large and expensive book to get up, one that is made especially to interest careful,** close buying dealers, paper hangers, contractors, etc., we require all applications for this big dealers' wall paper book to be accompanied by 25 cents. **We ask 25 cents from each applicant as an evidence of good faith and to help pay for cost of the book. We prepay the express on the book.**

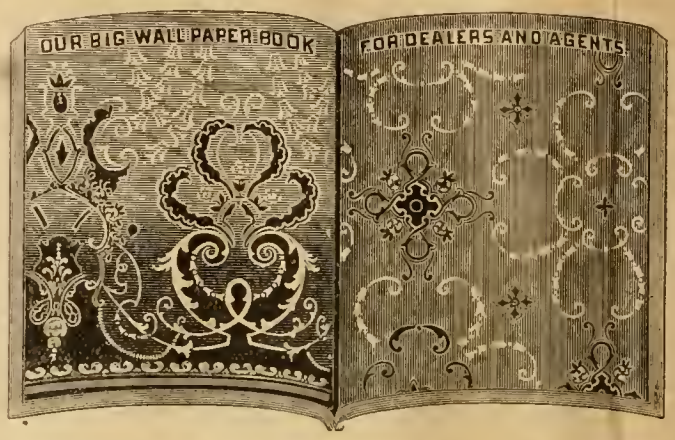
TO PAPER HANGERS. **If you are a paper hanger you cannot afford to be without this big sample book.** It shows the handsomest line of wall papers for this season and at prices much lower than you are now paying. With this big book of samples you can make closer prices on your work and bigger profits to yourself, for you will find our prices much lower than the prices you are now paying. **This big book is issued especially in the interest of wall paper hangers.**

TO WALL PAPER DEALERS. **If you are a dealer in wall paper you cannot afford to be without our dealers' big book,** for the line of samples cannot be equaled by any line you are now carrying. You will find our prices so much lower than the prices you are now paying that you can control the sale of wall paper in your section and still make more profit than you are now making.

TO AGENTS AND CANVASSERS. **If you are now soliciting orders for wall paper in your section, do not fail to send 25 cents for this dealers' big book.** You will find the line handsomer and better than the line you are showing and the prices are very much lower. From our big book you can no doubt sell wall paper at what your paper now costs you and still make a handsome profit.

TO CONTRACTORS, RENTAL AGENTS, PAINTERS AND OTHERS **who buy wall paper in quantities,** we especially urge that you send 25 cents for the dealers' big book. You will be surprised at the prices and at the big line we show. You will find that at our prices you can afford to repaper rooms that otherwise would not be papered. You will find the expense of re-papering will be very different from what it would be at the price you are now paying.

SPECIALLY TO OUR CUSTOMERS, **those who wish wall paper to redecorate rooms in their own homes. If you simply wish to buy paper enough to repaper one, two or three rooms in your own home,** and wish to make a selection from our entire line, one of the biggest assortments of wall paper shown by any maker of new patterns and designs for this season, and at prices very much lower than any other house can furnish, instead of sending for the small sample book, send us 25 cents for this our big dealers' book.



THIS BIG BOOK **closed measures 18x18 inches, 1½ feet square. Each sample is 18 inches square.** The book weighs about five pounds, is one of the largest and handsomest and most complete books of wall paper samples published. The book contains an immense line of all the very latest designs in handsome colorings for this season; large samples of wall, border and ceiling papers for all purposes, for homes, bedrooms, dining rooms, halls, kitchens, etc., for public buildings, churches, schools, halls, etc. Everything very complete and at prices heretofore unknown, prices much lower than ever before, prices less than dealers can buy elsewhere in any quantity.

BEFORE ORDERING **wall paper elsewhere, if you wish the big line, with large samples 18 inches square, one of the biggest books published, send 25 cents for the dealers' book.**

WHY WE RECOMMEND YOU TO SEND 25 CENTS **for the dealers' big sample book. In the small book it is impossible to give an idea of the handsome designs and pattern effects,** especially of the larger patterns, nor does the small book contain samples of borders or ceilings; whereas if you send 25 cents for the dealers' big book, a book that contains samples 18x18 inches square, you can see the entire pattern, all the colorings and blendings, and the big book also contains samples of the borders and ceilings to match the side wall paper.

IF YOU WANT TO KNOW **just exactly the design, just the size of the pattern, all the colorings, etc.,** if you wish to know just what kind of border and ceiling paper will be furnished to match the wall paper, we recommend by all means that you send 25 cents for the big book.

TO REDUCE THE COST **of our 25-cent dealers' wall paper book to next to nothing,** we advise getting your neighbors interested, one, two or even four or five, thus reducing the cost of the book to each one of you to but a few cents, 5 to 10 cents, and you will find you will save the cost of the book many times over on your first order for wall paper; besides you will have the satisfaction of selecting from one of the largest books published, from an immense line of samples including samples of border and ceiling as well as side wall paper, samples 18 inches square, from which you can see just what the pattern and colorings are.

SAMPLES NOT NECESSARY IN ORDERING. **Our wall paper department is in charge of an experienced wall paper man, an expert in the selecting of harmonizing shades and designs,** and without sending for samples, if you will select the paper wanted from the following illustrations and descriptions, and will tell us for what kind of rooms the paper is wanted, give us an idea of color and pattern, let us know the color of the carpet, furniture or other decorations of the room, we will give you the service of an expert designer and wall paper maker in selecting the most harmonizing wall paper for your wants. **He will give you the best values in our house, and you will, we are sure, be better pleased with his selection than if you yourself were selecting it from samples.** All our old customers who have bought wall paper from us almost invariably leave the selecting of harmonizing shades and colorings to the expert in this department, and they tell us they get much better effects, and better satisfaction than when they themselves make the selection from samples.

RULES FOR MEASURING A ROOM. **Measure the length and breadth of the room, then multiply by two; multiply the result by the height of the room in feet.** To allow for doors and windows, multiply the height of each by the width; add same together and deduct from amount. Then divide by 60. The result is the number of double rolls required for side walls. **This rule makes all necessary allowance for waste and matching.**

FOR SIDE WALL.

Example: Room 15 feet long, 12 feet wide, 9 feet high. One window, 6x4 feet; one door, 7x4 feet; one window, 3½x4 feet.

15 plus 12x2=54x9=486

1 window 6x4=24
1 door 7x4=28
1 window 3½x4=14

FOR CEILING.

The number of rolls required for ceiling is ascertained the same way, dividing the number of square feet by 60.

Example: Room 15 feet long, 12 feet wide.

15x12=180

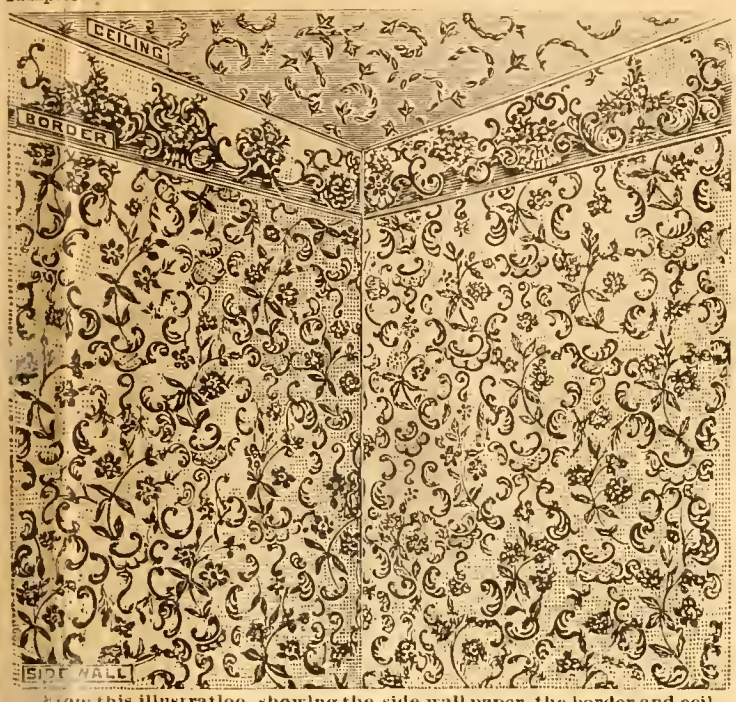
Double rolls.... 3

Wall paper weighs about 1¼ pounds per double roll. Always state what room paper is for. We do not trim wall paper because the edges being exposed, if damaged in transit, would render perfect matching impossible.

Our prices, unless otherwise stated, are always for double rolls. Wall paper, unless otherwise specified, is sold only by the double roll. All papers have borders and ceilings to match.

This Wall Paper only 2 Cents Per Roll.

At 2 cents per single roll or 4 cents per double roll we offer this handsome wall paper in new designs for this season, the equal of wall paper that sells at more than double the price; a big improvement over our last year's widely advertised 2½-cent paper, a reduction in price of ½ cent per single roll, and improved in quality, a handsomer and better pattern than ever before. **You should see the samples of the wall, border and ceiling paper of this number to appreciate the value we are giving,** and we therefore urge that you send 25 cents for the dealers' big book and get these big 18-inch square samples.



From this illustration, showing the side wall paper, the border and ceiling paper, you can get at least some idea of the effect brought out in this our cheapest paper, our special 2-cent leader. **While you can order direct from the catalogue illustrations and descriptions** with every assurance that the paper will be in every way satisfactory, we especially recommend that you send for our book of samples, either sending for the sample book or 25 cents for the dealers' big book which gives samples of border, ceiling and wall paper, and shows you all the colors and pattern effect. **To those who do not wish to wait to send for samples** we will say this is a 9-ounce paper, with a light cream ground, with handsome scroll and fretwork in terra cotta, with beautiful spray and bouquet effect in nile green, brought out with nice mica and bronze effects. **This paper has a 9-inch border** and a ceiling in very neat scroll effect in garnet and turquoise blue on a light cream background. If you order from the catalogue without waiting for samples, we guarantee the paper to please you or we will return your money.

We furnish this our specially advertised wall paper at the following special prices:

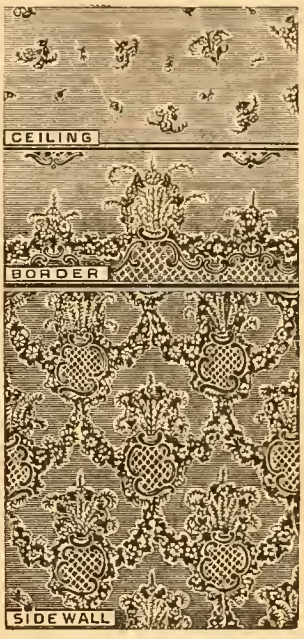
Our 9-Cent Popular Home Paper.



For a rich, yet modest paper for the home, an all purpose paper for living rooms, etc., kitchen, dining room, library, parlors, bedrooms, halls, for an all purpose paper, in a neat new shade and new design, we offer this handsome paper, made on a French gray ground, at 9 cents per double roll, in competition with paper that sells generally for 25 cents and upwards. **This paper is made on a dark French gray background with beautiful festoons of daisies** in a delicate shade of old rose, with green foliage. It has a 9-inch border to match, with very light nile green ground, with festoons of daisies and green foliage, the same as in the side wall. The ceiling is very nicely blended and graduated from dark shade of French gray to a light nile green at the top. The ceiling has background in a very light shade of nile green with clusters of daisies in a delicate shade of pink and white with green sprays. **Our small sample book gives you a very good idea of the side wall paper,** although it will not show the whole pattern effect. The dealers' big 25-cent book will give you a large sample of side wall, ceiling and border, but you can order direct from the catalogue without first writing for a sample, with every assurance that the paper will please you in every way or we will immediately return your money.

Our New 9-Cent Turquoise Blue Combination Paper.

Entirely New For This Season and a Handsome Design.

From the illustration showing the side wall, border and ceiling paper you can get some idea of the pattern effect brought out in this new design. The paper is extra good weight. The colorings are the very best and the paper is offered at from one-half to one-third the price charged by dealers generally. **It is a very rich turquoise blue combination, suitable especially for halls, dining rooms, bedrooms, small stores, etc.,** and is brought out in a dark choke effect with light blue and silver scrolls. The border is 9 inches in width, blending harmoniously in colors with the side wall, while the ceiling is a handsome contrast in a much lighter shade with nile green background and very handsome silver and dark blue scroll effects. **The small sample book will give you a good idea of the side wall paper,** although the dealers' big 25-cent book will be necessary to get a large sample of the side wall, ceiling and border. **Many of our customers, however, order direct from our catalogue,** knowing that they will get just what they want, or we will immediately return their money.

NOTE OUR LOW PRICE ON ALL BORDER PAPER.

Our 9-Cent Marie Antoinette Paper for Parlors.

For a handsome, new stripe effect, in a rich paper, at a low price, for parlors, bedrooms, libraries, halls, in fact, for an all purpose paper we especially recommend this new number. This is a Marie Antoinette stripe on a drab background. The flowers are treated in different shades of purple, producing a very dainty effect.

The great value of a striped pattern is to change the appearance of a room having a low ceiling, making it appear much higher. This is a very rich, dainty paper, and must be seen in the sample to be appreciated. The border is a handsome 9-inch border, the colors blending perfectly with the side wall from a very light shade of cream to a soft drab, beautifully decorated with purple and green floral and striped effect. The ceiling is a very light cream background with neat leaves of green and purple rosebud effects.

From the sample book you can tell exactly what the side wall paper will be; or you can order direct from the catalogue, with our guarantee that the paper will please you; or, from the dealers' big book, you can get a good idea of the side wall, ceiling and border.

Our Big 12½ Cent Leader.

At 12½ cents per double roll for side wall and ceiling paper, and 1 cent per single yard for 18-inch border, we offer this as one of the biggest leaders in our line, one of the handsomest papers shown this season, a paper the equal of anything you can buy from dealers generally at 30 to 50 cents per roll. **This is a paper that must be seen to be appreciated,** and unfortunately the small sample book will not do it justice. To see the rich pattern effect, the harmonizing colorings and design worked out in the big 18-inch border and the ceiling, you must have our dealers' big 25-cent book. You will surely save from 20 to 30 cents on every roll of this paper you buy from us. **Our special price of 12½ cents per double roll barely covers the cost to manufacture** with but one small percentage of profit added. It is the lowest price ever made on this grade of paper. The illustration showing the side wall, border and ceiling will give you but a slight idea of the pattern or value of this paper. **This is a conventional design, on a very striking, rich Jacqueminot rose red colored background,** with an under print of a corresponding shade of rose red. A very striking feature of this paper is the black and green scroll. The border is 18 inches wide. It is the same colors as the side wall, and gradually turns at the top to a very delicate straw shade, blending perfectly with the ceiling paper, which has a soft straw ground with very large outlined medallion scroll effect, the flower worked out in white, pink and green.

This is an all purpose paper, suitable for parlors, libraries, dining rooms, halls, public buildings of all kinds. It is one of the richest, handsomest, newest and best things in our line and one of our biggest leaders for this season.

22 Cents Buys a Regular 50-Cent Paper.

For 22 cents per double roll we offer this as one of the richest, heaviest, gold bronze finished papers on the market, a paper rich enough and good enough to decorate any room, such paper as will only be found in the most fashionable city stores, a paper that is often furnished by paper hangers at prices ranging as high as 75 cents to $1.00 per double roll. **Our special price of 22 cents for double roll** barely covers the cost of material and labor, with but our one small percentage of profit added. **Don't fail to send 25 cents for the dealers' big book** if you think you will be interested in this, one of the richest wall papers made. The pattern is such that it can only be appreciated by seeing a large sample in the dealers' big book, both a large sample of the heavy 18-inch border and the ceiling. No description we could offer would do this paper justice. It is a paper that must be seen, examined and compared with paper that sells at from two to three times the price we ask to appreciate the value we are giving.

From the illustration we have endeavored to give you just a little idea of the style of this paper as shown in the side wall, border and ceiling. It is positively one of the richest, handsomest and neatest things for this season, such a paper as you could not get from any other house. The side wall is a rich conventional design, drawn on a rich heavy maroon background. It has a velvet brown center, brought out by lighter shades of red, surrounded by a pleasing combination of different colored bronzes. The border is 18 inches wide, the heavy maroon blending softly into rich pink at the top. The entire border is decorated after the same style as the wall paper in heavy colored bronzes, the border matching the rich reddish cream ceiling paper, which is decorated with bandsome bronze scroll work and gold bronze and green floral effects. **This is a very rich all purpose paper.** It is one of the richest papers for libraries, drawing rooms, halls, dining rooms, public buildings of all kinds, and is particularly adapted to lodge rooms, etc.; there is nothing that will be more suitable. **If you do not wish to wait to write for the big dealers' 25-cent book send us your order taken direct from the catalogue** and we will guarantee the paper to please you or we will immediately return your money.

Our Special 22-Cent Gold Finished Embossed Paper.

This design is entirely new for this season, one of the richest shown by any wall paper maker. Our 22-cent price is about one-third the price charged by dealers generally. This is a paper that sells everywhere for from 50 cents to 75 cents per double roll. Nothing but a large sample will give you an idea of the colorings and pattern effect worked out in this new number. **If you send us 25 cents for our dealers' big book, you will get a large sample of the wall paper,** the 18-inch border and the ceiling from which to make a selection. Or you can send your order direct from the catalogue with the understanding that if the paper is not perfectly satisfactory, much greater value than you could get elsewhere, you can return it at our expense and we will immediately return your money. The illustration gives you an idea of the beautiful pattern effect as worked out in the side wall, border and ceiling. This is a new and handsome embossed floral paper on a delicate cream ground. The combination of rich colors and bronze used in the new rococo scroll adds greatly to the pleasing effect. **For a rich paper for a parlor there is nothing nicer made.** It is also suitable for libraries, dining rooms, halls and other rooms, and especially recommended as a very rich gold bronze, floral embossed paper for parlors.

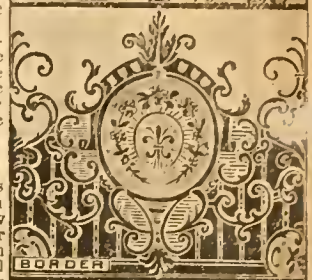
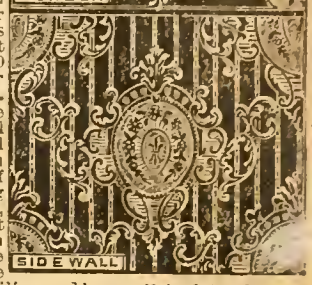
Our 20-Cent Embossed Bronzed Paper.



At 20 cents per double roll we offer this rich, heavy, embossed bronze paper, in an entirely new design for this season as the equal of paper that sells generally at 50 cents to 60 cents per double roll. The sample in the small book will give you an idea of the coloring and quality, but to get the pattern and all the design in the side wall, ceiling and heavy 18-inch border you should send 25 cents for the dealers' big book. Or, you can order direct from the catalogue description with our guarantee that the paper will please you and be found better than you can buy elsewhere at double the price, or we will immediately return your money.



In the illustration we simply give you a slight idea of the new, harmonizing pattern effect worked out in the side wall, border and ceiling. The paper must be seen, examined and compared with paper that sells at [illegible] the price to appreciate the value w

This is a rich, embossed paper. [illegible]ated in three shades of bronze with a moss green choke on an apple green ground. It is one of the richest colorings and handsomest designs in a new green shade that is shown this season. The border matches perfectly the side walls and ceiling, is also in three shades of bronze with moss green and apple green ground, the heavy green blending into a delicate light green. The ceiling is a beautiful light green, richly embossed, relieved by a handsome medallion of green, white and gold. This paper is suitable for parlors, halls, libraries, in fact any room where a very rich embossed gold finish paper is wanted.

Our Rich 22-Cent Tapestry Leader.

At 22 cents per double roll we offer a tapestry wall paper the equal of papers that sell generally at 50 cents to 75 cents per double roll. This is one of the richest numbers in our line, a paper you must see, examine and compare with other papers to appreciate the value we offer. A small sample, such as is furnished in **our booklet,** will give you but a slight idea of its appearance. To get the full pattern and samples of the border and ceiling as well, **you should send 25 cents for the dealers' big book, or order direct from the catalogue** under our guarantee that the paper will prove entirely satisfactory or your money will be immediately returned to you.

In this illustration we have endeavored to give you some idea of the style of this paper, both the wall, border and ceiling, and nothing but the big samples will show you the real value we furnish. This is a new tapestry design on a pure Vernon green background, the rich combination of maroon and old gold colors in the set figures produces a striking effect. **The surrounding scroll is silver and green bronze,** affording a harmonious contrast. **This is one of the papers that is being offered by the most fashionable city dealers,** and such a paper as you will not find in country towns. The heavy 18-inch border is decorated similar to the wall paper, with very large free hand gold and silver scroll effects, the colors running from a dark Vernon green to a soft shade of light nile. The ceiling is a rich light nile green, relieved by **beautiful red, gold and silver scroll effects.**

WATCH, DIAMOND AND JEWELRY DEPARTMENTS.

WE WANT YOUR ORDERS FOR EVERYTHING IN THE WATCH, DIAMOND AND JEWELRY LINE.

WE CALL SPECIAL ATTENTION to our very complete lines of Watches, Diamonds and Jewelry, goods that will appeal to the most refined taste. There is perhaps no other merchandise in which so much reliance must be placed upon the dealer. Confidence must be had when buying watches and jewelry, and to inspire that degree of confidence in us

WE GUARANTEE EVERY ITEM AS REPRESENTED OR WE WILL CHEERFULLY REFUND YOUR MONEY.

IN WATCHES ESPECIALLY we acknowledge no competition. Our watch department is the largest and most complete in the world, and our prices by reason of our purchasing power are the lowest of any, quality considered.

SEARS, ROEBUCK & CO.'S Special Watch Movements are the perfection of mechanical skill, made especially for us after our own original design and in such large quantities that we get them at a price which enables us to sell them to you at what other dealers very often ask for cheap and unreliable watches.

OUR GUARANTEE. With every gold filled, silver or solid gold watch we give a certificate of guarantee. With gold filled watches the certificate guarantees the case to wear and keep its color for two, five, ten, twenty or twenty-five years, and the movement to be an accurate timekeeper for five years. This guarantee is given in addition to the guarantee which is fitted in the back of the watch case. As to the value of our guaranty, we will refer you to the first page of this book under the head of OUR RELIABILITY.

TERMS. While nearly all of our customers send cash in full with their orders and we recommend sending cash in full with your order, for in this way you will save the small charge of 25 to 50 cents that the express companies ask on C. O. D. shipments, for those who prefer this method of shipping we make this special C. O. D. offer: **On receipt of 50 cents we will send any watch to any address by express C. O. D., subject to examination.** You can examine the watch at your express office and if found perfectly satisfactory, exactly as represented, then pay the express agent our price and collection and express charges, less the 50 cents sent with the order. If the watch is unsatisfactory, return it to us and your 50 cents will be refunded. While we are perfectly willing to send any watch to anyone by express C. O. D., subject to examination, on receipt of only 50 cents deposit, **we urge our customers to send cash in full with their orders,** always with the understanding and agreement that if the watch is not found perfectly satisfactory, it can be immediately returned to us and we will refund the money.

OUR PRICES. In Watches and Jewelry we buy EVERYTHING direct from the manufacturers in large quantities for spot cash. As we sell for cash, having no bad debts, we are satisfied to sell at prices which the retailer pays, and, on a large per cent of goods, for much less money.

MAIL SHIPMENTS. We recommend sending Jewelry, Watches, etc., by mail, as it is perfectly safe and far the cheapest. Postage is 1 cent per ounce. A watch packed for shipment weighs from 6 to 8 ounces; chains, rings and other small articles of jewelry about 2 ounces. Packages amounting to $1.00 or over should be registered, which costs 8 cents extra, as this is the safest method. Be sure to send enough for postage, and if any balance remains we will return it to you.

EXPRESS SHIPMENTS. 25 cents will carry any watch to any part of the United States by express.

NOTICE. We sell our watches only in the combinations quoted in our catalogue and will only supply the case and movements as quoted under each watch.

ENGRAVING. Cash in full must accompany all orders when goods are marked with engraving. We charge for engraving in script on jewelry, watches, etc., 2½ cents per letter; in old English, small, 5 cents per letter; small script monograms on jewelry, etc., from 25 to 75 cents. In writing orders when goods are to be engraved, write or draw plain letters, so as to avoid mistakes. We cannot exchange goods after they have been engraved.

REGARDING ENGRAVINGS ON WATCH CASES. It sometimes happens that we are out of the exact engraving on watch case ordered, but we aim to carry exact designs. When the exact engraving cannot be had, we always have a very similar one, which we will take the liberty of sending rather than delay your order. It being understood, you can return same if not perfectly satisfied.

WATCH REPAIRING. We have a thoroughly equipped mechanical department, which is fitted with all of the latest tools and appliances for the repairing of all kinds of watches. We have a large force of thoroughly skilled watchmakers under the supervision of a very competent foreman, and any watch sent to us for repairs will receive very careful and prompt attention. Our charges are about one-half what is usually charged by the retail dealers, but the work will be done in a very superior manner. We cannot give an accurate estimate of the cost of repairs without a thorough examination. Our charges are merely enough to cover cost of material and labor. None but a thoroughly competent watchmaker should ever take a watch to pieces, for the chances are that he will ruin it. In sending a watch for repairing be sure to send it by registered mail; mark on the outside of the package your name and address, and write us at the same time that you have done so, giving full explanation regarding trouble with watch.

REMEMBER that your watch should not run longer than one and one-half years without having the old oil cleaned off and fresh oil applied. This must be done at the expense of the purchaser. Our charge for cleaning and oiling a watch is 75 cents. The regular retail price is $1.50.

WATCHMAKERS' TOOLS ....AND MATERIALS

For want of space we can illustrate only the most useful and desirable, and we have been compelled to reduce the illustrations in order to illustrate what we do. The goods, however, are all of standard make and size, **and of the best quality. We will be glad to quote prices on watchmakers' lathes, chucks, etc.** If there is anything you want that you do not find illustrated, send us your order, enclosing market price for same, and give an accurate description. If you do not know what the cost is, be sure to enclose enough, and we will return what is left. We will be glad, however, to quote prices, if you desire, before ordering. **When ordering material for repairs, always send a sample if possible.** If not, fully describe the size and make of watch or clock for which parts are intended.

A BIG CUT IN WATCHMAKERS' TOOL SETS PRICES.

OUR COMPLETE WATCH TOOL SET, PRICE $7.50.

THE TOOLS AND IMPLEMENTS we herewith illustrate are the most necessary in the equipment of a watchmaker's kit. Every one of them performs important work, making it absolutely necessary to have at least as great a selection as we illustrate in our complete set. The material of our tools is made of the very finest procurable; the most expert toolmakers, skilled in their art, the only ones employed in the production of this merchandise. **EACH TOOL goes through a rigid inspection before leaving our establishment,** so that we are assured of them being received by our customers in perfect condition. Our mechanics here who do our watch work use our own manufacture of tools and the work done by us is excelled by none. **This set for $7.50 consists of 36 separate and distinct pieces.** Any man of average mechanical skill can learn to rectify the majority of causes that make a watch stop. The set not alone includes tools necessary for watch repairing, but likewise includes a complete set of tools for silverware, jewelry and clock repairing. **We know that you would not fail to be pleased with your purchase if you conclude to favor us with an order for one of these wonderful watchmakers' and jewelers' sets.**

No. 4T2

Far better than ever and yet only 84 cents.

A gentleman's stem wind watch for 84 cents.

This is a nickel plated metal watch, stem wind and pendant set, regular 18-size, open face case. A patent lever movement, and runs 30 to 36 hours with one winding.

Guaranteed American made and a very good timekeeper; movement is strong in construction, and will stand much rougher usage than a finer and higher priced watch.

Remember your boy with one of these 84-cent watches. Nothing will please him better. 84 cents is little money and far less money than the watch can be bought for elsewhere.

THE PADISHA.

Manufactured by the New England Watch Company.

AT $1.27 THIS NEW ENGLAND WONDER. A genuine American made watch. It runs thirty to thirty-six hours with one winding and keeps good time. It is stem wind and stem set. If properly handled and cared for it will last for years. The case is plain polished nickel plated. The movement is one of the most simple known. It comes in both nickel and gilt, has the duplex escapement, both pivots fitted with genuine jewels. While we do not guarantee this watch for the price, $1.27, we know you will be entirely satisfied.

$2.10 ALASKA SILVER ALL AMERICAN OPEN FACE WATCH.

No. 4T4

$2.10

$2.10 FOR AN AMERICAN STEM WIND AND STEM SET nickel movement and American case, we believe is a LOWER price than was ever before quoted by any house in any quantity, and making this price of $2.10 on an all-American watch, one that can be guaranteed for time and for wear, we feel sure will insure us an immense trade. For this reason we have contracted with the manufacturer for a very large number of these watches, which alone makes it possible for us to make this $2.10 price.

UNDERSTAND, IN THIS WATCH AT $2.10 you have both in the case and in the movement a strictly up to date American Watch, one that is guaranteed for wear, guaranteed for timekeeping qualities, and such a watch as has never before been shown at anything like the price.

ALASKA SILVER CASE.

THIS HANDSOME CASE AS ILLUSTRATED is what is known as ALASKA SILVER. It is a composition of several metals, giving the watch the appearance of coin silver; and in fact, it is in appearance and in every way except intrinsic value the equal of coin silver. It will wear and retain its coin silver color for a lifetime. It is handsomely finished as shown in illustration, in a CORRUGATED PATTERN with fancy heavy beaded edge. It is open face full 18-size, stem wind and stem set, and is fitted with a heavy bevel edge crystal.

AT $2.10 WE FURNISH THIS CASE COMPLETE WITH MOVEMENT in what we call snap back and snap bezel. The front and back snap on.

MOVEMENT. WE FURNISH IN THIS WATCH AT OUR SPECIAL PRICE OF $2.10 a 7-jeweled solid nickel stem wind and stem set movement. These movements are made by the New York Standard Watch Company, of Jersey City, N. J. Every movement is guaranteed by the manufacturers for five years, and they issue a five-year guarantee with the watch.

OUR SPECIAL AND HERETOFORE UNHEARD OF PRICE OF $2.10 COMMENDS THIS WATCH to all those who require a reliable timepiece and American case that will not tarnish, for very little money, and $2.10 is a price based on the actual cost to produce, with but our one small profit added.

NO. 4T7 SAME WATCH AS ABOVE, with the case hinged in front and snap back, $2.20.

We recommend this hinged or jointed front case at $2.20.

The 10 cents additional which we charge you is the exact difference in the cost to us, and we believe the watch is well worth the difference.

MOON CALENDAR WATCH.

$8.65

No. 4T14

This watch is made in Switzerland and is a mechanical wonder, but at the same time is offered at a price which is within the reach of all.

The case is solid silver, beautifully engraved, and fitted with heavy beveled edge glass.

The movement is stem wind and stem set, patent lever escapement, jeweled bearings, and in addition to being a complete timepiece, it is also a COMPLETE CALENDAR, indicating the day of the week, day of the month, month of the year, and the changes of the moon. At the same time it is so simple that it is not more liable to get out of order than an ordinary watch. It is fully guaranteed by both the manufacturers and ourselves.

We can furnish it in open face only.

18-SIZE GENTLEMEN'S WATCHES.

OPEN FACE AND HUNTING STYLE. MADE IN ELECTRO PLATE, SILVER PLATE, GOLD FILLED and SOLID SILVER.

OUR GOLD FILLED WATCHES.

The cases on these watches are made of gold filled stock, two solid gold plates soldered over a plate of composition metal, thus making the case solid gold on the outside and solid gold on the inside. They are manufactured by the Philadelphia Watch Case Co., of Riverside, New Jersey. They are warranted by the maker for the term of two or five years, according to the thickness of the gold plates used.

$2.39 TO $6.58

We give with each watch sold our own guarantee, to substantiate and verify the manufacturers'.

OUR SOLID SILVER CASES

We guarantee to be pure coin silver through and through, and give our written guarantee to that effect.

Electro Plated and Silver Plated Cases

These cases are made by the electro plating process. This is the cheapest known process of plating and we do not guarantee the wearing ability of them. They may wear for one month or six. We offer these electro plated and silver plated cases for just what they are.

These cases are often used by unscrupulous merchants and fake concerns and offered as "high grade gold filled and solid silver," but we tell you plainly just what they represent.

THE ONLY 4½-OUNCE SILVERODE CASE MANUFACTURED IN THE WORLD.

No. 4T62

$2.65

WE HAVE THEM. YOU CANNOT BUY THEM ELSEWHERE.

WE GUARANTEE this case to weigh 4½ ounces without the movement. An extra heavy silverode watch is often called for by men who are engaged in heavy work, and to supply this demand we have had make this extra heavy 4½-ounce dust and damp proof silverode case. This case is made to stand 800 pounds strain; in other words, your movement is safe in this case, no matter what might happen. The composition of this watch is of the best grade of silverode composition metal, in every way except in intrinic value, the equal of coin silver. It is guaranteed to wear and retain its perfect coin silver color for a lifetime. This case is open face, screw back and bezel, dust and damp proof. Our special price, $2.65, includes this case and a 7 jeweled stem wind and stem set quick train movement manufactured by the SETH THOMAS WATCH COMPANY and stamped CENTURY. Guaranteed by a written guarantee for five years, but with care will last a lifetime.

AT $3.85 fitted with the 17 jeweled Locomotive Special, exactly as illustrated and described.

LOCOMOTIVE SPECIAL. American manufactured movement, 18-size, elaborately damaskeened nickel and gilt movement; ruby jewels in raised settings, train, straight line escapement, exposed pallets, compensation quick balance, stem wind and set, hard enameled dial, locomotive on movement and dial and movement stamped "17 jewels adjusted." Has the appearance of a $25.00 railroad movement.

ORDER ONE OF THESE WATCHES and if you don't find it in every way as described, return it and we will refund your money. We can fit in this case any movement you desire as quoted below:

18-SIZE, OPEN FACE, SOLID BACK, SWING RING.

Guaranteed for 20 and 25 Years' Continuous Wear.

THE ILLINOIS WATCH CASE CO., of Elgin, Ill., manufacturers of these cases, contracts to replace with a brand new gold filled case of same style and grade, any one of their cases worn through to the base metal within 20 or 25 years.

THE SWING RING a new improvement on gold filled cases, making it possible to produce an absolutely dust and damp proof watch case. You can examine the movement in a swing ring case without difficulty. See illustration. The front or bezel screws off. The back is solid, made of one piece. The movement is fastened in the center ring which is securely joined to the case by a strong hinge. To examine the works, lift up the swing ring (illustration shows the ring partially lifted), to replace in case, let ring drop back in first position, and screw on bezel.

OPEN FACE, SCREW BACK AND BEZEL OR HUNTING STYLE CASES.

GOLD FILLED WARRANTED TO WEAR and retain their solid gold appearance for the period of 20 years. Our written binding guarantee goes with every watch we sell.

HOW OUR GOLD FILLED WARRANTED 20 YEARS CASES are made. Two thick sheets of solid gold, heavy enough to wear for the given time, are soldered over a layer of extra stiffened composition metal, making a case equal in wearing ability to that of solid gold. By this method of manufacturing we offer you a case solid gold outside and solid gold inside.

$9.25 to $13.95 for Complete Watch.

$9.25 for our celebrated high grade, 10 RUBY JEWELED EDGEMERE MOVEMENT, fitted with any one of the handsomely engraved open face cases, illustrated here.

$11.55 for the same high grade movement, fitted in the same grade of designed case, hunting style.

THE 12-SIZE WATCH is the most popular size made. It does not require a large size watch to get correct time. You need not weigh down or bulge out your pockets. You get the accuracy, quality and size most convenient.

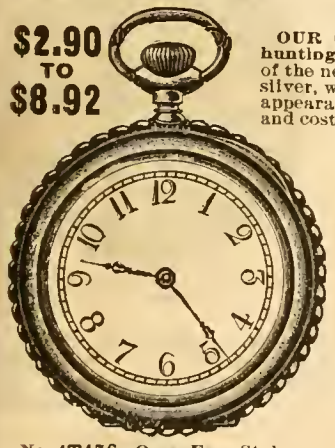
6-SIZE SILVERINE. OPEN FACE OR HUNTING STYLE.

$2.90 TO $8.92



SOMETHING NEW.

OUR 6-SIZE SILVERINE WATCHES in hunting and open face style. Silverine is one of the newly compounded metals. It looks like silver, wears like silver, has the same color and appearance as silver, but is very much tougher, and costs less. At $2.90 to $8.92 we are offering these silverine ladies' watches.

WE HAVE HAD MANY INQUIRIES

for this sort of a watch and have sold by letter a great many of them. This prompted us to have made for us a large quantity at a price that we heretofore have been unable to get. We are thus able to offer these astoundingly low figures.

THE MOVEMENTS

are all representative makes, each one of them is guaranteed an accurate timekeeper and

REDUCED FROM . . .

$8.50 to $6.85

20 YEARS

FOR $6.85 THIS YEAR, THE SAME WATCH QUOTED LAST YEAR AT $8.50. This is a price much lower than the jobber who supplies your regular dealer buys them it. Last year the sale for these watches was so great that we were able to make a new contract, in which we take the entire product of the factory, at a cost less than ever heard of before.

VERY CASE MADE TO OUR OWN SPECIFICATIONS AND DESIGNS. The factory that makes them is the largest and most reliable watch case manufacturer in America. The concern has the reputation for the manufacture of the highest grade gold filled cases. Their name alone is a guarantee for quality.

WE SAVE YOU ONE-HALF IN PRICE. Our price to you is based on the actual cost of material and labor, with only our one small percentage of profit added. Three profits are saved and you own the watch on the basis of actual cost to make, with but one manufacturing profit added.

YOU ARE PROTECTED BY A WRITTEN GUARANTEE WITH ANY OF THESE WATCHES YOU PURCHASE OF US . . .

DESCRIPTION OF CASES. Made of two plates of solid gold over fine hard composition metal, are thoroughly well made in every respect and beautifully engraved. They are warranted by certificate of guarantee, which accompanies every case (see copy of guarantee in picture) to wear and retain their color for TWENTY YEARS. So far as finish, quality and design are concerned there is nothing made that will surpass them. You must not get the impression on account of the low price that they have an appearance of cheapness, for such is not the case. They are in appearance, style, finish, durability and service, equal to any case made.

MANY CUSTOMERS of ours own one of these watches. They are satisfied in every way. We know you would be. We know by actual test exactly what these goods are and so can conscientiously recommend them to you.

LADIES' 6-SIZE 10-KARAT GOLD FILLED CASES.

AT $7.35 YOUR CHOICE OF CASES, ANY ONE ON THIS PAGE, FITTED WITH THE NEW YORK STANDARD MOVEMENT.

GUARANTEED BY THE MAKER FOR A TERM OF TWENTY YEARS.

THE OLDEST MANUFACTURERS of gold filled cases, claim that a gold filled case such as we illustrate is equal to any solid gold one manufactured, except in intrinsic value. The name of Sears upon any gold filled case and signed by the manufacturer is a guarantee of its perfection and durability. Twenty years is practically a lifetime, but we believe with the wear that the average lady gives a watch, they will last 40 years.

OUR WRITTEN BINDING GUARANTEE goes with each and every watch we sell; the manufacturer likewise warrants them to be exactly as represented.

THE MOVEMENTS we fit in these watches are the best in the land, positively none better. We guarantee them to you for a term of five years against defective material or workmanship.

FOR TIMEKEEPING QUALITIES, for a watch that is a happy medium size, and for a watch that is recognized as the correct thing, we can recommend the 6-size cases manufactured by Joseph Fahys, Sears, John C. Dueber and Illinois Watch Case Co. Giant have no superiors.

IF YOU WILL go over our prices carefully, compare them with the prices on these goods asked by dealers everywhere, you will not only send us your order but you will wonder how we can make such remarkably low prices.

LADIES' 0-SIZE GOLD FILLED WATCHES.

GUARANTEED FOR TWENTY-FIVE YEARS' WEAR.

MANUFACTURED BY THE MOST REPRESENTATIVE GOLD FILLED CASE MANUFACTURERS IN THE WORLD.

THE QUALITY OF THESE CASES is the highest. They are 14-karat gold filled, guaranteed to wear for a term of 25 years. Nothing superior made. No case better in the market. They lead them all. The size is the very latest and best adapted for ladies' use. The designs are artistic copies of the highest grade solid gold patterns. The general finish is the same as in solid gold. They are hand engraved throughout. The antique bow and crown, lips and joints are perfect in every detail.

THE GUARANTEE GIVEN: Each case is warranted by the maker, and we send, together with this, our own special binding guarantee.

THE NEW SEARS CASE has the perfections of all with the faults of none. You cannot make a better selection. You cannot have a higher grade gold filled case. You will have a watch that will satisfy you. Two heavy plates of the finest grade of 14-karat gold overlying an extra stiffened composition metal makes the Sears case positively, with no exceptions, one of the highest grade and best watch cases ever placed upon the market. Remember, the cheapest is not always the best, but we claim our Sears case is without a question the best. **At $11.60 for a Sears case, our 15 jeweled Edgemere movement,** as shown in illustration, gives you a watch case of the highest grade and a movement with accurate time keeping qualities such as could not be procured for double the price.

$7.60 TO $13.20 LADIES' 0-SIZE 10-KARAT GOLD FILLED WATCHES $7.60 TO $13.20

GUARANTEED FOR 20 YEARS.

AT $7.60 TO $13.20 according to the prices listed below, we offer these handsome, beautifully engraved, guaranteed watches, made by the most responsible and representative manufacturers, at prices that are below any kind of competition. At $7.60 to $13.20, according to the movement selected, you can buy from us a ladies' 0-size, 10-karat case, 20-year guaranteed watch, the equal of what would cost you elsewhere 20 to 30 per cent more money.

EVERY MOVEMENT WE OFFER IS HIGH GRADE. Our Edgemere movement cannot be excelled. It is the very latest design and highest grade, and perfect in every way.

EVERY CASE IS A GEM OF THE ENGRAVER'S ART, and we call special attention to the handsome SEARS' CASE, as shown below. Every case represents a standard for quality. Whether you select a Dueber, Fahys, Sears or Giant case, you cannot make a mistake. We would not handle them if they were not high grade as represented. There are no better cases made. We can save you so much money on these watches because we buy the cases and the movements direct from the manufacturers in the largest quantities. They do not go through the usual change of hands and continuous profits from manufacturer to jobber, to retailer, etc., as is usual with watches handled by the ordinary methods. Our volume of sales enables us to ask a smaller margin of profit than other dealers can be content with.

TRY TO DUPLICATE these watches anywhere you please and note the difference in price in our favor. All we ask is a comparison of our goods and prices. Do not forget that our written binding guarantee together with that of the manufacturer goes with every watch sold. Understand, while you must send the full amount of cash with your order, if the watch when received does not prove entirely satisfactory in every way, you can return it to us and we will immediately return your money.

12 CENTS WILL CARRY ANY ONE OF THESE WATCHES TO ANY PART OF THE UNITED STATES BY MAIL. 25 CENTS BY EXPRESS.

$12.75 FOR THIS LADIES' 10-KARAT, SOLID GOLD, OPEN FACE MINIATURE CHATELAINE WATCH. BEAUTIFULLY ENAMELED AND DECORATED.

The Latest Development in Watch Ornamentation. A Genuine Work of Art.

From this small illustration, which shows the exact size of the watch, you can form some idea of its dainty appearance, but no picture can do justice to the beautiful enamel and decorative effects.

THESE WATCHES, though miniature in size, are good timekeepers. They are made of solid gold, beautifully enameled in colored enamels, either ruby red, turquoise blue, sapphire blue or emerald green, as desired. **On the back of each watch is an exquisite enamel miniature picture of some woman famous in history.** The fidelity with which the portrait likeness is carried out in the natural colors of flesh, the garments, hair, head dress, etc., is something wonderful. The enamel is of the very best quality, warranted not to peel or chip off.

THE MOVEMENTS used in these watches are imported from Switzerland. They have seven fine garnet jewels, polished pivots and adjusted cylinder escapement movement, perfectly finished and adjusted train, well oiled, well timed and each watch perfectly regulated before leaving the house.

AS A BEAUTIFUL GIFT FOR A LADY, a perfect timepiece, and at the same time a handsome piece of jewelry, nothing could be more suitable or would be more appreciated than one of these genuine, miniature, solid gold, enameled and decorated watches, and at our price of **$12.75 for the complete watch,** exactly as illustrated and described, it is a value not to be approached elsewhere.

At 75c PHOTOGRAPHS ON WATCH CASES AND DIALS.

The above is a sample of photograph work on the cap in back of watch.

An ever present reminder of your relatives or friends, in the form of a photograph on the dial or back cap of your watch, at a trifling expense. The work is done by the Photographic Enamel Process, and is as perfect in detail and finish as the best cabinet photographs, and with ordinary care will last forever. **Remember to state plainly where the picture is to be placed, back cap or on dial.** No extra charge for group if the pictures are all on same photo. When group picture is wanted and pictures are on separate photographs, add 75 cents for each extra figure. Send us your watch by mail or express, carefully packed in a small strong box, well wrapped in some very soft material (cotton batting or similar substance is best), together with a photo to copy from (size makes no difference). As soon as the work is done we will return the watch and picture uninjured. It usually requires about a week or ten days after we get the watch and picture to complete the work.

THE SEARS CASE IS THE NEWEST AND BEST QUALITY GOLD FILLED CASE ON THE MARKET.

THE METHOD OF MAKING.

The designs, finish and wearing ability is superior to any gold filled watch sold by others. We recommend them to all of our customers who want the best gold filled watch on earth.

READ THIS. THE METHOD OF MAKING THE SEARS CASE. Two sheets of solid gold are hard soldered over a heavy sheet of extra stiffened composition metal, thus producing one solid sheet, from this sheet our Sears gold filled cases are made. They are warranted gold filled, solid gold on the inside and solid gold on the outside. The 10-karat quality is guaranteed for a term of 20 years hard wear and 25 years on the 14-karat.

SOLID 14-KARAT GOLD WATCHES.

GENTLEMEN'S SOLID GOLD WATCHES ARE MORE POPULAR THAN EVER. Their popularity being due to the fact that our price today, for a solid 14-karat gold watch is as low as what dealers formerly sold low quality gold or gold filled watches at.

IN ARTISTIC DESIGN, WORKMANSHIP AND FINISH OUR GOLD WATCHES EXCEL THE MARKET; our efforts in purchasing not being entirely for securing low prices, but to secure the finest quality of a gold case in addition. OUR WATCHES ARE SOLID, 14-KARAT GOLD THROUGHOUT, GUARANTEED UNITED STATES MINT ASSAY. We do not handle any lower quality of gold case than 14-karat.

IN BUYING A SOLID GOLD WATCH YOU HAVE AN ARTICLE OF INTRINSIC VALUE on which money can be realized much easier than on any other article of merchandise; and when you consider our very low price on our one small profit plan, direct from manufacturer to consumer, we know you can always obtain very near the full value of your watch when disposing of it.

This is the picture of our 18-size **SEARS, ROEBUCK & CO.'S** SPECIAL, specially adjusted 17-jeweled movement. Note prices quoted. We are cheaper by 33⅓ per cent for the same grade of movements sold by others.

Every Gold Case we sell is stamped: "Warranted 14-Karat U. S. Mint Assay."

The EDGEMERE has 12 extra fine ruby jewels. We know it keeps accurate time. You will be satisfied with it.

12 AND 16-SIZE THIN MODEL SOLID GOLD 14-KARAT WATCHES.

AT $24.50 OR $25.75 OPEN FACE OR HUNTING STYLE. The latest 12-size solid gold 14-karat, warranted United States Assay. The case is fitted with a genuine Elgin or Waltham 7-jeweled grade movement; GUARANTEED AN ACCURATE TIMEKEEPER FOR A TERM OF 5 YEARS. THE 12-SIZE WATCH IS THE LATEST SIZE MADE, and is the smallest gentlemen's size, a size larger than the largest ladies size, the most popular size used in large cities.

IF YOU DESIRE A SMALL SIZE WATCH, one that does not weigh down your pocket, one that is not bulky and is an assured timekeeper, BUY THE LATEST 12-SIZE WATCH.

PRICES POSITIVELY LESS THAN WHOLESALE.

OUR 10-JEWELED EDGEMERE MOVEMENT FITTED IN ANY ONE OF THESE 14-KARAT SOLID GOLD 12-SIZE CASES at $24.30 to $38.05, means a price equal to 40 per cent less than your local dealer asks for an inferior watch.

AT $26.80 we offer our solid gold 16-size latest model watch, fitted with our new 12-jeweled Edgemere movement.

$26.80 IS THE PRICE OF THE WATCH COMPLETE.

REMEMBER: We carry nothing but 14-karat quality in our solid gold cases.

LADIES' SOLID 14-KARAT GOLD 6-SIZE WATCH FOR $14.30.

JOBBERS AND DEALERS CANNOT UNDERSTAND how we are able to make the price. We are positively selling them cheaper than what they buy them for. Order one and be convinced. The goods are exactly as represented in every detail. None but the genuine article sent. $14.30 for a solid gold 6-size case, 14-karat fine, fitted with the New Standard movement. American made; has 7 jewels. Well finished in every respect and is a good timekeeper. At $14.30 it means a saving to you of no less than 50 per cent.

HOW WE DO IT AT THE PRICE. The story is easily told. We buy cheaper, our expenses for handling are less, and we are satisfied with smaller profits than others. Remember, $14.30 to $37.00 are the prices on these watches, according to grade of movements. You can make money buying from us and selling the goods. When you buy a watch from us, you positively are buying it at wholesale prices.

IF YOU ARE NOT CONVINCED, if you do not believe we can give you the watch we describe for the money, order the watch, be careful to give the exact catalogue number and movement wanted, and if you do not find after thorough examination, by comparing it with any of your friends' watches, by comparing it with any watch in any jewelry store, the

BEST AND CHEAPEST SOLID GOLD WATCH FOR THE MONEY

you ever saw or heard of, return it and we will immediately refund your money.

DESCRIPTION OF CASES. These cases are stamped as follows: "Warranted 14-karat U. S. Assay." They are solid through and through. You are not taking any risk whatever. The engraving is handwork, the finish and designing the latest and best. Antique bow, crown and stem used. These cases are up to date, new and fasty.

WANT JEWELERS, GENERAL MERCHANTS WHO HANDLE WATCHES, AND EVERYBODY TO SEND US THEIR WATCH REPAIRS.

WILL PAY THE JEWELER better to send his repairs to us and have the work properly done, with new material of the right kind, than to patch up the job with old material, soft solder or material which does not fit, as is the custom where there is not a large stock of selected material and a good outfit of tools at hand. We have a large force of skilled watchmakers who are thoroughly experienced in all kinds of compli- watch repairs, with a very large stock of material, with parts of all the different makes and sizes of watches at their command, which enables them to re- a broken watch to condition equal to new. Each workman has a complete and very expensive set of tools, and in addition to these the workroom is fitted many special machines which are indispensable for many kinds of work. After the necessary repairs have been made, each watch is carefully inspected regulated by the foreman, who is an expert in his line. Our prices being from one-half to one-fourth the regular prices, there is a large profit left for the er or an equal saving to those who send their watches to us direct.

MEMBER that a watch should not run longer than one and one-half years without having the oil cleaned off and fresh oil applied. The balance wheel of all modern watches makes 18,000 beats per hour, 432,000 per day or 157,788,000 per year. An engine or sewing machine will be oiled ral times per day, but we have known people to carry a watch for ten years without having it cleaned or fresh oil applied. Usually, a movement thus ted is of no value, being entirely worn out. Take good care of your watch if you wish it to perform its duty properly, for it is a very delicate machine. charge for cleaning and oiling is 50 cents. The regular retail price is $1.50. We give below a list of charges for repairs which will be subject to change in cases.

EN WATCHES are sent with instructions to put them in good order we will do everything necessary to put them in good running dition, but when the instructions are to repair a certain particular part of a ch, the repairs will be strictly confined only to the part or parts specified we cannot hold ourselves responsible for anything further that may be essary to insure correct running of the watch. In sending any part of a ch, if your intention is to fit same yourself, do not instruct us to fit same, kindly use the word "select." This prevents misunderstanding your wishes. f an idea of the cost of repairs cannot be obtained from the above list, the watch to us and on receipt of same we will examine it, quote cost of iring and hold for instructions. **SHIPPING DIRECTIONS**—When ping watches or jewelry for repairs or exchange, mark plainly as follows: ERS, ROEBUCK & CO., Watch Repair Dep't, Fullon, Desplaines, Wayman and Jefferson Sts., ago, Ill., and in upper left-hand corner put your own name and address, prefix- he word "From." Also inclose a card in the package with your name and ress and state that the watch is for repairs. At the same time write us a r stating that you have sent a watch (by mail or express) for repairs, what irs you want made, or that you wish us to quote cost of repairing.

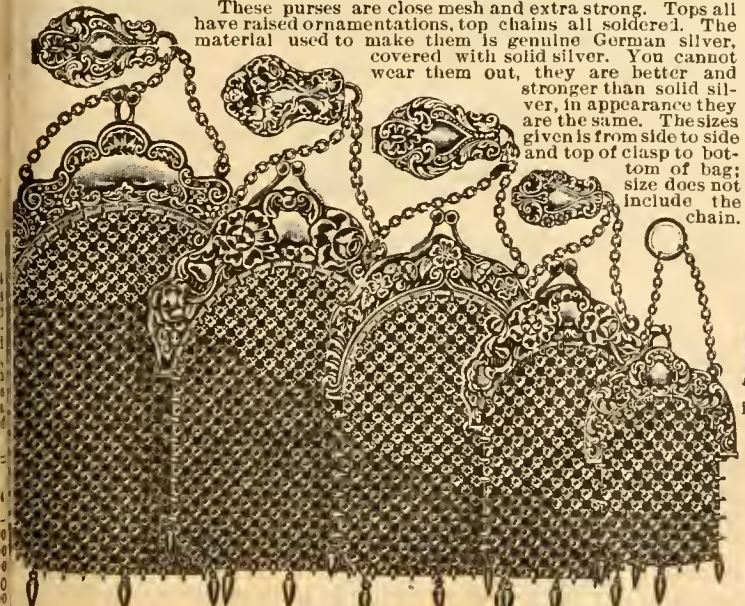
PACKING FOR SHIPMENT. Watches should be wrapped in some soft material (cotton batting is good), and packed in a strong box, about 2x3x3 inches. If more than one watch, the box should be larger.

CASH WITH THE ORDER must be sent for all repair work. If you do not know what the cost will be, send what you think will more than cover it and we will refund the balance. If to be returned by mail, send 7 cents for each watch for postage and 8 cents extra for registry.

WE BUY OLD GOLD AND SILVER and pay the highest market price, namely, 18-karat gold, 72c; 14-karat gold, 56c, and 10-karat gold, 40c per pennyweight. Silver fluctuates in value, but at the present time is worth 50c per ounce.

DO NOT NEGLECT to write your name and address on upper left hand corner and in any packages you send to us. As we receive hundreds of packages daily, failure to follow our instructions might cause trouble in identifying your package.

LADIES' SILVER FILLED PURSES.



These purses are close mesh and extra strong. Tops all have raised ornamentations, top chains all soldered. The material used to make them is genuine German silver, covered with solid silver. You cannot wear them out, they are better and stronger than solid silver, in appearance they are the same. The sizes given is from side to side and top of clasp to bottom of bag; size does not include the chain.

SOMETHING ABOUT OUR HIGH GRADE GOLD FILLED CHAINS.

GUARANTEED FOR 10 AND 20 YEARS. The stock is gold filled. The same process in making the stock for our gold filled chains is used by the gold filled case makers throughout the country. The gold filled wire used on these chains is manufactured by filling in a solid gold tube with base metal, thus producing a tube solid gold all around with a filling of a specially compounded material. This tube is drawn down by draw plates to the size desired, then cut up into small pieces and made into links.

The designs are simple and practical, copied from solid gold ones. In finish and general appearance they are exact counterparts of the finest 14-karat solid gold chains made.

The soldering. Most of these chains are soldered. That is, every link is closed and then hard soldered with solid gold solder, where necessary. When chains are not soldered we state the fact under the illustration.

The finish. So as to produce that beautiful, solid gold effect, all flat links are lapped upon an emery charged lap wheel, thus producing fine, sharp corners and perfectly smooth sides and angles.

Length of chain. All chains shown on this page are of regulation length, about 12 inches. The best bar, swivel, and drop attachment for charm used on every chain.

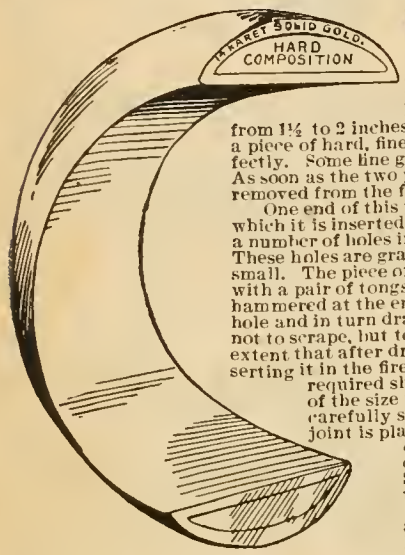
GOLD FILLED RINGS AND SILVER, GOLD FILLED AND SOLID GOLD THIMBLES

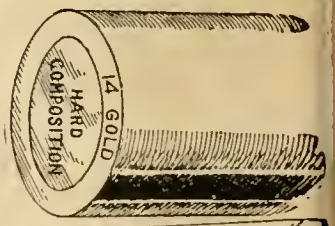
HOW GOLD FILLED RINGS ARE MADE

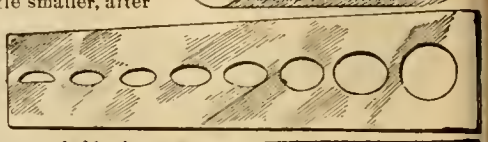


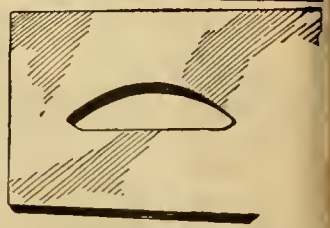
WE offer you here a page of gold filled rings. We believe it would be interesting to you and much more satisfactory before making a purchase of a gold filled ring to know just how they are made. It would seem to the average person and even a mechanic that it would be a difficult problem to completely envelop a piece of hard composition metal with solid gold, and at the same time turn out and place the goods on the market at such a low price. The operation, however, is very easy when it is understood. To start with, a piece of solid gold tube from 1¼ to 2 inches in diameter is taken and the hole on the inside made perfectly smooth, after which a piece of hard, fine composition metal is placed on the inside of the tube so as to fit the opening perfectly. Some fine gold solder is now placed in the crevice and the whole is inserted in the furnace. As soon as the two pieces are heated sufficiently the solder flows into the crevice, after which it is removed from the furnace, and after it is cold the two original pieces are one.

One end of this piece is then hammered and drawn out, so as to make it a little smaller, after which it is inserted in what is called the draw plate, which is a long steel plate with a number of holes in it of such shape as the pieces which it is desired to make. These holes are graduated in size, at one end being very large and at the other end small. The piece of material to be worked on is inserted in the large hole first, and with a pair of tongs it is drawn through; this reduces the piece, when it is again hammered at the end to make it small enough to be inserted in the next smaller hole and in turn drawn through this. The edges of the holes are all polished so as not to scrape, but to press the metal. This drawing hardens the metal to such an extent that after drawing it through several times it would break easily. It is then annealed by inserting it in the fire and allowing it to cool gradually. After the piece has been drawn out to the required shape and size, one end is bent around a steel mandrel until it has formed a circle of the size the ring is to be made. It is then cut off at the proper place and both ends are carefully surfaced in order to bring them together and make a perfect joint, and on this joint is placed some fine gold solder and the ring inserted in a furnace sufficiently heated to cause the solder to flow into the joint. The ring is then polished carefully on a cotton buff wheel with tripoli and rouge, after which it is ready for the market. Solid gold rings are made in the same manner with the exception of the composition metal on inside.

The market is flooded with cheap brass rings which are electro gold plated, and are called rolled plate or rolled gold plate, and which are utterly worthless. In gold filled rings we handle nothing but the very best.







HOW TO DETERMINE THE SIZE.

Cut a strip of thick paper so that the ends will exactly meet, when drawn tightly around the second joint of the finger.

Lay one end on the diagram at O and order the size the other end indicates.

Crystalline Diamond Rings, Studs, Earrings and Brooches in Solid Gold and Gold Filled Mountings.

THE CRYSTALLINE DIAMOND. **A new and wonderful discovery of a chemist.** It surprised everybody, it is the nearest approach to the genuine diamond ever discovered. Only experts can see the difference between our Crystalline diamonds and the genuine diamonds from the Kimberly mines in Africa.

BRILLIANCY. Our Crystalline diamond looks like a diamond and wears like a diamond. At night it gives out a peculiar phosporescent light. Few genuine diamonds have this peculiarity at all.

WE SET MANY OF THESE STONES in the mountings ourselves. It is our especial care to see that every piece is carefully inspected for faulty stones or settings.

The stones used in this entire line are of the same quality. You cannot appreciate the perfection of the Crystalline diamond, nor can we describe or picture the beauties of this stone on paper.

YOU MUST SEE THEM TO UNDERSTAND THEM.

GENUINE DIAMONDS IN SOLID GOLD RINGS, LOCKETS, CUFF BUTTONS, LINKS AND SCARF PINS, AT EXTREMELY LOW PRICES.

Never before in the history of the jewelry business have such values in Genuine Diamonds, set in the highest class mountings and illustrated on this page, been offered.

OUR DIAMONDS. We import them ourselves, direct from Amsterdam, the greatest diamond market in the world. Our buyer makes this foreign trip twice a year. He buys them at the right place at the right price. You get the benefit of our purchasing power and knowledge, and only pay us our one small per cent of profit added to the actual cost of the goods.

ROSE DIAMONDS are of the same material as any genuine diamond. The difference between the rose diamond and any other is only in the cutting. Rose diamonds are cut with flat bottoms and faceted tops. When not stated "rose diamond in the description, the diamond is a regular cut brilliant.

FANCY COMBINATION RINGS.

GENUINE DIAMONDS, RUBIES, EMERALDS, SAPPHIRES, OPALS AND EXTRA FINE DOUBLETS SET IN SOLID GOLD 14-KARAT MOUNTINGS.

....THE DESIGNS IN OUR FANCY RINGS ARE MOST ARTISTIC AND BEAUTIFUL....

NOTE THE PRICES. They have never been quoted as low before—prices that we are able to give on account of importing not alone diamonds, but rubies, sapphires and opals from their native countries.

REMEMBER the stones are very carefully selected, carefully weighed, thoroughly inspected for flaws or blemishes, and we insure our customers receiving goods exactly as we represent and describe them in our catalogue.

IN REGARD TO THE DIAMONDS quoted below, where it does not state rose diamond, the diamond is a regular cut brilliant. The regular cut diamond is the most brilliant and, therefore, the most costly. These rings are especially adapted for engagement rings, presentation and graduation gifts.

WE CAN MAKE TO ORDER any designed ring desired, either cluster or single stones, at prices we guarantee the lowest of all competitors.

GENUINE DIAMONDS AND SOLID GOLD 14-KARAT MOUNTINGS.

UR REFUND EXCHANGE AND GUARANTEE CERTIFICATE.

ITH EVERY DIAMOND WE ISSUE A WRITTEN BINDING GUARANTEE

ith a further agreement that you can at any time return any diamond you ay select from this page, and exchange it for any other diamond or other rticle of jewelry at the same or a higher price.

E FURTHER AGREE ON THE RETURN OF ANY DIAMOND purchased from us with- 60 days of purchase, when so requested, to refund in cash your full pur- ase price and we further agree at any time after 60 days, on return of any amond to us, when requested to do so, to return your full purchase price ss 10 per cent.

OU CAN BUY A DIAMOND FROM US TODAY AT $4.10 TO $171.00

d you can keep it for three months or three years or longer, and if you so esire return it to us and we will refund you in cash the full amount of oney you paid us for it less 10 per cent.

IAMONDS ARE A SAFE INVESTMENT. You have the benefit of every advance in value and the guarantee at you cannot possibly lose more than 10 per cent.

OUR CASH REFUND PLAN MAKES THE PURCHASE of a diamond especially desirable, for it is a safe way of saving money. If you invest $100.00 in a diamond you know that at any time you can return it to us and receive in cash $90.00, being your net cash purchase price less 10 per cent. The same applies on any priced diamond.

OUR DIAMOND DEPARTMENT is under the direction of an expert in this line. We make our own mountings and do our own setting; so you are insured against the possibility of a diamond being chipped or cracked while being set by clumsy or inexperienced workmen. Every stone is carefully weighed in a pair of scales that drop to the weight of a hair, and you receive a diamond weighing exactly the weight quoted. In filling an order it will be sometimes necessary to send a stone which weighs a fraction more or less than the one ordered, but in such cases the price will be changed accordingly.

DIAMONDS, BEAR IN MIND, NEVER WEAR OUT. They are indestructible, except that by a chemical process they may be reduced to their primitive elements.

WE ASK A CAREFUL COMPARISON OF OUR GOODS with those shown by other concerns, which will do more toward showing the value we give than any other argument.

BEST QUALITY OUR SOLID GOLD STUDS, COLLAR BUTTONS AND LADIES' WATCH CHATELETTE PINS.

BEST QUALITY OUR SOLID GOLD single stone set studs are the nobbiest and most fashionable on the market, genuine stones being used, most brilliant and finest cut to be found, firmly set in solid gold settings, the same way as a diamond is set.

COLLAR BUTTONS we quote are the most staple patterns made. The quality, we know, will give absolute satisfaction.

If by mail, postage extra, 2 cents; registration 8 cents extra.

SOLID GOLD SINGLE STONE SET STUDS.

WE HAVE ADDED to our line of stud sets a very handsome gold filled line for negligee shirts. This stud set is made on the same plan as a small collar button, but is especially adapted for negligee shirt fronts. The designs we have selected are the ones used by our swell dressers in all large cities; simple but neat patterns.

STERLING SILVER NOVELTIES.

WE HAVE SELECTED NOVELTIES MOST APPROPRIATE FOR A GIFT OR PERSONAL USE.

In making a gift, we believe that it is best to give a useful article, so we have endeavored to list only such articles. All these goods are made of the finest sterling silver. The prices quoted are extremely low. Bear in mind that our novelties are all 925-1000 fine. The engraving and chasing is hand work. They are sufficiently heavy to be well able to stand continual usage. If goods are not exactly as described we always cheerfully refund money.

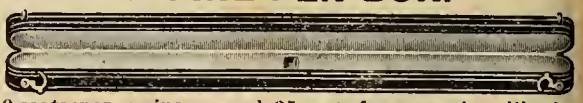
SOLID GOLD PENS AND PEARL HOLDERS.

MADE UNDER CONTRACT FOR US. THE SPECIFICATIONS ARE CARRIED OUT IN EVERY DETAIL.

OUR PENS AND HOLDERS. THE BEST ON THE MARKET. We know what is best in a pen and we know what is not. The manufacturer, following the exact details of our contract, produces for us, at a price cheaper by 25 per cent. pens that are worth 50 per cent more than the best pen sold by others. Pens are made first to write with. This is the great idea in making them. **Our pens write.** They will wear. We have them made of solid gold through and through, heavy and well tempered. The points of every one of them are tipped with genuine iridium (sometimes called diamond pointed). Iridium, a very hard metal, being applied at the writing point of a pen, gives it a wearing period of practically a lifetime. It costs many more times the price of gold, but a small amount is necessary to tip the points. **The pearl sticks, gold filled holders and noses are made and selected from the best stock to be purchased. Buy one of our pens and holders and you will not alone have a pen that will write, but will write well, and practically forever. WE WARRANT EACH ONE OF THEM.**

AT 10 OR 25 CENTS EXTRA WE WILL FURNISH A FINE PEN BOX.



10 cents morocoline covered, 25 cents for a genuine silk plush covered, lined with plush, with any pen you select.

PAUL E. WIRT FOUNTAIN PENS.

BEFORE LISTING A LINE OF FOUNTAIN PENS we have thoroughly investigated the mechanism of all makes, and have spared no pains to place at the disposal of our customers, the finest fountain pens manufactured. The construction of these pens is of such a simple and practical kind that it is utterly impossible for one of them to become out of order, and cause more trouble to the writer and destroy more copy than the entire thing is worth, instead of being a convenience making it in reality an absolute inconvenience.

THE PAUL E. WIRT FOUNTAIN PEN stands at the head without a peer. It is most simple and practical in construction as to operation and beauty of workmanship. Their popularity rests upon the fact that their ink feed device is the most perfect and simplest ever discovered. Do not buy inferior imitations, but get the original, genuine article. They are elegant, simple, clean and durable; every fountain is fitted with a 14-karat solid gold pen. Each one is warranted by the manufacturers, and we guarantee them to you personally to be the finest and most practical pen made.

OUR SILVERWARE DEPARTMENT.

THE GROWTH OF OUR SILVERWARE DEPARTMENT HAS BEEN PHENOMENAL.

THE REASONS. As silverware is sold on honor and confidence, we have only carried such makes as we know to be of such honest material and workmanship that there could be no question as to its wearing ability. When we sold an item we knew that it was going to give entire satisfaction in every particular.

THE MAKES OF THE GOODS WE OFFER: OUR SEARS, ROEBUCK & CO.'S FLAT WARE, are made under special contract. A full description and prices quoted on page 102.

THE C. ROGERS' SILVERWARE. Ask your jeweler or any other authority and he will tell you that there is none better. While it is a fact that there are a great many fake Rogers' brand of flat ware on the market and unscrupulous concerns offer them as the original and only Rogers' goods, playing upon the ignorance of the people, we stake our reputation on the goods of this brand we quote and offer you, so do not be misled by these fakirs and their trash silverware.

THE 1847 ROGERS BROTHERS' FLAT WARE. There can be no question as to the make of these goods. They are known from one end of the world to the other.

THE W. F. ROGERS. Manufactured by the C. Rogers, a new brand that they are putting on the market. We give our unqualified guarantee as to the merits of these goods, considering the price.

ALASKA SILVERWARE—A NEW DISCOVERY

THE CHEAPEST AND BEST FLAT WARE MADE The Alaska silverware is not plated, but is the same solid metal through and through, and will hold the same color as long as there is any portion of the goods left. Do not be deceived by any dealer who undertakes to sell you any of the numerous imitations of this ware, that are sold on the market for more money than we ask for the genuine. The genuine Alaska Silverware can be had only of us.

BEFORE TAKING HOLD OF THIS NEW DISCOVERY we left nothing undone to thoroughly investigate the properties of this metal, and to test the same in every conceivable manner, to satisfy ourselves that it was all that it was represented to be. After having made all sorts of experiments, and it stood all tests, we made a contract with the factory to handle the goods. It has now been about two years since we began to handle this line, and it has not only proved from experiment to be as represented, but with two years of actual service in the hands of many thousands of our customers, who send us the most flattering recommendations in praise of these goods, and with the rapidly increasing sales, we feel that we cannot recommend it too highly.

THE METAL IS VERY DENSE AND TOUGH, is almost as white as genuine silver, takes a beautiful polish and requires no care, as does silver plated ware. You can scrape kettles or pots, or subject it to any kind of service without fear of damage.

WE HAVE THIS YEAR ADDED A BEAUTIFUL ENGRAVED pattern, which is equal in appearance and artistic finish to any of the best silver plated or solid silver goods on the market. The engravings are as fine as can be made, the handles of an oval shape, and will be furnished at only a slight advance over the prices of the plain pattern. The immense quantities of these goods we handle, and the condition of our contract direct with the factory, puts us in a position to furnish this genuine Alaska Silverware at a slight advance over cost to manufacture.

Hereafter all these Goods, except the Knives, will be Stamped "Sears, Roebuck & Co.'s Alaska Silverware."

THESE AR high grad reliabl goods, and ou prices are muc below what usually asked fo equal grades.

IN ORDER THAT WE MAY GIVE OUR CUSTOMERS such value in strictly high grade silverware as they could not possibly get elsewhere, we have had made by one of the largest and most reliable silverware manufacturers in America, an immense quantity of strictly high grade triple plated silver knives, forks and spoons.

THE SILVERWARE is made after our specifications and each piece contains a larger amount of silver than is used on any other standard plated ware on the market.

THE DISPOSITION OF MANUFACTURERS has been to cheapen this class of goods and yet hold it at a higher price, and in order that our customers might have the very best, we have gotten these goods out under our own specifications; we know just the amount of silver that goes on every piece, we know we are perfectly safe in issuing a binding guarantee and we are able to make the price based on the actual cost of material and labor, with but our one small percentage of profit added, which will mean a great saving to our customers.

IF YOU BUY OUR SPECIAL BRAND WARE you will get the best plated ware that money can buy. The silver that goes into the plating of these goods is $\frac{33}{1000}$ fine and is the highest grade used in silverware.

DIFFERENT FROM ALMOST ALL OTHER SILVERWARE, our silverware is made by a manufacturer of long experience in the manufacture of gold filled watch cases and is made on the same principle as gold filled watch cases are made, and while we term it silver triple plated it is really silver filled. It is made from two heavy plates of coin silver over a base of hard metal, and is a goods there is practically no wear out to.

WE ADVISE YOU BY ALL MEANS in ordering tableware to select our own special grade. You get infinitely more value for your money than you can in any other grade made. In advertising the other known grades of silverware we are compelled to pay the manufacturer a large profit and of course we in turn must get from you the cost to us with our one small profit added, which compels us to ask 50 per cent more for other grades inferior to our own.

OUR FIRST CONTRACT WITH THE MANUFACTURER for this class of goods was made nearly a year ago, and the enormous sale we have had the past season has warranted us in making preparation for a much larger supply the coming season, and in doing this we have been able to reduce the cost of production and we give you the benefit of this great reduction in the prices we quote you in this catalogue, which are much lower than we were able to quote last season.

THE SECURITY WE OFFER YOU. If you find after examination these goods are not as described and warranted, you are at liberty to return them and we will cheerfully refund your money.

This is the great value page of our silverware department. We expect more advertising from this page than any other page in our jewelry department. We are giving such values in these goods as has never before been attempted; we know every customer who receives any of our special brand silverware will be so well pleased with it that he will recommend our house to his friends and we will receive more orders from his neighborhood.

OUR BINDING GUARANTEE. We guarantee every piece of our special brand silverware to be the highest grade silverware on the market, regardless of price; we guarantee it to outwear any other silver plated wear on the market, and we hold ourselves in readiness to make good with new any silverware that proves defective by reason of material or workmanship.

OUR SPECIAL REDUCED PRICES. At $1.75 per dozen we furnish tea spoons superior to anything you can buy elsewhere at double the price; at $3.10 we quote dessert spoons superior to anything you can buy elsewhere for $5.00; for $3.45 we furnish table spoons superior to anything you can buy elsewhere for $6.00.

OUR $4.82 INITIAL SILVERWARE SET.

FOR $4.82 we offer a 26-piece set of silverware, engraved with any initial, complete with case, the equal of anything you can buy anywhere at three times the price.

NO RISK IN ORDERING ONE OF THESE SETS. Examine and compare it. If you have not a bargain, return it and we will refund your money. Express charges will amount to next to nothing as compared with what you will save in price. The express charges will average for 500 miles, 35c; 1,000 miles, 50c. Greater distances in proportion.

THIS SET CONSISTS OF 6 full size table spoons as illustrated, each spoon engraved on the handle with any initial desired, as shown in illustration; 6 tea spoons as illustrated, each spoon engraved on the handle with any initial desired, as shown in illustration; 6 full size forks as illustrated, each fork engraved on the handle with any initial desired, as illustrated; 1 sugar shell, 1 butter knife and 6 heavy silver plated knives.

IN ADDITION TO THE 26 PIECES of silverware as illustrated, we furnish this handsome plush covered and fancy blue lined case. Case is 12 inches long, 10 inches wide and 2 inches deep, nicely finished with a fancy metal clasp and so divided as to just hold the 26 pieces in position, as shown in illustration, so that when the tableware is not in use it can be kept in perfect condition in the case, as illustrated.

No. 5T6970 COMPLETE SET, WITH CASE, $4.82.

THIS SOLID SILVER METAL is the nearest approach in composition metal for tableware to the pure coin silver that has ever been attained. This composition silver is one solid metal through and through, guaranteed to retain its perfect silver color and to wear forever.

IT WILL NEVER TARNISH. It is stronger than silver; more springy; you can scour it with a brick; you cannot harm it.

THIS SILVER COMPOSITION METAL is made by a process known only to the manufacturer of these sets, who supplies them to us in immense quantities; is in appearance, finish and every way (except intrinsic value) equal to coin silver. In appearance it cannot be told from solid coin silver, it must be examined by an expert to detect the difference. We can furnish the pieces separately, engraved with any letter, at the prices quoted here.

AT $4.82 WE FURNISH THIS 26-PIECE SET of initial silverware complete with case as the greatest value ever offered in this class of goods; in fact, our $4.82 price is based on the actual cost to us in immense quantities for cash with but our one small percentage of profit added.

DO NOT COMPARE THIS, our composition silver initial ware, with any of the cheap plated ware that is offered in cases. We could furnish a 26-piece set of cheap silver plated ware with a cheap case similar to the cases that are being furnished by some houses at $1.50 to $2.00, but we believe our customers want a higher grade of goods and we have received so many letters of commendation for this class of goods the past two seasons that we have decided to increase our contracts and offer the goods in sets of twenty-six pieces at even a lower price than we have ever before been able to sell the same class of goods without the case.

Postage on these goods, if to go by mail, will be extra per half dozen as follows: Tea spoons, 6 cents; dessert spoons or forks, 12 cents; table spoons or medium forks, 15 cents; and sugar shells or butter knives, 2 cents each. It is cheaper to send by express, if you have an express office near by.

OUR CLOCK DEPARTMENT.

.DEST AND MOST RELIABLE MAKERS. We list clocks made by the following concerns, namely: **'aterbury Clock Company**, Waterbury, Conn.; **New Haven Clock Company**, ew Haven, Conn.; **Ansonia Clock Company**, Ansonia, Conn., and the **Seth homas Clock Company**, Thomaston, Conn. Bear in mind that the Waterry Clock Company has **no connection whatever** with the Waterbury Watch mpany; it is a very much older concern.

VERY CLOCK THAT WE SELL IS GUARANTEED by the manufacturers and we warrant them to our customers. Any clock bought from us that is not in every way satisfactory can be returned and it **WILL BE EXCHANGED OR MONEY REFUNDED.**

WE SELL OUR CLOCKS AT EXTREMELY LOW PRICES. Do not think that the shipping charges will advance our prices to anywhere near the price you would have to pay the retail dealer, because he likewise must pay transportation charges and must add same to the cost of the clock when he sells it to you. We wish you to **investigate the matter yourself and be convinced that we can save you from 30 to 50 per cent on clocks.**

BRONZE $1.00 **GILT $1.15**

A $3.00 CLOCK FOR $1.00

Sears, Roebuck & Co.'s SEROCO. This beautiful bronze clock, solid metal through and through, standing 12 inches high and 9¼ inches broad, weighing when boxed about 7 pounds, at the unheard of price of **$1.00 in bronze, $1.15 in full gilt.** The movement is a lever escapement movement, oil tempered steel parts and hand wrought brass parts, conical pivots, the hair spring agate drawn; runs for 36 hours with one winding; in fact, a movement that we guarantee to give absolute satisfaction. The case is a masterpiece, representing the emblems of Hope and Plenty, Hope being represented by a heroic figure of a woman with Greek drapery, resting her hand upon a cornucopia that represents Plenty. The base of the clock is made up of three graceful scrolls meeting at a base upon which the figure of Hope stands. A beautiful wreath of roses in strong relief connects the two designs, that of Hope and Plenty. To sell this clock at this unheard of low price, a price that does not represent one-half its true value, we had to contract with the factory that makes them in such large quantities that the price of a single one is practically lost sight of. The design is copyrighted. **It cannot be procured elsewhere.** If the clock is not the greatest bargain that you have ever seen or heard of, and if it does not in every way, shape and manner come up to our description and thoroughly satisfy you, return it to us and we will refund you the entire amount of your remittance.

OUR NEW ACME QUEEN CATHEDRAL GONG CLOCK PRICE CUT TO $5.75

LAST YEAR WE SOLD THIS CLOCK FOR $6.90, BUT ON ACCOUNT OF IMMENSE SALES WE WERE ENABLED TO GIVE A LARGER ORDER, AND PAYING SPOT CASH, WE WERE ABLE TO CUT THE COST THIS AMOUNT. WE ARE GIVING YOU THE ADVANTAGE OF IT . . . . . .

FROM THIS LARGE ILLUSTRATION, which is engraved from our artist direct from photograph, you can form some idea of the appearance of this clock and figure, but it must be seen to be appreciated.

No. 5T7600

AT $5.75

we furnish this clock complete with handsome bronze figure, exactly as illustrated. At $4.75 we furnish the clock only, without the bronze figure. Order this clock, and if you do not find it all and even more than we claim for it, such a clock as you could not buy elsewhere even at double the price, you can return it to us at our expense and we will cheerfully refund your money. At $5.75 we offer this big, handsome clock, complete, with large bronze figure as illustrated, as the greatest value we have ever offered in a high grade cathedral gong 8-day clock.

THIS OUR SPECIAL $5.75 CLOCK complete with figure, is a clock that we believe combines the good qualities of all high grade Waterbury mantel clocks, with the defects of none. This clock is covered by a binding guarantee, and if any piece or part gives out by reason of defect in material or workmanship, or for some reason the clock fails to run accurately, it can be returned at our expense and we will cheerfully refund your money.

AS A GIFT, A WEDDING OR A BIRTHDAY PRESENT

you cannot select anything more appropriate. One of these clocks will be useful as well as ornamental, and will last a generation. Nothing handsomer for mantel ornamentation; nothing more useful than our $5.75 Acme Queen Parlor Clock.

WHILE WE OFFER MANY RARE BARGAINS in our clock department, offer them at the manufacturers' lowest prices, prices as low, and in many cases even lower than dealers can buy in quantities, this our Special Acme Queen Cathedral Gong 8-day clock, complete with figure, at $5.75 is the greatest clock value in our catalogue, and we recommend this clock in preference to all others. It is a handsome clock for mantel or shelf; for an ornament for the home there is no clock made that will compare with it at anything like the price; as a timekeeper there is nothing better.

GENERAL DESCRIPTION.

SIZE—Height of clock, including figure, 20 inches; clock only, 11½ inches; figure only, 8½ inches. Length of clock at base, 17½ inches; length of clock at top, 15 inches. Diameter of dial, 5½ inches. Length of bronze figure, 9 inches.

This large, handsome bronze, marbleized metal clock is made in two colors, black and green, in imitation of black and Mexican onyx, and it so closely resembles the genuine Mexican onyx that it cannot be detected except by an expert. Better than the genuine onyx, it can be cleaned with a damp cloth without injury and is guaranteed never to warp or crack. This is an eight-day clock—runs eight days with one winding—and strikes the hours and half hours upon a perfect cathedral gong.

This clock stands on large handsome bronze feet. It is ornamented with lion head bronze side ornaments, heavy bronze panel ornaments and bronze center ornaments. It is furnished with a handsome Mosaic dial in heavy gilt, 5½ inches in diameter. This clock is one of the highest grade made by the Waterbury Company. It has blued steel hands, the movement is highly polished wrought brass. All steel parts are oil tempered. Has the latest improved regulator and pinions, safety barrel and escapement. Weight, boxed ready for shipment, 25 pounds.

$3.60 FOR OUR PARLOR SPECIAL

THIS CLOCK as illustrated for $3.60 is about one-half what you would pay your local dealer for the same sized clock. A clock as beautifully ornamented, is sold by the clock companies to the retail dealers for $4.25. We have made a purchase of an immense quantity; the entire clock is manufactured expressly for us by the renowned Waterbury Clock Company, located at Waterbury, Connecticut, and each and every one of them is thoroughly guaranteed in every respect, and we warrant them to give entire satisfaction.

DESCRIPTION OF CASE.

THIS CLOCK CASE IS MADE OF WOOD, covered with a secret preparation in imitation of black marble. This clock, wiped with a damp cloth at intervals, will always keep as new. It is guaranteed not to chip, warp or wear off, and always retains its appearance of genuine black Italian marble.

THE CLOCK IS ORNAMENTED with four handsome gold plated scrolls. It stands upon beautiful metal feet made to match the scroll work. The dial is one of the very latest productions, fancy rococo embossed pattern. The numerals are Arabic ones. Height of clock, 12½ inches; width of clock, 9¾ inches; depth of clock, 4½ inches.

DESCRIPTION OF MOVEMENT.

THE MOVEMENT FITTED IN THIS CASE is one of the Waterbury guaranteed movements, runs eight days with one winding. It is made of the finest tempered steel and gold wrought brass; it strikes the hours on a cathedral gong and the half hours on a brass bell. You can always know the time without seeing the clock. The hands are very fine hand sawed blue steel of the Fleur de Lis pattern.

This clock, boxed ready for shipment, weighs about 15 pounds.

No charges for repairs on watches or clocks will be allowed unless our written consent is first secured in advance.

OUR QUEEN CLYDE MANTEL CLOCK FOR $3.15

NEVER BEFORE IN THE HISTORY OF THE CLOCK BUSINESS WAS EVER SUCH A FINE CLOCK OFFERED FOR THIS PRICE, $3.15.

The wholesale clock dealers cannot buy a clock anywhere as fine as this one for 30 per cent more than we ask. We are able to offer this clock at the price because of a special concession from the manufacturer, on account of our great purchase from them of other goods. They do not make a cent profit when selling this particular clock to us.

DESCRIPTION OF CASE. The clock case is of wood, well seasoned and guaranteed not to warp or crack, it is enameled in black, then polished to a high gloss.

THE ORNAMENTATION. A beautiful gilt border of the rococo pattern made of metal sets off the top. This is entirely a new idea in clock ornamentation, no other clock has it. The front of the clock on the base is ornamented by three beautiful gilt metal scrolls, two fine columns, one on each side of the dial, made in exact imitation of marble, lends a rich appearance to the clock; the dial is 5½ inches in diameter with ornamented sash.

This clock stands 10½ inches high and is 12½ inches wide at the base.

THE MOVEMENT is manufactured by one of the most representative clock makers in the United States. On account of the cut price we cannot give name. It runs eight days with one winding, strikes the hours and half hours on a soft toned wire bell. Weight, packed ready for shipment, about 16 pounds.

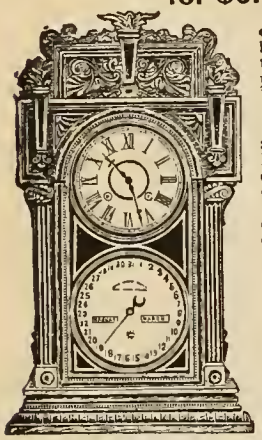
Regular Eight-Day Clock with Perpetual Calendar Attachment for $6.40.



No. 5T7627 This clock is manufactured by the celebrated Waterbury Clock Company. Can be supplied in either oak or walnut. Stands 28¼ inches high. Is an eight-day clock and strikes the hour and half hour on a cathedral gong. **It has the calendar attachment,** as shown on the lower dial, which is a perpetual one, marking even the leap years without having to be reset. The dials are 8 inches in diameter, making it possible to see either time or date at a considerable distance. This clock is particularly adapted for dining rooms, libraries and offices, although it can be used anywhere where a clock is necessary. **The movement used in this clock runs for eight days with one winding.** We warrant it to be an accurate timekeeper and one of the best movements ever placed on the market. The parts are made of finely wrought brass and oil tempered steel, making it not alone most accurate for timekeeping, but gives it great durability. **The case is beautifully hand carved and embossed.** In fact, a rare specimen of the cabinet maker's art. The glass in the door is decorated in black and gold, completing the rich appearance of the entire clock. This clock would bring in the average retail store no less than $10.00. $3.00 Buys a Calendar Clock with Barometer and Thermometer.

No. 5T7631 CALENDAR EIGHT-DAY CLOCK with thermometer and barometer. This clock has been one of the greatest bargains that we have ever been able to offer to our customers. We buy them in immense quantities for spot cash, and the price at which we offer them will save you, we believe, fully 50 per cent over the prices asked by retail dealers. The clock will be furnished with solid black walnut or antique oak case, as desired, **beautifully carved and ornamented.** The height is 24 inches with dial 6 inches. The movement is one of the **best made, and is warranted to be an accurate timekeeper;** has a complete calendar attachment which works automatically and always indicates correctly the day of the month. It has a perfect thermometer on one side and on the other a barometer. The barometer always indicates the condition of the atmosphere and always correctly foretells the probabilities of the weather. It is eight-day and strikes the hour and half hour on a wire bell. We cannot furnish it with alarm; in fact, an alarm should not be used on a cabinet clock. This clock will last a lifetime if properly cared for and we will guarantee satisfaction in every respect. Weight of clock, boxed ready for shipment, 17 pounds.

Irish Wit and Humor.

Containing the best sayings of all Irish speakers and the efforts of all famous Irish dialect writers. Irish wit and humor is a factor in human experience which the world can ill afford to lose. In some of its qualities it is second to the wit and humor of no nation on earth. For playfulness, for sarcastic keenness, for gracefulness, and for redhot scornfulness nothing is more effective than some of the examples of the wit and humor of the Irishman, as told in this timely volume. Amateur theatricals or entertainments of any character will find this book a most acceptable addition for gathering material.

The Indian and the Northwest.

Considerable interest is being taken in the legendary history, the songs and poetry of the aborigines of the North American Continent. Tales of wars, famines, pestilences, great floods and fires, devastating field and forest and exterminating whole tribes, is one of the chief charms of this book, but the history of these people would not be complete if the hundred years' war against the encroachment of civilization was not fully told. No less interesting than the many legends, is the story of Custer's last fight on the Little Big Horn, June 25, 1876, in which more than 1,000 United States troops were ambushed and exterminated by a force numbering eight to one. Illustrated. Bound in cloth.

MISCELLANEOUS.

Books of worth at special prices, embracing the writings of some of the best known authors.

The Funny Side of Politics.

By George S. Hilton. A book original and new. It gives many amusing stories told in the House and Senate in Washington. It is replete with anecdotes of many living politicians. Bound in cloth.
No. 3T2308 Our price.....79c
If by mail, postage extra, 12 cents.

Cal's Cossip.

For Men Only. By Arthur M. Binstead. A series of letters from Maude to her Cousin Madge. New and original. Nothing like them has ever before appeared. They are the richest and best collection of letters published. Cloth bound.
No. 3T2310 Our price.....49c
If by mail, postage extra, 7 cents.

Norman Holt.

By General Charles King. A Story of the Army of the Cumberland. A charming historic war story. This is Captain King's latest and best book, and bearing as it does on the great battle of Mission Ridge, although the story is woven in fiction, it has an invaluable record of that gigantic contest between the two great armies. Bound in cloth.
No. 3T2322 Our price.....79c
If by mail, postage extra, 12 cents.

John Henry.

Something new. A regular side splitter, and as good as Billy Baxter. It contains John Henry at the Theater, in Street Car, on Literature, Playing Pool, Progressive Euchre, Would-Be Actor, etc. Illustrated. Bound in cloth.

If by mail, postage extra, 12 cents.

Out of the Hurly Burly, or Life in An Odd Corner.

By Max Adeler. Contains 400 illustrations. Cloth.
No. 3T2340 Our price.....75c
If by mail, postage extra, 12 cents.

Mr. Adeler ought not to be forgotten as one who has caused much innocent amusement and relieved many weary hours. He gets most of his fun out of the peculiar life of a small place.

Pemberton; or One Hundred Years Ago.

A novel of the American Revolution of exceptional merit. This is a striking literary production. The book tells more accurately and with perhaps more exact historical incisiveness than ever before has been done, the secret motives which underlay the treason of Arnold, the luckless adventure, capture and death of the knightly Andre, and the unrecorded efforts of those who were the hidden, unknown and masked friends of the warring colonists. Attractively bound in ornamental cloth binding, gilt top.
No. 3T2342 Our special price.....89c
If by mail, postage extra, 12 cents.

The Heart of Women.

The Love Story of Catrina Rutherford, a strong romance dealing with the problem of a dual love. The original theme, treating in a strong, yet most refined and delicate manner. All the world loves a lover and this book is full of interest from beginning to end. Illustrated. Cloth.
No. 3T2346 Our special price.....98c
If by mail, postage extra, 13 cents.

In Varying Moods.

By Beatrice Harraden. Author of "Ships that Pass in the Night." There is a wealth of philosophy, humor and pathos in this little tale, and it is told so simply that one feels as if he were a part of it, somehow. So truly are the human heart strings struck that he must be beyond redemption whose inner self does not vibrate in sympathy many times, as the pages are turned. Attractively bound in cloth.
No. 3T2348 Our special price.....45c
If by mail, postage extra, 10 cents.

An Unofficial Patriot.

By Helen H. Gardener. The first great sociological and historical novel of the Civil War, which is entitled to an honorable position among the volumes destined to hold a place in the permanent literature of the nation. Handsomely bound in cloth. Size, 5½x7½ inches.

NEW STANDARD HISTORY OF THE WORLD. REVISED AND CORRECTED TO DATE.

AN ENTIRELY NEW WORK ON GENERAL HISTORY, both ancient and modern, of all the nations of the globe. The only complete work of its kind in existence.

An opportunity to purchase at less than actual cost to produce a history of the world—A History of all nations. A record of every important event since the beginning of time.

EACH NATION is carefully followed in its career, from its foundation to date, or if not now in existence until it fell. The work is divided into six divisions, beginning with earliest civilization and the first nations of which we have any record, then carefully followed to Western Asia, thence to Greece and Rome, north through Europe, as it leaped across the Atlantic, and in fact in all its various ramifications throughout the whole world. It also includes a detailed account of the South African War and the present status of the Transvaal and the Orange Free State, showing the continent of Africa, as divided among the European powers, the latest acquisitions and newly established boundaries, general view of the hemisphere, South America and Central America, West Indies, Cuba, Porto Rico, closing with the nations of North America. An extensive bibliography precedes the history of each nation; copious footnotes throw sidelights upon the text; marginal notes direct the reader to the features, together with analytical index make the work especially valuable for teachers, students and general reference reading. Adorned with over 400 portraits and halftone engravings, many of which are full page. Handsome and substantial. Bound in cloth, imitation leather back and corners, marbled edge.

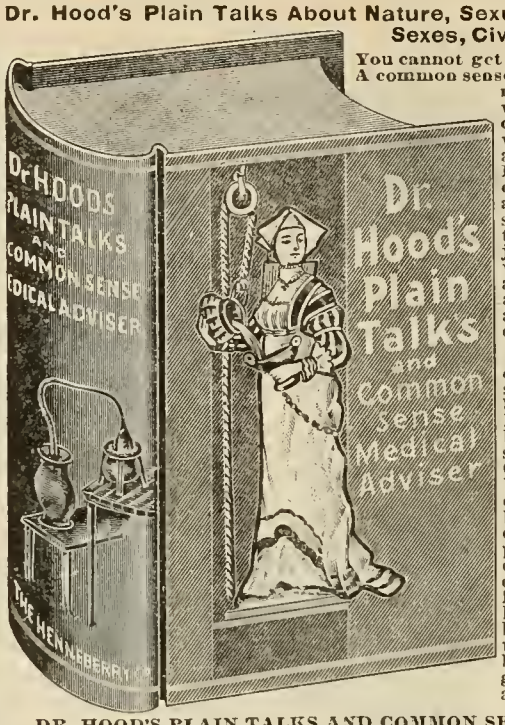
Dr. Hood's Plain Talks About Nature, Sexual Physiology, Natural Relatione of the Sexes, Civilization, Love and Marriage.



You cannot get along without a copy. Worth its weight in gold. A common sense medical adviser. A physician in the house. No man or woman who anticipates a bright future and wishes to enjoy married life in its fullest sense can afford to be without a copy of this valuable work. It is the largest, latest, most complete and authentic and best medical guide ever published. **Here are answered in plain language a thousand questions that occur in the minds of both young and old,** but about which they feel a delicacy in consulting their physician. Many chapters are devoted to sexual immorality and numerous interesting subjects concerning marriage and the sexual relations, which make it a superior guide to the actions of men and women both in and out of marriage. Contains **an exhaustive treatment of all sexual considerations,** distinctive traits of the sexes, developments of the sexual organs, etc.

Books of all other classes are plentiful. Works on branches of science (other than medicine) are issued and thrown upon the market in countless numbers. Our libraries and reading rooms are filled with histories, biographies, travels, works of fiction, etc., but how seldom do you find a book treating of the subjects discussed in this Dr. Hood's Plain Talks and Common Sense Adviser in the ordinary household? Why should medicine—the understanding of diseases, the science of life and its laws—of all other branches of study, alone be monopolized by the students and professors and be denied to the everyday public? There is no special knowledge which admits of greater usefulness than that found between the covers of this immense, big, valuable book. What an incalculable amount of suffering might be prevented, how many lives might be lengthened, how many bodies might be saved from the grave, what a better understanding and better standard of physical well-being would be universally established, did a more general acquaintance with the nature of diseases and their mode of prevention exist.

DR. HOOD'S PLAIN TALKS AND COMMON SENSE MEDICAL ADVISER tells in a matter-of-fact, easily understood, popular way, the thousand and one questions that occur to the mind of both young and old, divulges all secrets known to medical science. Embracing confidential medical talks applied to cause, prevention and cure of chronic diseases. It treats of the natural relations of men and women to each other; society, courtship, love and marriage, parentage, children, nursing and care of the sick, prescriptions, indications of diseases, domestic surgery, hygiene, skin diseases, etc.

Diseases of Children.—With full description of the causes, effects, treatments, etc., of each. Under this heading are hundreds of different ailments.

Nursing of Children.—General principles of management, embracing cleanliness, warmth, fresh air, infant's food, suckling, feeding by hand, milk, the feeding bottle, preserved milks, weaning, sleep, exercise, education, etc.

Indications of disease are given, the tell-tale symptoms by which you can recognize the different diseases, the condition of the pulse, tongue, temperature, etc., which enables the physician to detect at a glance just what the trouble is.

Nursing and Care of the Sick.—The qualifications and duties of a nurse, management of the sick room, practical details of nursing, administration of medicine, invalid diet, etc.

It covers thousands of other subjects among which are valuable suggestions to those contemplating marrying, factors to be considered in entering the marriage relations; physical basis of marriage; the time to marry; the wedding tour, etc.; jealousy; subject of prevention; food for pregnant women; philosophy of childbirth; barrenness and excessive child bearing. **This work is supplemented by a 32-page pamphlet, placed in a pocket inside the back cover of the book.** This pamphlet contains twenty-nine special plates, illustrating the female productive organs, each plate being fully described. It also contains many chapters devoted to prescriptions for common ailments and emergencies, table of poison antidotes; full and accurate directions for treating wounds, injuries; rules of health, hygiene, etc. **Bound in art cloth, printed in two colored inks, marble edge.**

ENCYCLOPEDIAS AND REFERENCE BOOKS.

The student particularly and the reader generally is at a constant loss without the valuable aid of one or more complete and reliable works of reference. In the following well selected line of such books will be found the most desirable ever published. These are offered to you in many cases at half the price they are usually sold at by retail dealers.

ONLY $4.35—LESS THAN ONE-HALF PRICE—for G. & C. Merriam Company Authorized Copyright Edition of Webster's Unabridged Dictionary.

We have closed the largest book deal on record, enabling us to offer the regular authorized and authentic G. & C. Merriam Company edition (now published by Geo. M. Hill & Co.) of Webster's Dictionary of the English Language for only $4.35, indexed. By purchasing a stupendous quantity of this great standard authority of the English language, involving thousands upon thousands of dollars, we can now positively give our customers the real authentic unabridged dictionary with all its modern improvements and high standard of manufacture for only $4.35. This unheard of reduction is the result of a desire of the publishers to sacrifice profits in order to drive out inferior so called unabridged dictionaries, which now trade upon the honored name of Webster. Their desire is to effectually and forever stop misrepresentation and foul practices on the masses of people by representing the photographic re-print dictionaries as the original unabridged.

The G. & C. Merriam Company's edition of Webster's Unabridged Dictionary is acknowledged all over the English speaking world as the standard authority of the English language. A standard authority of the United States Supreme Court; of State Supreme Courts; The United States Government Printing Office. Warmly commended by college presidents, State superintendents of schools and other educators. **Bear in mind that the book we are selling is not a special edition of inferior manufacture, but the original 1900 edition.** We guarantee it to be identical in point of material used and manufacturing just exactly as it always was.

It is bound in full law sheep, with patent index, contains 2,012 large quarto pages, printed on fine, strong paper, of a durable quality, with thousands of illustrations distributed throughout the text, 3,000 classified illustrations additional; four color plates; a history of the English language; complete key to pronunciation, with diacritical marks on every page; the principles of pronunciation with explanations of the key; orthography and rules for spelling, charts of abbreviations used, metric system of weights and measures; explanatory and pronouncing vocabularies of names, places, persons and things, of modern geographical names, common Christian names, with vocabularies of Scripture proper names, Greek and Latin proper names; pronouncing gazetteer of the world, biographical dictionary, tables of quotations, rules, phrases, proverbs, etc., from the Latin and foreign languages; abbreviations, contractions and arbitrary signs used in writing and printing, etc. Size, 5x10x12 inches.

Standard Works in Sets.

WE CAN POSITIVELY SAVE YOU FROM 50 TO 100 PER CENT ON ALL STANDARD WORKS.

Never before in the history of bookmaking have such wonderful values been offered to the public. We have taken special pains to include all the standard authors, whose works are prime favorites with every reader.

The books are put up in complete sets, including all or nearly all of the writings of each author and bound in uniform binding. Printed on excellent paper from clear large type, and when the exceedingly low price is considered, you can fully appreciate the wonderful bargains you will secure upon receipt of such books as you may order.

These sets, ordinarily, ought not to be ordered sent by mail, as they usually weigh over the four-pound limit, which would make it necessary to take the books out of the box and wrap each one separately. **We do not break sets and cannot sell separately any particular volume in these editions.**

Complete Works of Theodore Roosevelt, Only $5.55.

15 volumes; cloth; large, clear type; frontispiece illustration in each volume. Size of volumes, 4¼x6½ inches. Contents of volumes:

Bulwer-Lytton's Works Complete in Thirteen Volumes, $2.95.

A $9.75 set for only $2.95. In offering this popular author's works, bound in cloth, complete in thirteen volumes, for only $2.95, we are aware that many will think it to be exceedingly inferior by reason of the very low price. This idea will be all the more prevalent in view of the fact that these books are usually sold by retail dealers at about 50 cents to 75 cents per volume. We buy entire editions at just a little above the actual cost to manufacture and merely add to it our one small margin of profit. We guarantee all our sets to give absolute satisfaction or will refund your money. This set consists of the following:

Vol. 1—Maltravers.
Vol. 2—Last days of Pompeii.
Vol. 3—Pelham.
Vol. 4—Caxton Leila. The Coming Race.
Vol. 5—Chillingly.

Sir Walter Scott's Complete Works, Twelve Volumes, $2.95.

New edition made especially for us. $2.95 for the complete set of twelve volumes is beyond competition in price. **At less than 25 cents per volume we are offering the complete works of Sir Walter Scott,** which only recently cost the publishers from 50 to 75 cents per volume to produce, books that ordinarily retail at $1.00 up to $1.50 per volume. By contracting for these sets in large quantities we are able to have them produced at minimum expense, and instead of doubling our profit, as is the case with the retail dealers, we only add our regular small percentage of profit to the lowest possible cost and hence are in a position to furnish these valuable sets to our customers at about the same price the dealer would be compelled to pay for them.

The twelve volumes consist of the following:

Vol. 1—Monastery. Abbot.
Vol. 2—Waverly. Woodstock.
Vol. 3—Guy Mannering. Ann of Geierstein.
Vol. 4—Lammermoor. Montrose.
Vol. 5—Black Dwarf. Quentin Durward.
Vol. 6—Ivanhoe. Talisman.
Vol. 7—Rob Roy. Midlothian.
Vol. 8—Red Gauntlet. Pirate.
Vol. 9—Peveril. Betrothed.
Vol. 10—Fair Maid. Antiquary.
Vol. 11—Nigel. Count Robert.
Vol. 12—Kenilworth. St. Roman's Well.

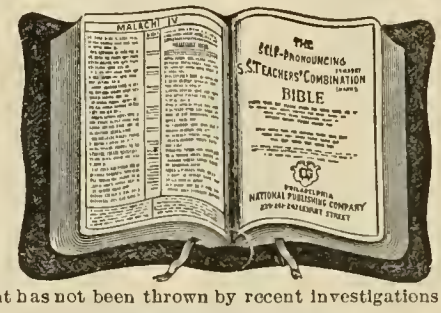
Combination Teachers' Bible.

Self Pronouncing. The Old and Revised Versions on Same Page. Large Type Edition



Beautiful Art Edition. Containing 64 Full Page Illustrations. The wonderful progress of archæology has made necessary a reinvestigation and consequent modification of many former theories as to the history of the Jews and of the various races by which they where surrounded. Assyria, Egypt and Asia Minor have recently furnished much information that was hidden for ages. The study of languages has made notable advances. In fact, there is scarcely a book of the Bible on which fresh light has not been thrown by recent investigations and discoveries.

In addition to the combination and self pronouncing features, it contains standard helps to the study of the Bible, prepared by the most eminent biblical scholars, embellished with a complete series of new maps illustrating the geography of Palestine and the surrounding countries from the earliest times and embodying the most recent discoveries, together with full concordance containing over forty thousand references; History and Summary of the Books of the Bible; Historical, Chronological and Geographical Tables; New Subject Index to the Bible; A Dictionary of Scriptural Proper names, with their pronunciation and meaning; Tables of Miracles, Parables, etc.

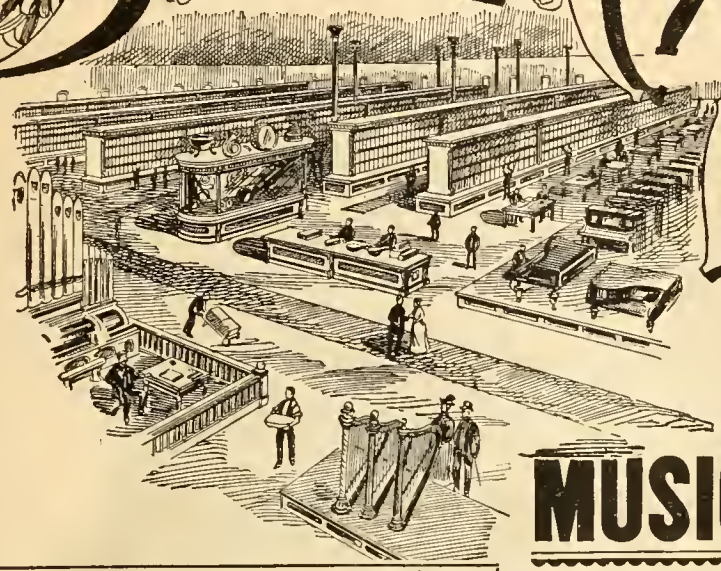
SEARS, ROEBUCK & CO. INCORPORATED

MUSICAL GOODS DEPARTMENT



We call particular attention to this, our very complete department of . . . . . .

PIANOS, ORGANS AND OTHER MUSICAL INSTRUMENTS

WE BELIEVE a comparison will show that this department carries the most complete line of only strictly high grade goods, and at prices below any kind of competition.

MUSICAL FURNISHINGS, INSTRUCTION BOOKS, SUPPLIES, ETC.

WE HAVE REVOLUTIONIZED THE PIANO AND ORGAN BUSINESS. WE HAVE MADE IT POSSIBLE FOR OUR CUSTOMERS TO BUY A PIANO OR AN ORGAN, A STRICTLY HIGH GRADE INSTRUMENT, AT LESS THAN ONE-HALF THE PRICE AT WHICH SUCH INSTRUMENTS HAVE BEEN SOLD, AT EVEN LESS THAN ANY RETAIL DEALER CAN BUY AT WHOLESALE.

OUR ORGANS AND PIANOS are made for us by the largest and most reputable makers of high grade instruments in the country, concerns whose reputation for the manufacture of only strictly high grade instruments is a guarantee for quality. There is perhaps no other article of merchandise in which poor quality can be as easily disguised as in the putting together of pianos and organs. For this reason it is essential in buying these goods to have the guarantee of a reliable house back of them.

WE CONSIDER QUALITY FIRST. It is our aim to market only the very finest instruments, goods that will be a lasting and standing advertisement for us in any home, and every care is taken that only high grade materials enter into their construction. Every piece and part is carefully selected; every detail is inspected, and we can conscientiously say that our pianos and organs represent the highest standard of musical construction.

FROM OUR HOME FAVORITE PIANO at $89.00 to our highest grade Acme Cabinet Grand at $165.00, we offer the very best pianos it is possible to produce, at prices which mean a saving over what such instruments are sold for by retail dealers throughout the country, of at least 50 per cent. Our organs, from our Telescope Organ at $21.50 to our Imperial Grand parlor instrument at $43.50, represent the same high standard of quality as our pianos and the same wonderful saving in price.

OUR ILLUSTRATIONS AND DESCRIPTIONS can be depended upon as being strictly accurate. Remember that our only salesman is this catalogue. We have no local agent to talk up the goods, but depend solely upon our catalogue illustrations and descriptions, the high standard of quality we maintain, the extremely low prices we quote, the saving we can make for anyone who intends to buy a musical instrument, and our established reputation everywhere for responsibility.

DO NOT PAY ANY DEALER or an agent two or three times our price for a piano or an organ. Do not buy an instrument on time and pay a cash deposit that alone would buy a better instrument from us, and then pay a big balance on installments. It would be better for you, if necessary, to borrow the money and pay 6 per cent interest and send us your order for one of our high grade instruments, rather than pay a local dealer or an agent two to three times the price, get a poor instrument and incur the responsibility of time payments.

SUPPLIES for our pianos and organs, such as strings, reeds, springs, etc., can be procured at any time, no matter when ordered. A perfect record is kept of each instrument manufactured, enabling us to send properly fitting parts when needed.

WE GUARANTEE

OUR PIANOS AND ORGANS

FOR 25 YEARS.

Our written binding 25 years' guarantee accompanies every instrument, during which time if any piece or part gives out by reason of defective material or workmanship we will replace it free of charge. With care our instruments will last a lifetime.

ABOUT FREIGHT. We can effect such a big saving for you in this department that the freight is a small item; besides, it is no more than the freight your dealer or agent would be compelled to pay if you order through him. Organs or pianos are accepted by railroad companies at first class freight rates. Under each description we give the weight of the instrument, and if you will refer to the freight rates in the front of the book, for the first class rate for 100 pounds to the nearest point in your state, you can calculate almost exactly what the freight will amount to.

WHILE WE REQUIRE the full amount of the price to be sent with the order, as our only terms are cash with the order, you will not run the slightest risk by complying with these terms. If after the instrument is received, examined, compared with other instruments, even after you have used the instrument for one year, if you do not find it perfectly satisfactory, exactly as we have represented it to be, if you are not perfectly satisfied with your purchase and the money we have saved you, even after a year has expired, you are at liberty to return the instrument to us and we will immediately return your money, including what you paid for transportation charges.

TO THOSE WHO ARE NOT ACQUAINTED with us or do not know us by reputation, it may seem like some little risk to send quite a sum of money away for such a purchase, and if you have any doubt whatever or hesitate to send us your order on our only terms—cash with the order—send your money first to any bank, business house or express company in this city with instructions not to turn it over to us until you are satisfied from their report that we are perfectly responsible and reliable. Look on page 12 of this catalogue and see what our bankers say regarding us. Ask any of your friends or neighbors about us. We have more than two million customers in all parts of the country and are sure you will find our customers among your friends and neighbors. Ask them if they consider us responsible. Ask them if they would advise your sending us your order, for we are willing to abide by their decision.

OUR GUITARS, MANDOLINS, VIOLINS, band instruments, other musical instruments and musical merchandise, we guarantee the highest grade of European and American make. The manufacturer of our guitars and mandolins, every dealer concedes, is the best maker of guitars and mandolins in America. Our violins and band instruments are made under contract for us by the leading manufacturers, and we import from the most noted European makers, and in every case our prices are based on the actual cost, freight, duty and our one small profit added, and our prices in many cases will be found less than one-half the prices charged by retail dealers. Many musical instruments we sell to our customers for less than the average retail dealer can buy them for even at wholesale.

REMEMBER, OUR TERMS ARE CASH WITH ORDER, BUT WE GUARANTEE COMPLETE SATISFACTION OR REFUND YOUR MONEY.

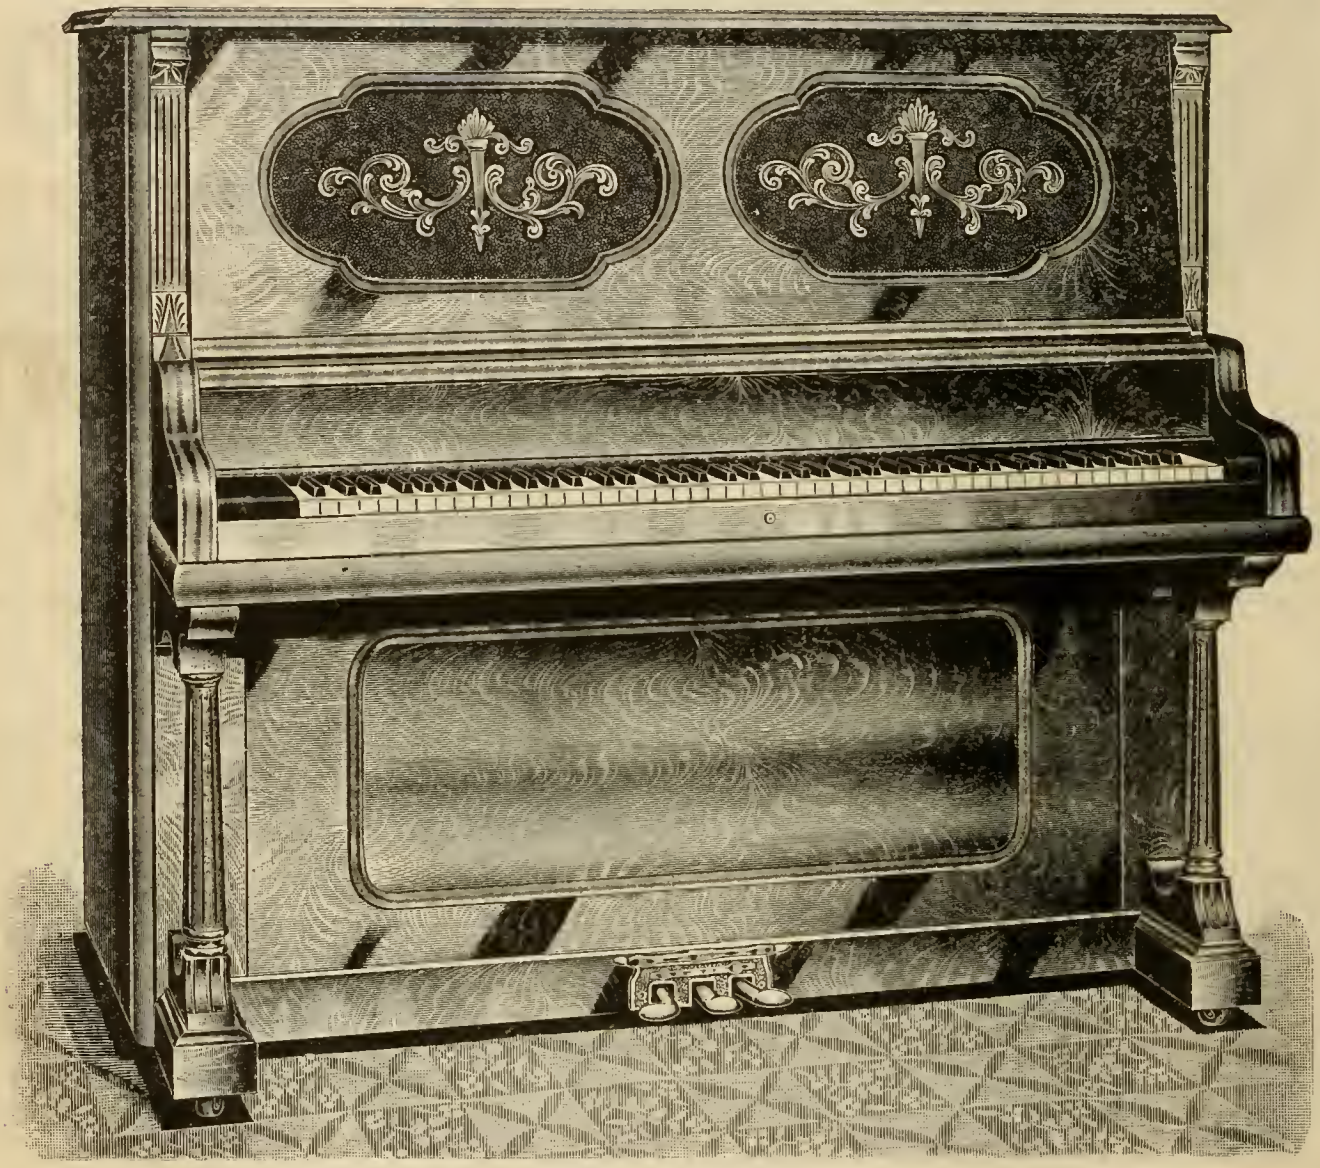
OUR HOME FAVORITE PIANO AT $89.00

...A FULL SIZE GUARANTEED PIANO...

WE OFFER OUR HOME FAVORITE PIANO AT **$89.00** TO SHOW HOW GOOD A PIANO CAN BE FURNISHED AT A PRICE NEVER BEFORE HEARD OF.

IT COSTS THE REGULAR RETAIL DEALER OR AGENT MORE TO BUY ONE OF HIS PIANOS THAN WE ARE ASKING YOU TO PAY FOR THE INSTRUMENT FROM OUR FACTORY.

OUR HOME FAVORITE PIANO IS A FULL SIZE INSTRUMENT, SUBSTANTIALLY BUILT, AND IS A MOST REMARKABLE INSTRUMENT AT THE PRICE.



No. 46T1 OUR $89.00 HOME FAVORITE PIANO. ORDER BY NUMBER.

WE GUARANTEE THE PIANO to be the greatest value ever seen or heard of, in fact, such an instrument cannot be duplicated elsewhere at anything like the price at which we offer it; but it is not an instrument that we can guarantee as we can our other higher grade pianos. It will prove a serviceable instrument and should stand the test of five to ten years' use.

JUST THINK OF BUYING A REGULAR FULL SIZE PIANO AT $89.00. This is only possible by our one small margin of profit plan. We are the first dealers who have attempted to sell pianos on grocery profits, and in offering this piano to you as we do at $89.00, you get an instrument at actual factory cost with only our one small margin of profit added.

SIZE OF PIANO. Height, 4 feet 6 inches; width, 2 feet 2 inches; length, 61 inches. Weight, boxed for shipment, about 750 pounds.

THE CASE of this piano is made of solid wood, finished in mahogany or burled walnut. Extreme cold or other climatic changes are liable to cause the finish to check or peel in the course of time. We, therefore, cannot guarantee the finish on these cheaper pianos to stand, but this otherwise has no effect upon the tone or durability of the instrument.

THE ACTION is well made and a very good quality of material is used throughout. We believe the action in this piano to be as good as will be found in pianos sold by other dealers at $150.00 to $200.00.

THE SCALE is 7⅓ octaves and has over strung bass.

THE TONE is always a matter of taste, and in this piano we endeavor to produce a tone which we believe will please most anyone. It is sweet and melodious and of ample power for all ordinary requirements.

WE SEND FREE WITH EACH PIANO a complete instruction book and a good piano stool, and if you favor us with your order and are not entirely satisfied with the instrument after you have tried it for 30 days in your own home, we will cheerfully refund your money in full. You certainly cannot afford to purchase elsewhere until you have seen and tried one of our pianos when you are assured that you will not be out one cent in the transaction if everything does not prove entirely satisfactory.

Our New AA Grade Palace Grand Piano

$115.00, A REDUCTION OF $20.00 FROM OUR LAST SEASON'S PRICE OF $135.00, is made possible by reason of our increased contract with the manufacturer, a contract which enables him to purchase his materials in much larger quantities and thus at lower prices, and under our policy of only one small profit above the actual manufacturing cost.

BY OFFERING THE FINEST WORK POSSIBLE to make, style and finish unsurpassed, prices below competition, terms the most liberal, guarantee the longest, strongest and most binding ever issued, references beyond chance of question, we hope for your consideration.

RETAIL DEALERS ask anywhere from $300.00 to $400.00 for a piano that will compare in make tone, finish, or in any quality to this, our Palace Grand at $115.00.

WE HAVE REDUCED THE PRICE ON THIS PIANO TO $115.00 exactly the difference in cost to us. Every advantage we gain by reason of increased sales or decreased cost of manufacture, we give our customers the benefit of. Any saving we can make by reason of economical handling goes direct to our customers in the way of lower prices.

YOU CAN GET A VERY GOOD IDEA of the appearance of this or any other piano we describe from these large illustrations, which, in all cases, are made direct from photographs of the instruments themselves; but of course you must see and examine the instruments, compare them to pianos that are sold at much higher prices, to appreciate the quality or the value we are giving. We know that if you could see the instrument itself, especially side by side with the pianos that are sold in your local market at two and three times our price, you would not hesitate to give us your order.

Dealers List this Piano at $300.00 to $400.00.

No. 46T7

Order by Number

The above is a picture of our New No. 46T7 Palace Grand AA Piano, $115.00, engraved from a photograph.

CASE is veneered inside and outside with cross band sawed veneers, has handsome trusses and pilasters; all moldings, trusses and pilasters in solid wood; continuous music desk with handsomely raised carved panels in very elegant and artistic designs; latest patent rolling fall board with continuous nickel plated hinge, highly plated pedals and guards.

SIZE. 4 feet, 7 inches high; 5 feet, 1 inch wide; 2 feet, 3 inches deep. Weight, boxed for shipment, about 800 pounds.

FINISH. We furnish these pianos in either English quarter sawed oak, French burled walnut or richly figured mahogany veneer, as desired. Very highly polished over seven coats of varnish, hand rubbed and equal in workmanship and finish to the very finest pianos made, regardless of price. When ordering be sure to state finish desired.

WREST PLANK OR PIN BLOCK to which the composition steel frame is bolted, has four thicknesses of maple veneers, the grain of each running in a different direction, making it impossible to warp or split.

SCALE. Full size, 7⅓ octaves, overstrung, three strings to each note except the wound bass strings, has ivory keys and ebony sharps, best quality of material throughout, including specially fine quality of felt in the hammers, nickel plated action rail and brackets, full length metal frame.

TONE is all that could be desired and is equal in volume and richness of quality to pianos which are retailed regularly at from $300.00 to $400.00. As the matter of tone is one of personal opinion, the instrument must be tried in order to be fully appreciated.

PRICE. At $115.00 we furnish this piano carefully boxed, including stool and instruction book, all delivered on board cars at Chicago.

OUR AA GRADE PALACE GRAND PIANO is furnished with our patent mandolin or harp attachment, the finest furnished with any instrument. The effect produced resembles that of a harp, mandolin or zither, and does not possess the metallic quality found in various other so-called attachments. A very important benefit attending our attachments is the saving of the hammers from damage and wear by reason of the fact that when the attachment is in use the hammers strike against a soft surface. We furnish the mandolin or harp attachment without extra charge. It is so constructed and placed in the piano that it can be used if desired and when not in use is in such a position as to have no effect upon the music or the operation of the instrument.

AT $115.00 you can buy a piano which your local dealer would ask you at least $300.00 for. Many would ask more.

OUR LIBERAL TERMS OF SHIPMENT ARE FULLY EXPLAINED ON PAGE 171.

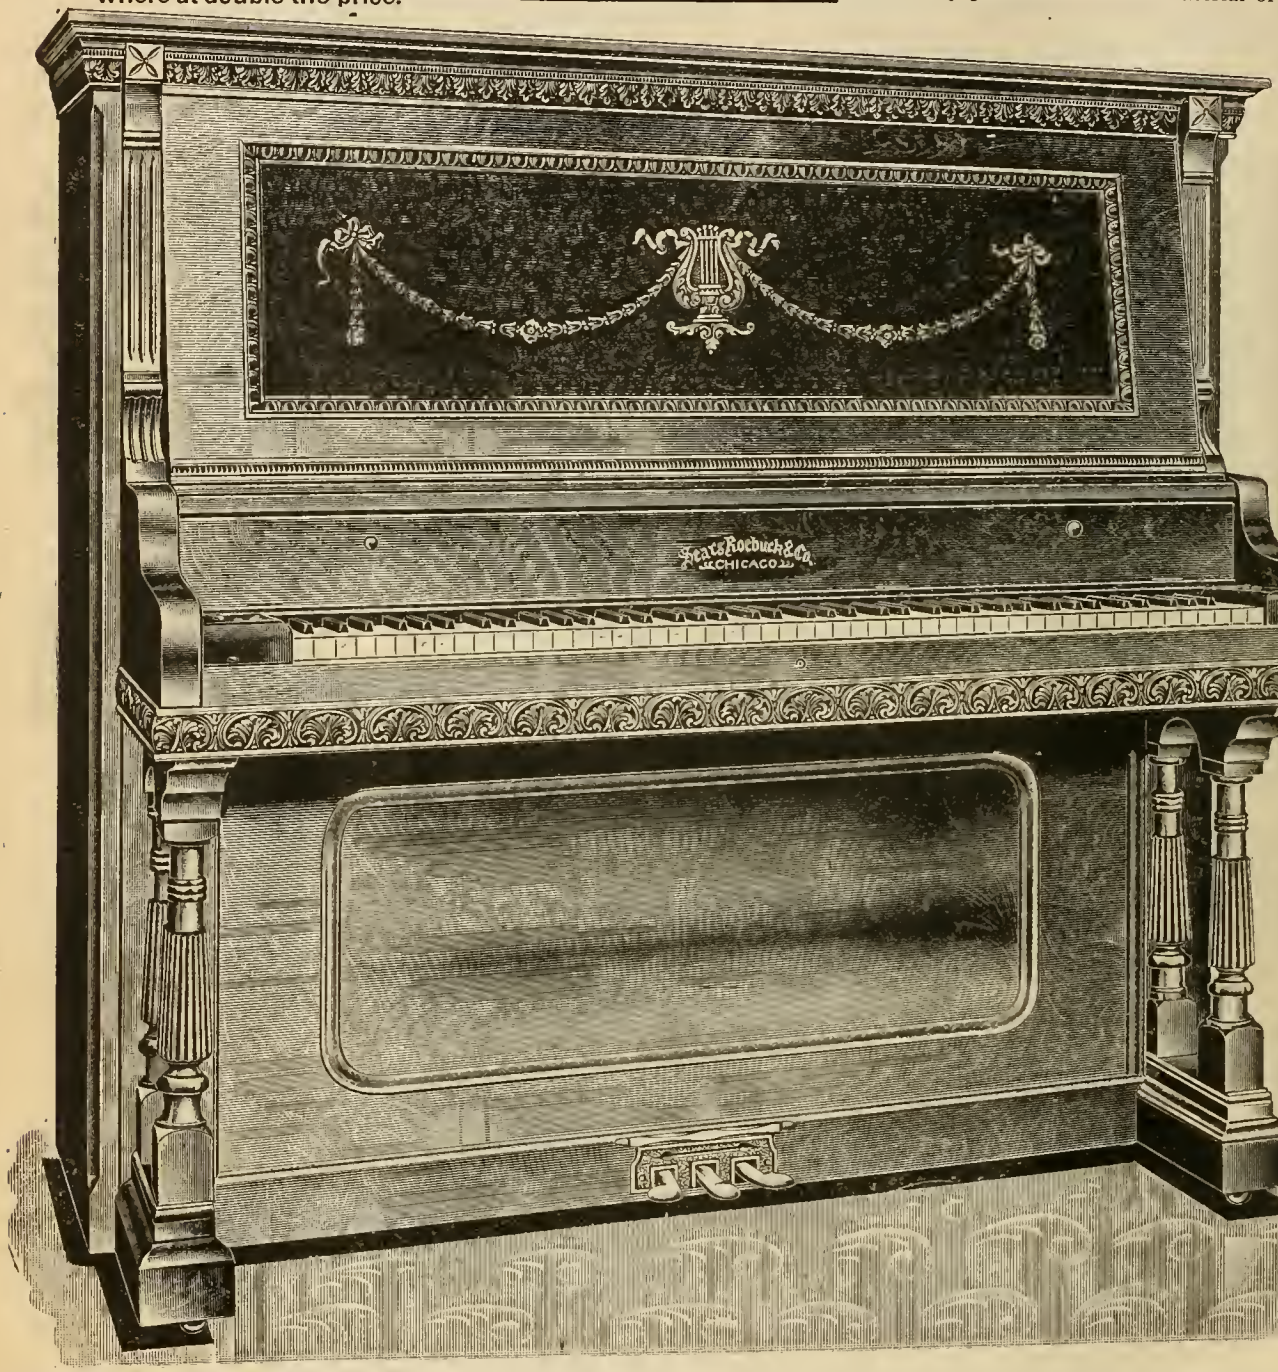
We guarantee it to compare favorably with anything you can buy elsewhere at double the price.

REDUCED FROM $155.00

WE GIVE WITH EACH PIANO A

..Written Binding Guarantee for 25 Years..

According to the terms of which we agree to replace or repair free of charge to you any piece or part of the piano which may prove defective in material or workmanship.



CASE is made of the very best seasoned hardwood lumber, double cross band sawed veneers on both sides, a protection against dampness, and is fully warranted not to be affected by atmospheric or climatic changes. It is beautifully finished and decorated with handsomely handcarved pilasters and trusses; all moldings and trusses in solid wood.

SIZE. Our Artists' Cabinet Grand Piano is the largest sized piano made, being 4 feet 10 inches high, 5 feet 3½ inches wide and 2 feet 3½ inches deep, and will weigh, when boxed for shipment, about 800 pounds.

FINISH. We furnish this piano either in English quarter sawed oak, elegant burled walnut or richly finished mahogany, as desired. THE PRICE IS THE SAME, AND IN ORDERING BE SURE TO MENTION THE FINISH WANTED.

WREST PLANK OR PIN BLOCK to which the composition steel frame is bolted, has four thicknesses of maple veneers, the grain of each running in opposite directions, making it impossible to warp or split.

SOUNDING BOARD is made of the very best thoroughly seasoned spruce pine, especially adapted and prepared for high grade pianos, and is thoroughly braced by bars of spruce pine, which together have the most wonderful effect upon the tone of the piano.

SCALE is full size, 7⅓ octaves, overstrung bass, three strings to each note except wound bass strings, full length metal frame, and is so constructed as to produce a remarkably even quality of tone throughout.

FALL BOARD is of the Boston rolling fall pattern with continuous hinges, the same as used on the highest grade pianos made.

TONE. This is the most important feature in a piano and can only be appreciated after a thorough test of the instrument. We guarantee our pianos to have a rich, full and mellow tone, considered the most desirable by all players.

MUSIC DESK is elaborately carved with finest raised carvings in the most artistic designs. The background of the carving is in dull finish, while the other space is very highly polished, producing the grand effect only found in instruments which you would pay a city dealer $400.00 to $500.00 for.

THE ACTION is made of the very best material throughout, with best quality of felt, nickel plated action rail and brackets, ivory keys, ebony sharps, patent repeating action, making it as perfect an upright piano action as it is possible to manufacture.

$138.00 IS OUR PRICE FOR OUR ARTISTS' CABINET GRAND PIANO,

Including a HANDSOME PIANO SCARF, AN ELEGANT STOOL to match the piano in finish, and a FIRST CLASS INSTRUCTION BOOK, all boxed and delivered f. o. b. cars Chicago.

OUR ARTISTS' CABINET GRAND PIANO IS FURNISHED WITH OUR PATENT MANDOLIN OR HARP ATTACHMENT.

The effect produced resembles that of a Harp, Mandolin or Zither and does not possess the metallic quality found in various other so called attachments. A very important benefit attending our attachment is the saving of the hammers from damage and wear by reason of the fact that when the attachment is in use the hammers strike against a soft surface. We furnish the mandolin or harp attachment without extra charge. It is so constructed and placed in the piano that it can be used if desired, and when not in use is in such a position as to have no effect upon the music or the action of the piano.

MANDOLIN-HARP ATTACHMENT.

We furnish, without extra charge, our patent Mandolin-Harp Attachment, so widely advertised by other dealers, and with which so many different effects can be produced on the piano, imitations of a zither, harp, mandolin, banjo and other instruments. For this attachment many dealers get from $25.00 to $50.00 more for their instruments, while

We Furnish It Without Extra Charge.

Our attachment is so constructed and placed in the piano that it can be used when desired, and when not in use it is in such a position that it has no effect on the music or action of the instrument.

DESCRIPTION.

THE CASE is the very latest and most approved style, double veneered inside and outside and cross banded so that it will not warp. We can furnish our **ACME CABINET GRAND PIANO** in English quarter sawed oak, burled walnut mahogany veneer. The carvings, heavy trusses, pillars and decorations, together with the elaborate hand polish finish, make it one of the handsomest instruments ever produced.

THE PIN BLOCK, which is one of the most important features in every piano, because it supports the frame, is made of four thicknesses of maple veneer, the grain of which running in opposite directions, make it impossible to warp or split.

THE SOUNDING BOARD is so constructed and laid that it should never crack, and the material used in our sounding boards insures full tones throughout the life of the piano. The tone cannot become weak, thin and tinny, so common to many pianos offered by other dealers at much higher prices.

THE ACTION. By a special contract with the manufacturer, only the very highest grade of action is put in this piano, the same action which is used by most of the best known makers of high grade instruments. It is double repeating, responsive and perfect in every respect. Every part is made of the finest material in felt, wood and tempered strings. The action is as carefully regulated throughout as a watch.

EVERY ACME CABINET GRAND PIANO is fitted with the latest patent pedal guards and pedals, continuous nickel hinges, latest Boston fall board, which automatically throws forward the fall swinging music desk.

THE SCALE is full 7⅓ octaves, every note and tone from extreme bass to treble is full, resonant, sweet and powerful, and susceptible of that marvelous expansion so much appreciated by the artiste musician. The sustained effect in accompaniment is especially adapted for voice.

THE HAMMERS. We use extra heavy hammers, which are extremely essential in the production of a powerful tone such as is found only in the best grade of pianos and which our **ACME CABINET GRAND PIANO** possesses.

THE STRINGS are of the very finest quality, imported direct from Europe. The trebles are three unison and the basses are wound. The tuning pins are all tempered, tested and approved.

THE KEYS, one of the important features in a piano, are all genuine high grade ivory of fine selection.

THE SIZE. **OUR ACME CABINET GRAND PIANO** is extra large, one of the largest pianos made, being 4 feet 10 inches high, 5 feet 3½ inches wide, 2 feet 3½ inches deep, and when boxed for shipment will weigh about 900 pounds.

$165.00 IS SUCH AN EXTREMELY LOW PRICE FOR SUCH A HIGH GRADE PIANO that no one can afford to buy and pay more without first ordering one of our instruments on approval, which we will ship according to our liberal terms as fully described on page 171.

WHY OUR ORGANS ARE A SUCCESS.

They embody to the greatest extent the essentials of a perfect organ. In

APPEARANCE, Equal to a piano.

CONSTRUCTION, Simplest mechanism of any organ made.

TONE, Most nearly resembles that of a pipe organ.

CAPACITY FOR MUSIC. All classes can be executed same as on piano.

PEDAL ARRANGEMENT. Compared with it, the old pedal board is ridiculous.

VARIETY OF EXPRESSION, Unequaled, and not necessary to stop playing to change stops.

WE GUARANTEE THIS ORGAN.... FOR 25 YEARS

OUR SOLE AND ONLY PLEA FOR YOUR ORDER IS A BETTER INSTRUMENT AT A MUCH LOWER PRICE THAN YOU CAN GET ELSEWHERE.

READ OUR **LIBERAL TERMS** OF SHIPMENT

OFFER ON PAGE 171.

IN APPEARANCE THE CASE EXACTLY RESEMBLES AN UPRIGHT PIANO.

IS HANDSOMELY CARVED AND EXCELS MOST PIANOS IN BEAUTY AND DESIGN. WE CAN FURNISH THIS ORGAN IN BEAUTIFUL WALNUT OR A RICH MAHOGANY VENEER, AS DESIRED.

THE FINISH is hand polished and rubbed, thus producing a luster seen only on the best pianos. All styles have the **fall extension music desk,** also the **double fold grand fall board.**

VARIETY OF TONE. **The method of constructing the case,** combined with a specially constructed reed board, qualifies the tone, causing it to differ from all reed organs, and giving it a delicacy with power that is wonderful and only equaled in resonating quality by the pipe organ. Like on the pipe organ also, the player can vary the tone and render the most beautiful effects and pleasing contrasts without stopping the music, by means of our wonderful yet simple method of controlling the action, while the seven and one-third octave keyboard and responsive touch of our organs give them **the same capacity for music as a piano.**

DURABILITY. **In lasting qualities these instruments excel any reed organ in the market,** as a most casual examination will show. The cases, keys, actions, veneered bellows and sounding boards, etc., are all of the highest grade materials and construction throughout, with absolute freedom from the slightest imperfection, while the great value of our improvements, in addition to the advantages they afford, is that they are all in the line of simplicity and replace features that are objectionable and the cause of trouble in other organs.

EASY OPERATION. **This is an extremely important point that cannot receive** too much attention from the purchaser. What satisfaction is there, however handsome and sweet toned the organ, if the touch tires the fingers, the treadles tire the feet, and the action is not easily controlled so as to give variety and effect to the music? It is in this very feature that **our piano-organs are so far beyond all comparison,** with their new and special improvements of touch, pedal arrangement, bellows and action control. First, in regard to

TOUCH **we claim perfection.** The keys respond with extraordinary quickness and elasticity, having none of the slow, stiff movement so common in organs, as we use the best reeds that speak quickly.

PEDAL ARRANGEMENT. **The patented pedal arrangement** has largely contributed to the remarkable success of our organs. The nickel pedals with guard are precisely like those of a piano, and have the exact leverage necessary to conform to the movement of the feet. **Thus a small child is able to sustain the full power of the organ with ease.**

THE BELLOWS. **The bellows, being unusually large and powerful, produce a full tone the entire length of the keyboard and also lessen the work of pumping.** The bellows and sounding boards are made of three thicknesses of lumber glued together, the grain of each thickness running in contrary direction, thus making impossible any shrinkage or splitting. The rubber bellows cloth is manufactured especially for us, none of the grades in the market for this purpose being durable. The bellows are the life of the organ, and of the thousands of organs made by us we have never heard of a single bellows becoming imperfect.

OUR BEST PIANO-ORGAN, THE HOME QUEEN, FOR $75.00

THIS INSTRUMENT IS THE FINEST ORGAN OF ITS KIND EVER OFFERED BY ANY MANUFACTURER AT ANY PRICE,

as it is the very latest model and is made of the very finest of selected parts and material by men who have given years of time and experience to the making of this style of instrument.

ALL ORGAN AND PIANO MUSIC CAN BE PLAYED ON IT

as it has a full sized piano keyboard, and all parts of the action are so very nicely and carefully adjusted that the touch is very quick and responsive, and the most difficult music can be played with great ease.

GENERAL DESCRIPTION

GRAND PNEUMATIC SWELL. It contains several improvements and patents that are not found in any other instrument, such as the pneumatic swell, which is closed when the organ is pumped gently, and a soft, melodious tone desired. When a louder tone is wanted, the performer naturally pumps harder, which causes the automatic swell to open gently, and at a very slight increase in speed of pedal, filling the bellows to the fullest extent, opens the swell wide and allows the magnificent full power of the organ to be heard.

NEW PATENT OCTAVE COUPLER. The instrument also contains a new patented automatic octave coupler operated by the middle pedal. When pressed down once it couples on both the treble and bass, and the reeds are so divided that there is no break, as in most organs. When pressed down the second time it releases the coupler.

THE TONE QUALITY AND POWER is equal to a regular pipe organ, as it is fitted with three full sets of reeds and a seven-octave keyboard; 238 reeds in all. Has three small button stops controlling the different sets of reeds, and there are no knee swells, as the instrument is fitted with a patent automatic swell, worked by the pressure of wind in the bellows.

PIPE SWELL ATTACHMENT. There is also a special sound box fitted over the reeds, which gives to the tone a beautiful and rich pipe like quality never before produced except in a regular pipe organ.

THE BELLOWS. In most piano-organs containing the number of reeds this one does, the bellows have to be so large to supply them that it is difficult to operate them. While our bellows are larger than in most instruments, by our new patent lever system the pedals are very easily worked, so that a small child can play the full power of the organ without any trouble.

THE CASE. A regular concert size piano case. Height, 56½ inches; length, 60 inches; width, 26½ inches. Doubly veneered with the finest mahogany veneer, highly polished and finished and hand rubbed by expert piano finishers, having the exact appearance of a $400.00 upright piano. It is fitted with the double fold rolling fall board, with full length hinges and automatic swing full length music desk, and all trimmings, pedals and guard are heavily silver nickel plated. In the illustration the beautiful panel work, carving and ornamentation of the case are shown, although it is impossible to appreciate, even from a photograph, the rich and magnificent appearance, as it is finished in the most beautiful mahogany veneer.

THE STOPS. Any of the different sets of reeds can be controlled, either singly or together, by means of the three small button stops directly over the keyboard, so easily operated and within such easy reach that it is not necessary to lift the hand from the keyboard to change the stops.

WEIGHT. This organ weighs about 450 pounds boxed and packed for shipment. By consulting the rates in the front of the book you will find that the freight amounts to next to nothing, when you consider the great value you are obtaining at a low figure and compare our price with the freight added on to what you would have to pay your local agent or any other dealer for the same quality.

DESCRIPTION OF OUR ACME QUEEN ORGAN.

DIMENSIONS—The height is 72 inches, the length is 42 inches and the width is 23 inches. You will observe by these dimensions that it is large, full size and in this respect equal to anything your retail dealer ordinarily carries in stock.

SHIPPING WEIGHT—The weight of this organ, boxed for shipment, is about 350 pounds. We box and pack our organs with great care, paying special attention to this detail, so that the instrument may reach you in perfect condition, not marred in any way, shape or manner.

THE FREIGHT on the organ will be very little compared with what we save you. See first class freight rates as given in front of book. In most instances the freight to any point within 200 miles would be about **$1.50**; 500 miles, **$2.25**; 1,000 miles, **$5.00**, and so on, and when you compare the **$20.00 to $30.00 saving** with the small freight charges, you can readily see that there is no comparison whatever.

COMPLETE IN EVERY RESPECT.

ACTION—The action of this high grade Acme Queen Organ consists of the celebrated **Newell reeds**, which are used only in the highest grade instruments. This organ is fitted with **Hammond's Conplers and Vox Humana**, also the best Dolge felts, leather, etc.

This organ has five octaves, eleven stops, two octave couplers, one toning swell, one grand organ swell, four sets of orchestral toned resonatory high quality reeds, one set exquisitely pure and sweet Melodia reeds, 37 in all, one set of 37 charmingly brilliant Celeste reeds, one set of 24 rich, mellow, smooth, Diapason reeds, one set of 24 pleasing, soft, melodious, Principal reeds; **a total of 122 reeds.**

NAMES OF THE ELEVEN STOPS—Diapason, Principal, Dulciana, Melodia, Celeste, Cremona, Bass Coupler, Treble Coupler, Diapason Forte, Principal Forte and Vox Humana.

THE CASE—It is difficult from the illustration, even large as the one shown, or from a general description **to give you an idea of the beauty of this case. It is one of the handsomest ever used on any organ at anything like the price.** We furnish it only in solid oak, handsomely finished, beautifully carved and ornamented. It is especially constructed to develop the acoustic properties of the organ, forming a qualifying chamber, **which gives a pipe like quality to the tone hitherto unattained in the finest reed organs.** Special attention has been given to the seasoning of the wood of which this organ is constructed, so that it is not **subject to climatic changes.** It is highly finished, has a 10x14 inch **French bevel plate mirror,** nickel plated pedal frames and every modern improvement.

THE BELLOWS—The bellows used in this action **are made of the best rubber cloth** and of 3-ply bellows stock, and the finest sheepskin leather in the valves.

THE TONE—The tone is one of the most important qualities in any organ and with our Acme Queen the tone is faultless. The depth and breadth of the sounding chamber is exactly proportioned, so as to give beauty to the tone without sacrificing the sweetness. This, together with the finely tempered metal used in the reeds, **secures a purity of tone which can only be equaled by the soft pipe of the church organ.**

We are safe in saying that in no other organ manufactured have these pipe like qualities been procured. The special feature in the action of our **Acme Queen Organ** will be found only in organs of this manufacture.

DESCRIPTION.

6 Octaves, 11 Stops, 2 Octave Couplers, 1 Tone Swell, 1 Grand Organ Swell, 4 Sets Orchestral Toned Resonatory Pipe Quality Reeds; 1 Set Exquisitely Pure and Sweet Melodia of 49 Reeds; 1 Set Charmingly Brilliant Celeste of 49 Reeds; 1 Set Rich, Mellow, Smooth Diapason of 24 Reeds; 1 Set Pleasing, Soft, Melodious Principal of 24 Reeds, making a total of 146 reeds.

NAMES OF 11 STOPS. Diapason, Principal, Dulciana, Melodia, Celeste, Cremona, Bass Coupler, Treble Coupler, Diapason Forte, Principal Forte and Vox Humana.

THE ACTION in this organ consists of the celebrated Newell reeds, which are only used in the highest grade instruments. This organ is fitted with Hammond's couplers and Vox Humana, also the best Dolge felts, leathers, etc.

THE CASE. This is one of the handsomest cases ever used on an organ at anything like the price. It comes in solid oak, black walnut finish beautifully carved, ornamented and decorated, as shown in the illustration. It is especially constructed to develop the acoustic properties of the organ, forming a qualifying chamber which gives a pipe-like quality to the tone, hitherto unattained in the finest reed organs. The wood used in the case is thoroughly seasoned and will stand any climatic changes. It is highly finished, has a 10x14-inch French bevel plate mirror, nickel plated pedal frames, and every modern improvement. The sides are 1¼-inch lumber, and below the keyboard it is finished in panels. The new and handsome marquetry designs on each side of the mirror are not found in any other organ.

THE TONE. That most important quality in an organ is faultless. The depth and breadth, without sacrificing sweetness of tone by the sounding chamber, together with the finely tempered metal used in the reeds, secure a purity of tone which can only be equaled by the soft pipe of the Church Organ. These pipe-like qualities cannot be procured from any other manufacturer at any price.

DESCRIPTION OF THE BEAUTIFUL CASE.

This Beautiful New Home Cabinet Organ is built in either solid black walnut or quartered oak as desired. The case is handsomely carved, decorated and finished, as shown in the illustration, which is an exact reproduction of the photograph of the organ. It is 78 inches high, 44 inches long, 23 inches deep. Only the

VERY BEST SEASONED KILN DRIED LUMBER

is used, and the top is ornamented with a French plate mirror, 10x12 inches in size, and the carved music desk acts as a lid for a large and roomy cupboard for music books, etc. At each side of the music desk are safety lamp stands.

In addition to the neat and tasty fretwork, the base of the organ is decorated with handsome turned pillars and beautiful carvings, and is provided with a sliding fall cover with lock, rollers for moving, and in fact, every modern improvement.

THE ACTION. This is the most powerful double reed action ever invented, so simple and yet so strongly constructed that it cannot get out of order. The tone is powerful, rich, full and sweet, and by the use of the stops an endless variety of effects is perfectly at the organist's command. The metal parts are of the finest coppered and silvered steel wire and impervious to damp and rust. It is especially prepared to withstand all climatic changes, this being absolutely necessary, owing to our enormous trade in all climates. It is fitted with 5 octaves, 4 sets pipe-toned reeds, 122 in all; double octave couplers, 11 necessary stops, 2 knee swells and vox humana, all the latest improvements, everything up to date and a perfect parlor organ.

THE BELLOWS used with this action are the finest and most powerful possible to construct. The silk rubber cloth is extra heavy, and the bellows will not leak. The automatic air valve relieves all surplus pressure so that the bellows cannot be overstrained.

THE INSIDE FINISH of this organ is as neat and perfect as the outside. Every part is well looked after and none but the very best mechanics are employed in building.

FITTINGS. Among the fittings of this organ you will find in addition to the heavy bevel plate mirror, bevel faced celluloid stop knobs, nickel plated pedal frames with best Brussels carpet, extension lamp shelf and handles.

THE SIZE OF ORGAN. This organ is 78 inches high, 44 inches long, 23 inches deep, and when packed, ready for shipment, will weigh about 350 pounds.

NAMES OF 11 STOPS. Diapason, Principal, Dulciana, Melodia, Celeste, Bass Coupler, Treble Coupler, Diapason Forte, Principal Forte, Vox Humana and Cremona.

OUR A GRADE ROYAL GRAND ORGAN, $38.75.

No. 46T40 Order by Number.

...DESCRIPTION...

THE CASE is made of the finest selected solid oak, finished golden, which gives it a very rich appearance and a finish which is in very great demand for organ cases. We can furnish it in walnut, but the rich dark oak is preferred by most all of our customers.

THE SIZE of our Royal Grand Organ, A Grade, is 82 inches high, 46 inches long and 24 inches wide.

THE DESIGN of this organ is one entirely new and original, and one which we know will please. It is extremely rich and elaborate. The top is ornamented with a French bevel plate mirror, 14x20 inches in size. It is also fitted with a handsome new design music desk and shelves for bric-a-brac. It has ample room for a lamp, a sliding fall cover, lock, rollers and new pattern handles; in fact, it is constructed with a view of embodying every modern improvement.

THE BELLOWS used with this action are the finest and most powerful possible to construct. The lumber used is highly seasoned. The silk rubber cloth is extra heavy and the bellows will not leak. It is fitted with automatic air valve, which relieves all surplus pressure; absolutely perfect and almost non-destructible.

THE TONE, which is always an important feature, has been given particular attention, being most exquisite, full, round and resonant; thus it is susceptible to the most delicate variations. The reeds are perfectly tuned and the tone is such as is found only in the highest grade instruments.

THE ACTION is perfect. It is strong and durable, all metal parts are of the finest and most evenly tempered coppered and silvered steel wire, impervious to dampness and rust. It is practically mouse and dust proof, and especially prepared and adapted to withstand all climatic changes.

WE FURNISH THIS ORGAN COMPLETE with a handsome organ stool and instruction book, all carefully boxed and delivered on board the cars in Chicago, AT OUR SPECIAL PRICE OF..... **$38.75**

CASE. The illustration of our Imperial Grand Organ gives but a fair idea of the handsome appearance of this beautiful case. It is made of quarter sawed oak, handsomely decorated, beautifully carved and ornamented. It is finished golden, and is in every respect guaranteed to be free from defects in material and workmanship. We can furnish this organ in walnut, but the handsome dark oak finish of the case as described above is preferred by most of our customers, and we recommend it in preference to the walnut.

THE DESIGN. The design of this organ is one that is entirely new and one that will please the most exacting. It is an instrument so handsome that it will grace the home of the wealthy, and at the same time is so low in price as to be within the reach of all. One of the most attractive features of this case is the handsome cabinet which can be used for bric-a-brac or other articles, and the handsome mirror, which forms the door of the cabinet, becomes immediately a useful as well as ornamental part of the case.

THE SIZE of our Imperial Grand A Grade Parlor Organ is 86 inches in height, 46 inches in width, 24 inches in depth. Shipping weight, about 400 pounds.

THE ACTION IS UNEQUALED.

It consists of five octaves, four sets of reeds, as follows:

One set of round pipe Principal Reeds of.....24 notes.
One set of exquisitely pure, sweet Melodia Reeds of.....37 notes.
One set of rich, mellow Diapason Reeds of.....24 notes.
One set of charmingly pure Celeste Reeds of.....37 notes.
122 in all.

The names of all the eleven stops are:

DIAPASON,	PRINCIPAL,	DULCIANA,
MELODIA,	CELESTE,	CREMONA,
BASS COUPLER,	TREBLE COUPLER,	DIAPASON FORTE,

PRINCIPAL FORTE AND VOX HUMANA, also

GRAND ORGAN AND KNEE SWELL.

TONE. One of the most important features in an organ is the tone. In this respect our organs are distinct from all other organs; in fact, the tone is most exquisite, full, round and resonant and susceptible to the most delicate variations. In the hands of a skilled organist this instrument is capable of producing the most charming music. The voicing and peculiar arrangement of the reeds and the careful attention given to the tuning have enabled us to place before our customers an instrument superior in every respect to the ordinary organs carried in retail stores at 50 per cent more than our factory to consumer price. All metal parts are of the finest and evenly tempered, impervious to damp and rust. It is practically dust and mouse proof and is especially fitted to withstand climatic changes.

No. 46T54 AA GRADE
IMPERIAL GRAND PARLOR ORGAN AT $47.95

THIS ORGAN at $47.95 is the same as the A Grade described above, but includes the following additional Reeds and Stops, namely, 37 Flute Reeds, making a total of 159 Reeds in all, and the additional Viola and Flute Stops, making 13 Stops in all.

No. 46T56 AAA GRADE
IMPERIAL GRAND PARLOR ORGAN AT $50.95

SPECIAL ADDITIONAL FEATURES: This organ is the same as the A Grade and AA Grade described above, but it contains in addition to the 159 Reeds and 13 Stops of the AA Grade Organ, an additional 24 Bourdon Reeds, 24 Clarionet Reeds and 37 Cornet Echo Reeds, making a total of 244 REEDS IN ALL. In addition to the 13 Stops of the AA Grade Organ, it includes the following Stops, namely: Bourdon, Clarionet, Cornet and Cornet Echo, making a TOTAL OF 17 STOPS. It is well worth the difference in price, and we advise our customers, where they can afford it, to pay the difference and secure our AAA Grade Imperial Grand Parlor Organ at $50.95.

THE BILHORN TELESCOPE ORGAN.

FOR SCHOOL ROOMS, AT YOUR HOMES, WHEREVER MUSIC IS WANTED, IN PRICE THE CHEAPEST.

YOU NEED IT EVERYWHERE. OUR "49-NOTE" (four-octave) ORGAN is rapidly supplanting more expensive instruments in Churches everywhere.

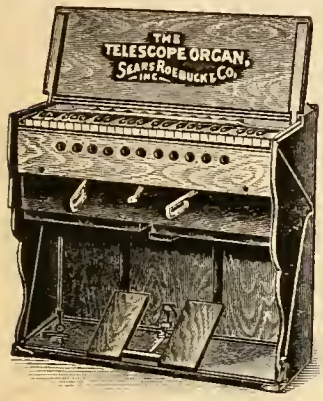
OUR TELESCOPE ORGAN

is adapted for use under all circumstances, in places where there is no instrument, or where portability is desired.

IT IS THE ONLY PERFECT FOLDING ORGAN. We challenge competition of workmanship, and we claim: 1st—In size, the smallest. 2d—In appearance, the neatest. 3d—In traveling, the handiest. 4th—In shipping, the strongest. 5th—In carrying, the lightest. 6th—In wet weather, the safest. 7th—In folding, the quickest. 8th—In tone, the sweetest. 9th—In volume, the most powerful. **BEST OF ALL.**

CASE—The case is built of choice 3-ply oak veneering, ¼ inch thick, thus making it light, durable and far more resonant than the old way of making organ cases.

TRIMMINGS—The outside trimmings, including hinges, screws, corners, etc., are of brass, with high nickel polish. This gives the organ a fine appearance and prevents the metal parts from rusting in damp or salty climates.



KEYS—The keys are regular organ width. They are overlaid with XX celluloid, and are like all other first class piano or organ keys.

BELLOWS—The bellows is one of our special features. It is very easily operated, of great power, is made of 3-ply select stock, and **will never crack, split or leak.** The rubber sheeting used is of the **very best quality.** It will stand the test of any climate and strain of any reasonable usage.

LININGS—Special attention has been given this part and **only the best material obtainable used.**

TONE—This most essential quality has been carefully considered and the result is **a rich, mellow tone, highly satisfactory to the most musical cultured ear.** The full organ gives sufficient power to lead a thousand voices in song, while with the mutes a tone soft, clear and sweet can be produced.

FINISH—The finish is strictly first class, only the very best material being used. All organs are well filled, coated and recoated with best body varnish, hand rubbed and highly polished: giving a smooth, hard and durable surface.

PEDALS—The pedals are large enough for a man's foot. They are neatly covered with oilcloth, and so arranged that when the organ opens they instantly spring into place, and in folding the organ they adjust themselves. They are neat in design and substantial.

BOOK REST—The book rest will accommodate sheet music or any sized song books.

SPRINGS—The air chamber valves and springs are of the same style and quality used in larger organs costing from $150.00 to $200.00.

APPEARANCE—When folded the organ has the appearance of a neat sample case, and is secure against dust, rain, snow or mice. They can easily be carried with one hand.

HANDLES—The handles are cushioned with rubber, and so arranged that they are convenient for one or two persons.

GENERAL DESCRIPTION.

Size of organ—This organ is 4 feet 3 inches high, 2 feet deep and 3 feet 10 inches wide and weighs, boxed for shipment, about 350 pounds. **General description**—This organ comes with 5 octaves, 11 stops and two knee swells. Contains 4 sets of reeds as follows: 1 set round pipe-like Principal reeds of 24 notes, 1 set exquisitely pure, sweet Melodia reeds of 37 notes, 1 set rich, mellow, smooth Diapason reeds of 24 notes, 1 set charmingly brilliant Celeste reeds of 37 notes; 122 in all. 11 necessary stops, as follows: Diapason, Principal, Dulciana, Melodia, Celeste, Cremona, Bass Coupler, Treble Coupler, Diapason Forte, Principal Forte, Vox Humana, Grand Organ and Knee Swell. **Description of case**—This organ is made in solid oak, beautifully carved, decorated and ornamented, neat and tasty in design, substantially and durably constructed, elegantly finished, has upright bellows of great capacity, best steel springs, rollers, handles, safety lamp stands, sliding fall cover with lock, all the latest conveniences and improvements. The back is finished in panels and scroll work, making a very ornamental organ for a stage or platform. **The bellows** used with this action are the finest and most powerful possible to construct. The lumber is highly seasoned, the silk rubber cloth is extra heavy, and bellows cannot leak. The automatic air valve relieves all surplus pressure, so that the bellows cannot be overstrained. They are self regulating. Pedal straps are ingeniously fixed by a contrivance which will not wear and positively prevents breakage. **Tone**—This all important feature has been most carefully looked after. The reeds in this organ being especially tuned and voiced for chapel work, the tone is exceedingly brilliant and powerful, at the same time pure and melodious, a combination rarely found except in our organs. **About the fittings**—Among the fittings of this organ will be found bevel faced celluloid stop knobs, nickel plated pedal frames with best Brussels carpet, extension lamp shelves and handles. You will find every little point has been well looked after, and nothing but the very best quality of material, including wire, leather, felt, rubber cloth, etc., goes into this instrument, hence our 25-year binding guarantee.

WE WILL GUARANTEE YOU CANNOT DUPLICATE THIS ORGAN ELSEWHERE FOR ANYWHERE NEAR THIS LOW FIGURE, AND OUR PRICE OF $28.75 SAVES YOU MONEY.

THIS IS THE LONGEST, STRONGEST AND MOST BINDING GUARANTEE ISSUED WITH ANY ORGAN.

REDUCED FROM OUR FORMER PRICE OF $34.00.

$32.75 NO SUCH BARGAIN WAS EVER OFFERED BEFORE.

WE GUARANTEE this the best Organ for school or church that has ever been offered at anything like the price. When you buy this organ from us at $32.75 you are buying it on the basis of the actual cost of material and labor, with only our one small percentage of profit added, buying it for less money than your local dealer can buy in quantities.

IF YOU ARE IN THE MARKET for a Chapel Organ for home, for school or for church, we are extremely anxious to receive your order, especially if the instrument is going into a public place, not for the little profit there will be in it to us, but for the opportunity to show people the value it is possible for us to furnish on our one small profit, manufacturer to consumer plan.

WE KNOW THAT ONE OF THESE ORGANS placed in any public place and bought at $32.75 will make us friends and customers, and if favored with your order we will make it our business to see that you receive such a chapel organ as has never been shown by any other concern at anything like the price.

THIS HANDSOME ORGAN is made of solid black walnut or oak, finished in front and back. It comes complete with stool and instruction book as illustrated. The price quoted is for the organ carefully boxed and delivered free on board the cars in Chicago.

Contains 4 sets of reeds, as follows:
1 set round pipe-like Principal reeds of 24 notes.
1 set exquisitely pure, sweet Melodia reeds of 37 notes.
1 set rich, mellow, smooth Diapason reeds of 24 notes.
1 set charmingly brilliant Celeste reeds of 37 notes; 122 in all.
11 necessary stops, as follows:
Diapason, Principal, Dulciana, Melodia, Celeste, Cremona, Bass Coupler, Treble Coupler, Diapason Forte, Principal Forte, Vox Humana, Grand Organ and Knee Swell; 122 Reeds.

DESCRIPTION OF CASE. This Organ is made in solid oak or black walnut, as desired, beautifully carved, decorated and ornamented, neat and tasty in design, substantially and durably constructed, elegantly finished, has upright bellows of great capacity, best steel springs, rollers, handles, lamp stand, sliding fall cover with lock, all the latest conveniences and improvements.

THE BELLOWS used with this action are the finest and most powerful possible to construct. The lumber is highly seasoned, the silk rubber cloth is extra heavy, and bellows will not leak. The automatic air valve relieves all surplus pressure so that the bellows cannot be overstrained. They are self-regulating. Pedal straps are ingeniously fixed by a contrivance which will not wear and positively prevents breakage.

THE TONE. The tone as in all our organs is remarkably pure, sweet and harmonious, combining volume and variety, while the exceedingly low price at which we offer it alone recommends it to those desiring a really first class organ for Sunday school, church, school or parlor use.

THIS HANDSOME CHAPEL ORGAN IS BUILT FOR THOSE WHO DESIRE PLENTY OF MUSIC AND A PLAIN, DURABLE CASE.

ABOUT THE FITTINGS. Among the fittings of this Organ will be found bevel faced celluloid stop knobs, nickel plated pedal frames with best Brussels carpet, extension lamp shelf and handles. You will find every little point has been well looked after, and nothing but the very best quality of material, including wire, leather, felt, rubber cloth, etc., goes into this instrument, hence our 25-year binding guarantee.

THE TONE. The tone of this action, that all important quality, is simply super-excellent in every respect, and in the hands of the skilled organist, orchestral and pipe organ effects can be beautifully imitated. The voicing and peculiar arrangement of the reeds, and the careful attention to the tuning, have enabled us to place before our friends and the general public an action that we can pronounce to be absolutely perfect. It is strong, difficult to displace, all metal parts are of the finest and most evenly tempered wire, impervious to damp and rust. It is practically dust proof and especially prepared and adapted to withstand all climatic changes.

The Organ Weighs, Boxed for Shipment, about 400 Pounds, and by referring to the freight rates in front of book you can calculate very closely what the freight to your place will amount to. You will find it will amount to next to nothing as compared with what you will save in price.

Our... Special $3.95 EDGEMERE CONSERVATORY VIOLIN OUTFIT.

A GENUINE STRADIVARIUS MODEL CONSERVATORY VIOLIN.

THIS VIOLIN is made for us by Albin Bauer, one of the best known makers of violins in Europe. His instruments are well known throughout the United States and other countries, and are recognized for their excellent qualities. These violins are sold by us at such a small margin of profit that in buying one of our Edgemere outfits, you get a violin which alone would cost you more than double what we ask for the entire outfit.

THERE IS NO ARTICLE OF MERCHANDISE THAT IS SO SUSCEPTIBLE TO FALSE VALUATION AS VIOLINS AND THEY ARE, THEREFORE, SOLD THROUGHOUT THE COUNTRY BY OTHER MUSIC DEALERS AT ENORMOUS PROFITS.

WE ARE THE FIRST CONCERN THAT HAS ATTEMPTED TO MARKET MUSICAL GOODS IN GENERAL ON GROCERY PROFITS, and in offering our

EDGEMERE VIOLIN OUTFIT AT $3.95

we have reserved for ourselves but our usual one small margin of profit, and hope thereby to have every violin serve as an advertisement for us.

DESCRIPTION.

THESE VIOLINS are made of selected, very old and thoroughly seasoned wood, especially prepared for the construction of violins. The back is made of two pieces of curly maple, beautifully flamed, as shown in illustration. The top is made of spruce, selected with a view of producing the best tone. The neck and scroll are made of handsome curly maple to correspond with the back and sides.

THE FINISH of the violin is a beautiful reddish brown color, handsomely shaded and highly polished. The fingerboard, tail piece and pegs are of genuine solid ebony, which is used only on the higher grade instruments. Every violin is branded "Conservatory" on the back of the scroll.

THE TONE is all and even more than is usually found in violins of much higher price. Sweet in quality and amply powerful for all requirements.

ORDER ONE OF OUR $3.95 EDGEMERE VIOLIN OUTFITS and compare it with violins offered by any other dealer at from $7.00 to $10.00, and if you do not immediately recognize the superiority of our instrument you are at liberty to return it to us at our expense and we will refund your money in full.

OUR TEN DAYS' FREE TRIAL OFFER.

ORDER one of our $3.95 EDGEMERE VIOLIN OUTFITS, use it in your own home for TEN DAYS, and if not found to be all and even more than we claim for it, by far the greatest value you ever saw, a violin such as you could not duplicate at double the price we ask, you may return it to us at our expense of transportation charges both ways, and we will cheerfully refund your money.

No. 12T262 Our Guarnerius. This is a genuine copy of this celebrated model. It is made of the very finest selected material, finely flamed back and neck, beautiful amber varnish, reddish color, French polished, full ebony trimmed. **Our Guarnerius model is one of the best of its kind to be had, and is equal to violins that retail at $30.00 to $25.00. With this violin we include a case, bow, etc., as described above.** Our special price.....**$10.00**

Jacobus Stainer.

No. 12T264 Jacobus Stainer. This is one of the handsomest and best made violins which we have ever offered. It is an exact copy of the celebrated old Stainer violins, but a much finer grade of instrument than is ordinarily sold by music dealers throughout the country. It should be seen to be appreciated. Beautiful in workmanship, handsomely varnished and polished, trimmed with the best grade of ebony, carefully adjusted, and generally recognized as a superior instrument by everyone. **This violin is the product of one of the most noted makers, and for the first time is offered by us at $12.95, including bow, case, instruction book and strings, as described above.** Our special price for the entire outfit.....**$11.45**

Genuine Caspar DaSalo Copy.

No. 12T266 The Genuine Caspar DaSalo Copy. These violins are among the best copies of this celebrated maker, and are guaranteed perfect in every respect. Every instrument is made from old and choice wood, assuring a sweet and powerful tone. Like all of the genuine Caspar DaSalo violins it is handsomely inlaid in the back with double purfling, as shown in the illustration, giving it the appearance of an instrument of great value. **We import direct from the maker** and can therefore furnish the instrument with but our one small margin of profit added, saving all intermediate profits and commissions for the benefit of our customers. **Read our ten days' trial offer** as explained above, also a description of the **violin bow, case, etc., which we furnish with this violin, and which altogether will represent an outfit that any other dealer would not sell for less than $30.00 or $40.00.** Our special price.....**$13.25**

Celebrated Duerer Violin.

No. 12T268 Celebrated Duerer Violin. Wilhelm Duerer is one of the greatest living violin makers in Europe. In model, finish and workmanship, there is absolute perfection, while in purity of tone, his instruments are superior to any of the more modern makers in Europe or America. In offering his Artist Violin we know we are furnishing an instrument of exceptional merit, a violin specially adapted to the requirements of orchestra or solo playing, as the tone is remarkably even in power on all four strings, at the same time being full and sweet. Every instrument is carefully inspected before shipping and is guaranteed absolutely perfect. **This violin is the great Stradivarius model, and like all our high grade violins, is made of choice old wood, and finished with the finest quality ebony finish.** The varnish is amber brown shaded, giving to the violin the appearance of an instrument which cost from $50.00 to $75.00. **We include with this violin a fine bow, wood case, instruction book and set of strings, as described above.** Our special price...**$17.50**

Imperial Amati Violins.

No. 12T270 Imperial Amati. These violins are made especially for us by the celebrated violin maker, Wilhelm Duerer, one of the greatest makers in Europe. Every instrument is made of specially selected choice old wood, as shown in the illustration, the back is made of one piece and the head is beautifully carved, giving the instrument a very handsome appearance, and being a reproduction of the genuine Amati violins. **These violins are beautifully finished throughout, and trimmed with the best quality of ebony.** The varnish is yellowish brown in color, perfectly transparent, and is equal in quality to that used on the very finest violins made. Like all Amati violins these instruments have a very sweet quality of tone, and are especially desirable for concert playing. Before deciding on any other violins, you should order one of our celebrated Amati instruments on **our ten days' trial offer,** as explained above, and you will readily see that you can save at least $30.00 to $40.00 by buying from us. **We furnish with each violin a case, bow, instruction book and set of strings, as described above.** Our special price..**$18.85**

Genuine Lowendall Violin.

No. 12T276 Louis Lowendall has been recognized for many years as the greatest violin maker in Germany. His instruments are well known throughout the United States and other countries and are recognized by all players as possessing the fine qualities of the old masters. They are all made of specially selected choice wood, thoroughly seasoned by age. **Our Paganini violin is the same model violin as was used by the wonderful player of that name and is made especially for us by Louis Lowendall and therefore cannot be procured of any other dealer.** These violins are beautifully finished throughout and are trimmed with the best quality of ebony. The varnish is what is known as the pure amber varnish, is transparent and gives the violin the distinct appearance, from which the artist's workmanship is immediately recognized. We are able to procure but a limited number of these instruments during any one year, and any purchaser may congratulate himself upon possessing one. **Beware of imitations, as every one of the celebrated Paganini model violins bears a special label; countersigned by the maker with his own autograph.** Before deciding to purchase from any other dealer you should order **one of our celebrated Paganini instruments on our ten days' trial offer,** as explained above. With every one of these violins we furnish a wood case, extra fine quality **bow, instruction** book and a complete set of our Acme Professional Strings. Such a violin with the accessories which we give could not be purchased at retail from any music dealer at less than $50.00 to $75.00. We offer it at our one small margin of profit, the same as we quote on all staple articles of merchandise. Our special price.....**$19.95**

Our ACME PROFESSIONAL Mandolins

WE HAVE SPARED NO EXPENSE OR TIME

In having made a line of Mandolins that cannot in any way be surpassed in

QUALITY OF TONE, CORRECTNESS OF SCALE AND PERFECTION IN WORKMANSHIP AND MATERIAL.

WE GUARANTEE EACH AND EVERY INSTRUMENT to be accurately fretted, and to possess a tone which cannot be had in any mandolin at twice the prices we ask for them.

THESE INSTRUMENTS are manufactured for us, in large quantities, under special contract, by one of the largest and best known manufacturers of stringed instruments, for professional use, in the world, and we are, therefore, enabled to sell them at much lower prices than you would be obliged to pay the manufacturer for the same grade mandolin. The wood used in these mandolins is thoroughly seasoned, being made of three-year-old stock, each and every rib being carefully gauged and fitted, so that when finished we have a perfect instrument in every detail.

WE GUARANTEE THESE INSTRUMENTS against warping or cracking. Should you purchase one of these instruments and it should crack or warp from natural causes, we will cheerfully replace same free of charge. It will pay you to see and test our mandolins before buying elsewhere.

A FULL SET OF OUR ACME PROFESSIONAL STRINGS, A BOOK OF GUCKERT'S CHORDS, AND ONE PROFESSIONAL MANDOLIN PICK FREE WITH EVERY INSTRUMENT.

OUR TEN DAYS' TRIAL OFFER. Order one of our high grade mandolins listed on this page and use it for ten days; if not found satisfactory and all that we claim for it, return it at our expense of freight charges both ways, and we will refund your money in full.

THE UNIVERSITY GLEE BANJO.

OUR VERY FINEST BANJO—NOTHING BETTER MADE.

No. 12T868 The steady increase in our music department has enabled us to make more favorable contracts than ever before and has warranted our adding an entirely new instrument to our line of banjos; one that is sure to please the very best performers, and in point of elaborate workmanship is the equal of the finest instruments on the market. Our University Glee banjo is a full 3½ octave instrument, having a 19-inch neck, accurately fretted. The shell is full 11 inches in diameter with nickel plated German silver rim, 2¼ inches in depth and double overspun wire edge. The rim is lined with maple and veneered with bird's-eye maple, giving a very attractive appearance to the inside of the banjo. It has 31 best quality shoulder brackets with protection nuts of the latest pattern, and extra heavy strainer hoop; all parts handsomely nickel plated and highly polished. The head is warranted best quality genuine Joseph Rogers' make. The neck in this banjo is unlike those used in other instruments, being veneered with three layers of different colored wood, on the top of which is an extra thick solid ebony fingerboard, elaborately inlaid with pearl in vine design, as shown in the illustration. The head is veneered in the same way and inlaid with fancy pearl figures and fitted with white celluloid, patent non-slipping pegs. The heel of the neck is magnificently hand carved and built up with fancy colored layers of wood, to which is fastened our patent nickel plated brace, which gives greater strength to the neck and serves as an adjuster and regulator to the angle of the fingerboard. The illustration shows front and back view of the banjo; it must be seen to be fully appreciated. You cannot afford to purchase elsewhere until you have seen and tried this wonderful banjo. The purchaser of this magnificent instrument may be sure of owning a genuine, strictly high grade S. S. Stewart banjo, and one which regularly retails at from $50.00 to $75.00.

THE AUTOHARP

THE AUTOHARP has become one of the MOST POPULAR of small instruments. This popularity is well deserved. Thousands are in use and the sale keeps on increasing at a wonderful rate. **REASONS WITHOUT NUMBER** exist for the universal demand for these high class instruments. **SIMPLICITY:** There are no complicated parts, no mechanism that requires the skilled hand to operate. Anyone—whether he has musical ability or not, can play it with very little practice, and play it well. **MUSICAL QUALITY:** Thousands testify to its sweetness of tone, which equals that of the highest grade piano. The most difficult productions may be played on it, while as an accompaniment for the voice it has no superior. **CHEAPNESS.** Never before has it been possible for the house to be graced with high class music at so small an expense. The prices which we name enable the poorest to possess an instrument which will produce the sweetest music and give just as much pleasure as would a high priced piano.

TEN DAYS' TRIAL. **Use the Autoharp ten days in your own home and if during that time you have any reason to be dissatisfied, return it to us and WE WILL RETURN YOUR MONEY.**

WHILE WE RECOMMEND **sending the full amount of cash with your order, we will, if desired, upon receipt of $1.00, send any autoharp by express C. O. D., subject to examination.** You can examine it at your express office and if you find it perfectly satisfactory, pay the express agent the balance and express charges. If not found entirely satisfactory the shipment will be returned to us at our expense and we will cheerfully refund your deposit. Most of our customers send cash in full, thereby saving the charge which the express companies always make for collecting and returning the money, and which will amount to from 25 to 50 cents on every shipment.

OUR MUSICAL INSTRUMENTS **have a reputation all over the country. Ask your neighbors their opinion of our musical goods. Our instruments will be found in nearly every town in the states, and THEY ARE OUR BEST ADVERTISEMENTS.**

COLUMBIA ZITHERS.

THE COLUMBIA IS A SIMPLIFIED GERMAN ZITHER AND REQUIRES NO TEACHING. Our method of instruction is so easy that anyone can learn to play the instrument in a very short time. The base notes are tuned in groups of chords. This is a very attractive feature, as one has the various chords of the key ready to be plucked without effort. As an accompaniment to the voice these chords are invaluable. In connection with the violin, piano and other musical instrument, the Columbia is delightful. **It rewards individual skill more than any other harp in existence.** We have produced a musical instrument which charms alike the home circle and the concert audience. Every instruction book contains a list of music arranged for the instrument in figures easily comprehended. Our repertoire contains nearly **everything published in the popular music of the day,** besides all the standard music which has won the hearts of generation after generation.

CAUTION—Do not confuse the Columbia Zither with anything in the harp line. It is not a harp, but a zither—an instrument upon which can be played any class of music, and it is without an equal.

The Columbia Zither, Only $1.95.

No. 12T920 The Columbia Zither illustrated herewith, is 11½ inches wide by 20 inches long, made of maple, finished in imitation ebony, highly polished, has 31 strings, which produce the scale and chords of key of C, also a chart attached, which gives the number and letter of each string. MANDOLIN-GUITAR-ZITHER.

THREE INSTRUMENTS COMBINED AT THE PRICE OF ONE.

THE WONDER OF THE AGE.

THE DEWEYLIN HARP, the greatest musical instrument that has ever been placed before the public. **The Mandolin, Guitar and Zither, three of the sweetest toned instruments, are combined in this Harp,** which is so simply constructed that anyone may become master of it in a very short time, without the aid of a teacher. No picks or rings are required to play the instrument, a patent keyboard being used instead. As you will see in the illustration, the instrument is made after the style of the Guitar-Zither, having treble strings on which the air is played and accompaniment strings for the accompaniment. The keyboard, which is placed over the strings, is the one great feature with which the mandolin effect is produced. The keys, which are made of ebony, placed on spiral springs, extend through the cover or keyboard, which is mounted on rubber rollers actuated by springs on the ends, which, when moved rapidly, trill the strings, imitating the mandolin perfectly; in fact, a better trill can be made than with the hand. This improvement also keeps the instrument in better tune, as the strings are picked evenly at all times. The accompaniment, or guitar effect, is produced with the left hand by picking the strings, which are arranged in chords. **Any chord or chords of the key of the instruments may be made as well as thirds and sixths.** The wonderful simplicity of this instrument, together with the numbered music which is published for it, makes it the greatest novelty of the musical world. **An instruction book and a tuning hammer accompany each instrument.**

THE ZITHO-HARP

IS A NEW OVERSTRUNG INSTRUMENT OF EXTRAORDINARY BEAUTY AND ELEGANCE, PRODUCING A TONE WHICH FOR SWEETNESS, PURITY AND RESONANCE FAR EXCELS ANY AND ALL INSTRUMENTS OF ITS CLASS.

IS A DOUBLE INSTRUMENT having two distinct parts, one for the treble or melody, played with the right hand, the other for the bass or accompaniment, arranged in harmonic groups or chords, played with the left hand. The great feature of the Zitho-Harp is the crossing at right angles of the bass and accompaniment strings over the melody strings and over the center of the sounding board and sounding hole, an entirely new arrangement found in no other instrument, making it not only easier and more convenient to play, but adding a beauty and fullness to the tone such as has never been approached on any stringed instrument. The artistic and handsome design of the Zitho-Harp permitting of a large, deep sounding chest, accounts partly for the great volume of tone of which this instrument is capable.

The beautiful and sympathetic blending of the crossed vibrations thus produced is something wonderful.

MUSIC BOXES

SELF-ACTING—AUTOMATIC—CYLINDER. **These boxes are made by the best manufacturer in Switzerland, the home of the music box. It is a recognized fact that the originator and best makers of musical boxes are the Swiss people. In presenting this line to our customers, we have made a very careful selection from the catalogue of one of the best known Swiss makers, and know we are offering an assortment that is unsurpassed.** Every box is made with the greatest care, and the comb and mechanism being firmly attached to the bottom (the sounding board) of the beautifully finished cases, brings forth the best possible quality of tone—that sweet, delightful tone so peculiar to the Swiss box. The mechanism is simple and will not get out of order, unless tampered with. A drop of oil occasionally in the worm of the governor keeps them running nicely, and each box is furnished with a safety catch that makes serious accidents impossible.

No. 12T948 This box measures 4½x3¼x2¼ inches; is a perfect little musical instrument. It plays two tunes. The case is highly finished in natural wood. The mechanism winds with a key, and can be started and stopped by a small lever on the front of the box. Shipping weight, 16 ounces.

Our special price.....**$1.95**

No. 12T950 The music box as shown in illustration is 5¼ inches long, 3¼ inches wide and 2¼ inches high. The case is made of walnut, beautifully polished and highly finished. Our $24.95 Music Box.

No. 12T958 This box is the largest and finest box which we furnish and is the most wonderful value ever offered in this line. The case is of handsome rosewood veneer, with beautiful white wood inlaying, highly polished and finished.

The box is 24x9½x6½ inches. The cylinder is 11 inches in length and plays 12 complete and different tunes. The tone is exceptionally pleasing, and with the new auto-zither attachment a surprising and delightful change in tune can be made. This can be used at will by the simple moving of a lever and a very pretty effect can be secured. PLAYS 12 TUNES.

The box is operated by a very large strong spring; which is wound up by a lever handle. There are also two levers, one to enable you to repeat any tune desired and which can be repeated as many times as you wish, the other lever to start and stop the box. **Our price on this box is considerably less than what other dealers are obliged to ask as we import all of our Swiss boxes direct and list them at our usual one small percentage of profit.**

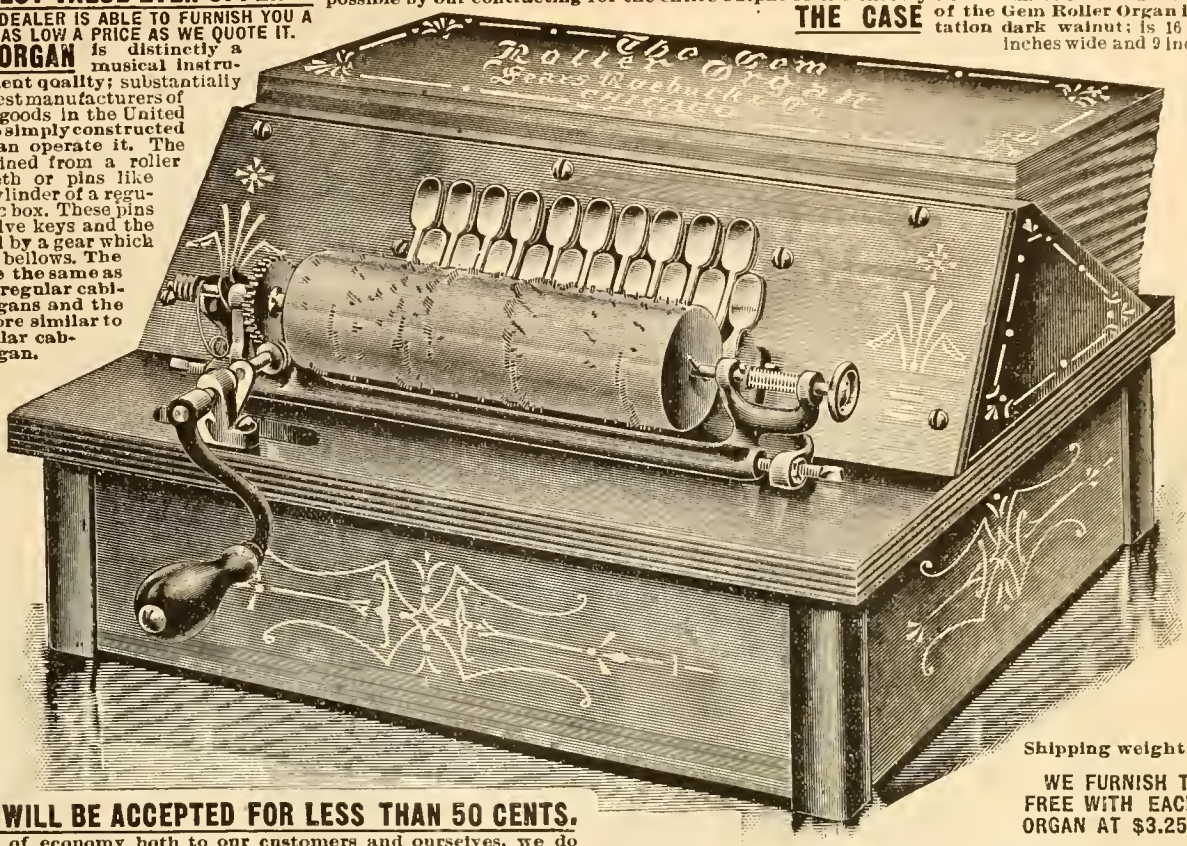
OUR GEM ROLLER ORGAN — $3.25 — OUR LEADER.

THE GREATEST VALUE EVER OFFERED IN A MUSICAL INSTRUMENT. PRICE REDUCED FROM $4.20 TO $3.25. This reduction was made possible by our contracting for the entire output of the factory which makes this wonderful little instrument, AND NO DEALER IS ABLE TO FURNISH YOU A GEM ORGAN AT AS LOW A PRICE AS WE QUOTE IT.

THE GEM ORGAN is distinctly a musical instrument of excellent quality; substantially made by the best manufacturers of this class of goods in the United States. It is so simply constructed that a child can operate it. The music is obtained from a roller which has teeth or pins like those of the cylinder of a regular Swiss music box. These pins operate on valve keys and the roller is turned by a gear which also works the bellows. The reeds used are the same as those used in regular cabinet parlor organs and the tone is therefore similar to that of a regular cabinet parlor organ.

WE CAN FURNISH any kind of music, including Sacred, Spanish, German, Norwegian, popular airs and all of the latest up to date selections. These rollers cost less than the ordinary sheet music and therefore afford you the pleasure of playing or hearing all of the most desirable compositions of the day with but little expense.



THE CASE of the Gem Roller Organ is made of imitation dark walnut; is 16 inches long, 14 inches wide and 9 inches high.

THE INSTRUMENT... is durable and you can secure as many rolls and as many different kinds of music as you desire. We list below some of the best known and most desirable selections taken from our entire collection, and the complete list is furnished with every organ.

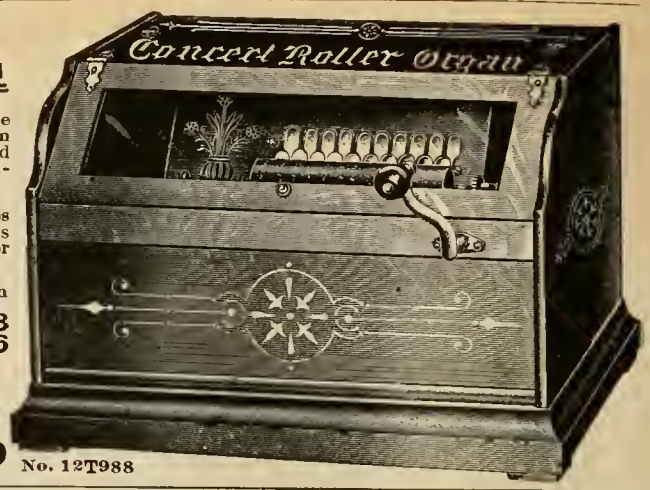
OUR $7.60 CONCERT ROLLER ORGAN.



No. 12T988

THE CONCERT ROLLER ORGAN is similar in mechanical construction to the Gem and Grand Roller Organs and operates in the same manner, the music being produced by means of a cylinder which has teeth and pins and which operate on valve keys; the roller is turned by a gear which works the bellows, and the result is a tone similar to that of a regular cabinet or parlor organ.

THE CONCERT ROLLER ORGAN is made of genuine black walnut; is 17 inches long, 16 inches wide, and 13 inches high. As shown in the illustration, the mechanism is all enclosed and is visible through a door with glass panel.

THE ROLLERS for this organ are exactly the same as are used on the Gem Organ For a complete list of tunes see preceding page.

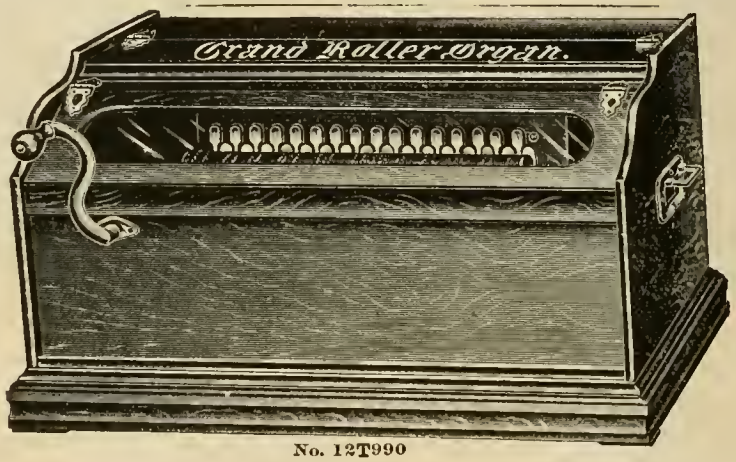
GRAND ROLLER ORGAN—A MUSICAL WONDER.

No. 12T990



No. 12T990

IN OFFERING the Grand Roller Organ we aim to furnish an instrument to fill the middle ground between the instruments of small cost and those ranging in price to several hundred dollars.

It has a compass of thirty-two notes, and thereby opens up a large field for the better class of music, such as overtures and classical selections, which could not very well be played on the small instruments. The tone is pure sweet and full, having a volume sufficient for a large hall and yet pleasing in a small apartment. The mechanism is of the first order, nothing about the whole instrument being slighted or cheapened, and is as simple as can be devised to do the

...PROPER WORK...

NOTE—Rollers or cylinders to play any of the following pieces can be obtained by indicating the number of the piece desired.

THE ROLLER used in the Grand Roller Organ is a marvel of mechanical skill, each roller having from 2,500 to 4,000 separate pins which must be absolutely perfect in position. The roller is 13 inches long, 2½ inches in diameter and makes 8 full revolutions in completing a tune.

All wearing parts, such as keys, pins, etc., are made of steel, and all adjustments made to insure durability. The case is of oak finish, full nickel trimmed and is a handsome addition to any apartment. A complete list of music will be sent at any time upon application.

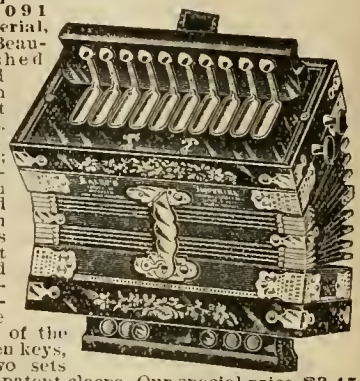
KALBE ACCORDIONS.

The name Imperial, together with the "double anchor" trade mark, on an accordion is a guarantee of its being of the very highest grade. While the price of these goods may be a trifle higher than others, the satisfaction derived from them, on account of the perfect workmanship and wearing qualities, will amply repay for the difference in price, and they will be found much the cheapest in the end. **We guarantee every one to arrive in perfect playing condition.** You cannot make a mistake in buying a Kalbe Imperial, for you get the very best article of the kind that is made. Attention is especially called to the patent simplex keys, which are made of heavy metal, in one piece, and are extremely durable. All of the styles of **Imperial Accordions** that we carry are supplied with patent metal bellows corners and patent folding clasps. **Every part of these instruments is of the very best material and workmanship.**



No. 12T1091 Kalbe's Imperial, Miniature. Beautifully polished ebonized frame, open action, patent simplex keys, which are very durable; double bellows, with band painted artistic design on bellows frame, patent nickel plated corners on bellows, thus protecting the weakest part of the accordion. The Brass Band Clarion Harmonica.

The Wonder Harmonica of the Age. A New Invention in Harmonicas.

No. 12T2927 The Clarion Brass Band Harmonica, manufactured by Ch. Weiss, the celebrated manufacturer of the Brass Band Harmonica. Although a novelty, the sales have been enormous, greatly exceeding those of any harmonica heretofore known. The illustration will give you an idea of the appearance of this wonder instrument. The brass reed plates and bell metal reeds are the same as those used in the Celebrated Brass Band Harmonica, which has gained such a world wide reputation. The new idea or invention is in the organ pipes, which are placed over the reeds. By means of these pipes, the performer is enabled to change the tone at will, giving imitations of the flute, church organ or trumpet calls. Its construction makes it the most powerful toned harmonica as well as the easiest blowing and most attractive that has ever been placed on the market. Pronounced as such by professionals throughout the country. Concert or large size harmonica has ten double holes and forty reeds. PACKED IN HANDSOME HEAVY RED LEATHERETTE CASE HAVING SUBSTANTIAL HINGE AND NICKEL PLATED FASTENER.

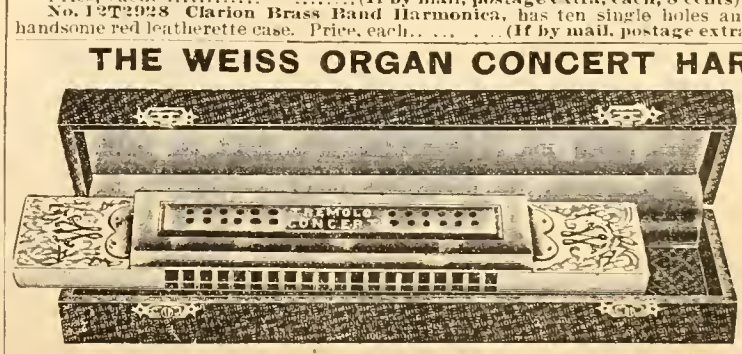
THE WEISS ORGAN CONCERT HARMONICA.



No. 12T2933 This harmonica is one of the largest, handsomest and finest toned instruments made. Coming as it does from Europe, direct from the factory of the celebrated maker, Ch. Weiss, is a guarantee as to its quality. The illustration gives but a faint idea of what an exceptionally fine harmonica it really is. The wood frame is 9¼ inches long, white enameled with gilt decorations. Has brass reed plates, highly polished nickel covers, forty holes on each edge, eighty best bell metal reeds accurately tuned to concert pitch, each side in a different key. The tone is deep and powerful, with tremolo effect, which makes it sound like a church organ. As illustrated, it is packed in a handsome wood case with leatherette covering, satin lining and nickel clasps.
Our special price, each.....(If by mail, postage extra, each, 14 cents).....95c

Harmonophone.

The Latest Novelty in Harmonicas—A Wonder of Tone.

No. 12T2937 The Harmonophone is a combination of the Clover harmonica and a metal phone. This phone enables the player to produce all kinds of effects, from the softest tremolo to the fullest and most sonorous tones. It gives a remarkable volume of music, increasing it just as the metal horn of a phonograph increases the sound. The phone acts as a sounding board, taking up every tone, however faint, and giving it remarkable richness and purity. This phone is attached to the mouth organ by metal clamps and can be attached or detached instantly. The player operates the Harmonophone in the same manner as an ordinary harmonica, but places the right hand over the open end of the phone, and by moving the hand produces the marvelous effects above quoted. This harmonophone is large concert size. Has 20 double holes and 40 reeds. Our special price, any key.....65c

If by mail, postage extra, 12 cents.

No. 12T2938 Same as No. 12T2937, with 10 holes and 20 reeds. Price.....38c

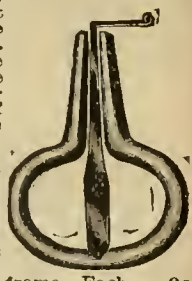
Jews' Harps.



The Jews' Harps which we list below are made by the best maker in America, and are known as the genuine E. L. American Jews' Harps and are not to be compared with the many inferior harps on the market. They are all made of white metal frames and have brass tipped tongues. If you are thinking of ordering a Jews' Harp it will pay you to buy our genuine E. L. Harp. They will outlast six of the ordinary harps offered for sale by other dealers.

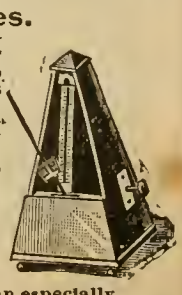
Metronomes.



The Metronome is used by students of music, especially of the piano, to indicate the tempo or time. The upright rod moves backward and forward like an inverted pendulum, the movement being actuated by a spring which is wound up with a key. The time is indicated both to eye and ear, the movement being in sight and ticking similar to a clock. The time is regulated fast or slow by the sliding weight on the pendulum, while the latter has a graduated scale. This is an invaluable instrument for pupils of the piano and organ especially.

THE CELEBRATED MARCEAU BAND INSTRUMENTS

WE ARE SOLE AGENTS FOR THE UNITED STATES.

WE DIRECT THE ATTENTION of every band leader, every orchestra leader, in fact, every player of a band instrument to the wonderful line which we illustrate and describe in our catalogue.

TO MEET A CERTAIN DEMAND for high class band instruments we have secured the sole agency of the Celebrated MARCEAU Instruments. These band instruments are made by Marceau & Co., of Paris, manufacturers with a reputation second to none for high class goods.

THERE ARE MORE EXPENSIVE INSTRUMENTS on the market, but the most of them are mainly expensive by reason of fancy engraving, rich plating or some external expense which adds little or nothing to the tone. These instruments are superior in every respect. They are the improved short model, the shortest possible consistent with the best musical production. The pattern is graceful and handsome. **In tone** they are wonderfully perfect and the action is acknowledged by all to be superior in every respect. **The finish** of these instruments is such as you will find in only the highest class carried by retail dealers.

DO NOT BE DECEIVED by retail dealers who claim to be offering Marceau instruments. No dealer in this country can handle them. They can only be obtained through us as sole agents. **Do not be deceived** by retail dealers who offer inferior instruments, saying that they are just as good as the Marceau.

FREE WITH EACH INSTRUMENT. **Each instrument is furnished with best model German silver mouthpiece and a very strong music rack.** The Bb cornets have an A set piece for use in orchestra and solo playing. The C cornet is provided with a Bb crook, which makes it possible to use this cornet in brass bands. We furnish a valuable instruction book free with each instrument, by the use of which anyone can learn to play without the aid of a teacher.

REMEMBER, **these instruments are fitted with genuine German silver piston valves** and are the **best French light action. Bear this in mind** when comparing our instruments with others of cheaper make, inferior goods, which are even sold at much higher prices. **BEAR IN MIND** that most cheap instruments are fitted with the **cheapest kind of pump action**, an action which no reputable musician will have in his instrument.

ON RECEIPT OF $1.00 **we send any instrument by express C. O. D., subject to examination.** You can examine it at your express office and if found perfectly satisfactory, pay the express agent the balance and express charges. If not found entirely satisfactory the shipment will be returned to us at our expense and we will cheerfully refund your deposit. **Most of our customers send cash in full,** thereby saving the charge which the express companies always make for collecting and returning the money, and which amounts from 25 to 50 cents on every shipment.

TEN DAYS' TRIAL. **To show the confidence we have in the superior quality of the MARCEAU BAND INSTRUMENTS** we will allow the instrument to be returned after a ten days' trial if not found exactly as represented and entirely satisfactory, and your money will be refunded.

The World Renowned Dupont

WE HAVE secured the agency of the United States for the WORLD RENOWNED

DUPONT BAND INSTRUMENTS,

THE HIGHEST OF ALL HIGH GRADE BRASS BAND INSTRUMENTS. The genuine well known DUPONT make, the very acme of excellence in brass band instrument manufacture.

ON THE PRECEDING PAGE we call the attention of everyone interested in band instruments to our celebrated Marceau Instruments that we have run with such success for several years, the instruments that have built up our trade among musicians, that have given us a reputation among amateur and professional band players alike for supplying the best instruments to be found in this market at anything like our prices; we present on this and the opposite page a complete line of what we consider, and what professional bandsmen everywhere will recognize, as a still higher grade of instruments, a still better instrument for volume and beauty of tone, finish and ease of operation, the line of BRASS BAND INSTRUMENTS MADE BY M. DUPONT, OF PARIS, FRANCE, and for which we have secured the sole and exclusive agency for the United States.

WE HAVE BEEN ENCOURAGED TO PLACE THIS LINE OF INSTRUMENTS BEFORE OUR CUSTOMERS by reason of the instant success and universal satisfaction of the celebrated Marceau Instruments, and as it is our constant endeavor to make our lines as complete as possible, to give our customers the benefit of the very highest grade goods it is possible to produce in any department of merchandise,

WE HAVE SECURED AND ACCEPTED THE SALE OF THIS DUPONT MAKE.

OUR PRICES are extremely moderate, while these Instruments are the highest grade in the world. It is possible to buy higher priced Instruments from retail dealers, but it is not possible to buy better instruments. We sell Dupont Band Instruments on the same small margin of profit that we sell other and less expensive goods, and for this reason our prices on this, the finest line of instruments made, compare favorably with the prices asked by dealers generally for inferior makes of instruments. The prices of many other makes of band instruments are so enormously high, mostly by reason of expensive engraving, which adds nothing to the actual value of the instrument.

HOW THE WORLD RENOWNED DUPONT BAND INSTRUMENTS ARE MADE.

THE BRASS the most important feature, is of the very best quality. So much depends upon the tempering of the brass, and in the Dupont instruments the brass is tempered just to that point which makes it absolutely perfect as a medium for the transmission of vibrations of sound. This point has been arrived at by years of experience. The tubing is rolled until it is practically seamless, and gradually increases in size from the mouthpiece to the bell, with no abrupt turn. This gives every instrument a most graceful shape. There are no sharp turns even in passing through the valves, nor from the valves into the valve slides and back. These two effects make it possible for the amateur to produce quite as good tone as the professional performer.

THE VALVES are without fault, and there is no valve made that will operate more quickly or lightly. The valve tube is quite heavy, which is necessary to afford proper protection from any pressure or blow to which it might be subjected. This point is very important and valuable, as any musician will readily understand that the least indentation or impression made upon this part renders the instrument useless, as no passage can be rendered with any degree of rapidity and accuracy. The valve piston is made of pure German silver and is carefully ground into the valve tube, making it perfectly air tight and with the least possible friction. Perfect cleanliness, freedom from all oil, and proper lubrication with saliva make these valves the very best that are made, and will admit of the execution of the most rapid and difficult passages with perfect freedom, clearness and distinctiveness of each and every note.

EXTRA PRECAUTION is taken in making the joints so that they are very strong, perfectly air tight and that no obstruction is left upon the inside of the tube that would hinder the passage of air. Very neat and attractive reinforcing bands are used at the end of each valve slide, which not only adds to the appearance of the instrument, but makes those parts much stronger and less liable to become dented. All instruments are heavily braced at all points where any possibility of bending or breaking might occur. The bell upright instruments have a heavy reinforcement at the lower bend, which affords protection when the instrument is set upon the floor.

THE MODEL OF THESE INSTRUMENTS is the result of much study with respect to appearance as well as to the shape that would allow the best possible results musically. The Valve Trombones are the new long model and are indeed handsome instruments, the tone of the B♭ Tenor being of exceptional quality and brilliancy and its tone can hardly be distinguished from the rich tones of the Slide Trombone. Each instrument is provided with a silver plated mouthpiece and a very strong music rack. The B♭ Cornets are furnished with an A set piece for use in orchestra or solo playing. The C Cornet, which is intended for playing Church, Sunday School and all vocal music without transposition, is provided with a B♭ Crook, which makes it equally as useful in brass bands as in Church or Sunday School.

We furnish these Instruments in four different styles of finish:

Finish No. 1—Highly polished brass.
Finish No. 2—Highly burnished nickel plate.
Finish No. 3—Triple silver plate, satin finish.
Finish No. 4 Triple silver plate, burnished.

SEE PRICE LIST ON OPPOSITE PAGE.

When ordering be sure to state which finish is desired.

FOR AMATEUR OR PROFESSIONAL we cannot recommend any band instruments more highly than this, the DUPONT line. We feel positive that anyone who orders one of these Instruments and appreciates a fine instrument will be delighted with his purchase. We sell these goods as we do everything quoted in this catalogue, under the guarantee that if they do not prove perfectly satisfactory and exactly as we represent them to be, we will immediately refund the money. We direct the attention of everyone interested in band instruments to this unsurpassed line. Those who are organizing bands cannot do better than to make their selection from these pages, if they desire the most satisfactory and lasting high grade instruments. The individual player who wants to own the finest instrument made will make no mistake to select a DUPONT. **UNDERSTAND,** every DUPONT instrument is put out under our binding guarantee to give perfect satisfaction, or we stand ready to immediately refund your money.

TEN DAYS' TRIAL. ANY DUPONT INSTRUMENT WHICH DOES NOT PROVE ENTIRELY SATISFACTORY AFTER A TRIAL OF TEN DAYS CAN BE RETURNED AND MONEY WILL BE REFUNDED.

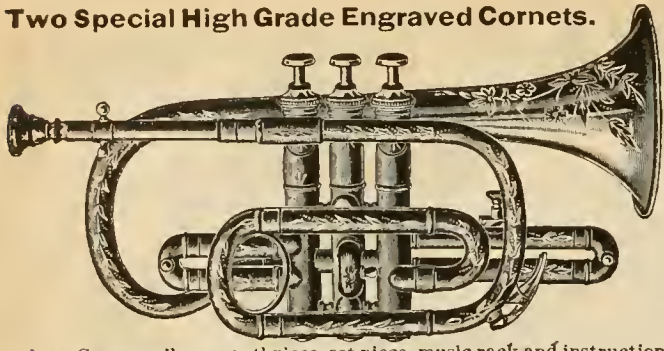
Two Special High Grade Engraved Cornets.



We show herewith two of the greatest values in engraved cornets ever offered; strictly high grade, short model cornets.

To meet certain demands for a fancy engraved instrument, we have arranged with our manufacturers to supply two cornets of the improved short model; instruments which will compare in quality, material, tone and finish with cornets that are sold by other dealers throughout the country for at least twice what we ask.

UPON RECEIPT OF $1.00 we will ship either of these two cornets on approval according to our liberal terms, fully described on page 171.

WE HAVE ENDEAVORED to include in our line of Fifes, Flageolets, Piccolos, Flutes and Clarionets, only such instruments as we consider of first class quality, and which we can recommend.

OWING TO THE PECULIAR CHARACTER of the construction of wood wind instruments, they are liable to crack at any time, and no music dealer can give a guarantee for any length of time.

WE GUARANTEE EVERY INSTRUMENT to be in first class condition when it leaves our hands, and if properly cared for the instrument will last many years. No instrument should be put away after using without being wiped out. Dry the outside of the instrument with a rag or chamois skin, being careful to wipe the ends of the joints dry. To a new instrument or one that has been out of use for some time, a little oil should be applied daily for the first five or six days; always oil after using, not before.

ACME PROFESSIONAL DRUMS.

To meet the ever increasing demand for high class Tenor and Bass Drums, we take pleasure in offering to our customers our line, descriptions of which will be found below.

The **shell, hoops, heads and trimmings** are all of special quality, **warranted extra select,** and put together by skilled workmen, whose knowledge is the result of years of experience. We consequently offer prospective purchasers a line of drums that must not be compared with the cheap, dingy instruments found in ordinary music stores or by competitive houses. In fact, few retailers outside of large cities carry a stock of drums. The retailers must send away to some wholesale house. The advantage of buying from us is very apparent, for you get such goods direct from the factory.

We shall **be glad to name a special price on quantities to clubs.** In writing, always state the exact style and number of instrument you want. If you do not find described herein just what you need, write us. **Additional supplies for drum corps, such as fifes, piccolos, drum major's batons,** etc., will be found in this catalogue. **Many imitations of these pattern drums are now on the market.** Bear in mind that price alone does not make a bargain. Quality must be just as great a consideration. Through our factory to consumer plan we **combine quality and prlee** in a degree of economic perfection never before seen. We claim the best goods at the least money, and only ask a fair chance to back up every assertion.

$3.95 Buys Our Wonderful CONSERVATORY GUITAR OUTFIT.

AT $3.95 WE OFFER A GUITAR OUTFIT, SUCH AS HAS NEVER BEFORE BEEN OFFERED BY ANY DEALER.

REMEMBER,

That everything we list in our line of Musical Goods is sold on the same small margin of profit which we make on this outfit.

$3.95 REPRESENTS THE ACTUAL COST of every part that enters into the construction of the guitar and component parts of the outfit, with but our usual one small percentage of profit added. The guitar alone sells at from $7.00 to $8.00.

CONTRARY TO THE USUAL RUN of low priced instruments, this guitar has a sweet and beautiful tone, which, as in the case of all first class instruments, grows better from year to year.

WHEN YOU RECEIVE THIS GUITAR, we ask you to compare it with any instrument sold by any dealer at from $7.00 up. We are only able to make this price of $3.95 for the outfit by making a very large contract for these instruments, and are offering it as an advertisement for our music department,

Knowing that Every Purchaser of one of these Instruments will be so well Pleased that he will take Special Delight in Recommending us .....

Order by Number.

UPON RECEIPT OF $1.00 we send this guitar outfit C. O. D., subject to examination. You can examine it at your express office and if you find it perfectly satisfactory pay the express agent the balance and express charges. If not found entirely satisfactory the shipment will be returned to us at our expense and we will cheerfully refund your deposit. Most of our customers send cash in full, thereby saving the charge which the express companies always make for collecting and returning the money and which amounts to from 25 to 50 cents on every shipment. We recommend sending the full amount of cash with your order.

OUR TEN DAYS' FREE TRIAL OFFER. Order one of our Conservatory Guitar Outfits at $3.95, try the guitar in your own home for ten days, and if not found entirely satisfactory and all and even more than we claim for it, return it to us at our expense of transportation charges both ways, and we will cheerfully refund your money in full.

$3.95 is less than any other dealer pays at wholesale for this instrument.

Professional Mandolin Pick.

No. 12T5478 The Patent Mandolin Pick, fastened to the finger by steel clasps, the pick proper being held between rubber discs, it is possible for it to be held more firmly and at the same time not require the tightness of clasp which is necessary with the old pick when playing soft music. By placing the thumb and index finger lightly on the disc the player will be able to play the sweetest and softest music possible, and if necessary he can tremolo a chord with the utmost ease. When playing louder all that is necessary is simply to increase the pressure of the disc. We furnish a set complete, packed in box, containing two picks and one holder. Our special price..18c

The Best Piano Stool Made for the Money.

This stool is the most massive and substantially built piano stool we have ever been able to furnish, and are offering it at an unusually low price, which we are able to do on account of the large contract made direct with one of the largest manufacturers of piano and organ stools in this country. This stool is made of solid wood, has a 15 inch round polished top with shaped edges. The top is made of two pieces of wood glued together so that it becomes doubly strong. The base has a massive center post and four legs handsomely fluted and turned, beautiful brass claw feet with glass balls. Only the best kiln dried hardwood lumber is used throughout, and only the best quality of screws, nuts and bolts enter into the construction of this stool. We can furnish this stool in ebony, oak or walnut as desired.

SPECTACLES AND EYEGLASSES.

WE PARTICULARLY CAUTION OUR CUSTOMERS against buying the very cheap grades of spectacles or eyeglasses. The lenses of these cheap goods are made of very poor material, are improperly cut, and almost certain to do untold injury to the eyes. An injury to your clothes can be mended or repaired, but **an injury to the eyes may never be cured.**

THE PROPER READING DISTANCE for ordinary print is from 12 to 14 inches. If it is necessary to hold the reading nearer the eye than this, glasses for near sight are required. If it is necessary to hold the reading more than 12 to 14 inches away from the eye, glasses are required for far sight. Practically everybody should wear glasses after reaching the age of forty years, as the eyes at this time commence to be far sighted, and the longer the wearing of glasses is put off the harder it will be to remedy the trouble. **Near sightedness** is also very common, especially among young people, and should never be neglected, as this trouble is so easily and perfectly relieved by proper eyeglasses or spectacles.

TYPE FOR TESTING THE EYES.

60

The smallest size letters on this card should be read easily at fifteen inches from the eye. If you cannot do so you should wear spectacles. It does not pay to buy cheap spectacles.

52

They distort the rays of light, disturb the angles of vision, cause pain and discomfort and injure the eyesight. When it is necessary to hold work or reading matter farther than fifteen inches from the eyes

44

in order to see distinctly, it is a sure sign of failing vision, and much annoyance, discomfort and pain will be prevented

40

by having a pair of glasses fitted. Pain in the eyes when wearing spectacles is usually caused

36

either by improperly fitted lenses, or from the centres of the lenses not corresponding with

32

the centres of the eyes. To be perfect, a lens must be made with highly polished surfaces

28

of accurate curvatures. Our crystalline lenses are the best in the market.

22

They are made from the clearest and finest material obtainable

Scenery or Shooting Spectacles.

Nos. 20T230 to 20T234.

While these spectacles are commonly known as shooting spectacles they are largely used by tourists in looking at scenery, especially where the light is bright and dazzling or when the ground is covered with snow, which reflects the light and tires the eyes. The peculiar amber tint of the lenses, not only improves the view but enables one to see more plainly at a distance, and is very pleasant and soothing to the eye. The lenses are known as diaphragm lenses, being sanded or ground in such a manner as to exclude the view except through the clear circle in the center of each lens.

OPERA GLASSES.

There is probably no other branch of optical goods on which we are able to save our customers as much money as in the line of opera glasses. Opera glasses are sold by retail dealers everywhere at enormous profits compared to the actual manufacturing and importation cost of the goods. There is also no other line in which poor quality can be so easily disguised beneath a handsome appearance as in optical goods of every description. OUR OPERA GLASSES ARE MADE FOR US UNDER CONTRACT AND IMPORTED DIRECT FROM THE VERY BEST PARIS MAKERS, whose names alone guarantee the quality, and selling them at our usual small percentage above the actual manufacturing cost, we are enabled to make such low prices as no dealer can possibly compete with. Every opera glass we catalogue is put out under our binding guarantee for quality, perfect material, perfect workmanship, better lenses, higher definition and better finish in every way than opera glasses sold by others at 50 per cent more money.

Our $1.75 Opera Class.

No. 20T450 This is a good practical glass, made with a good quality achromatic lenses, 1⅛ inches in diameter; covered with black morocco leather; draw tubes and trimmings are black. It is an excellent instrument for so little money, an opera glass that will compare favorably with those usually offered at $3.50 and $4.00. Comes complete with handsome silk lined black morocco leather case.

Price.....$1.75

If by mail, postage extra, 16 cents.

A Genuine LeMaire Opera Class, Only $4.00.

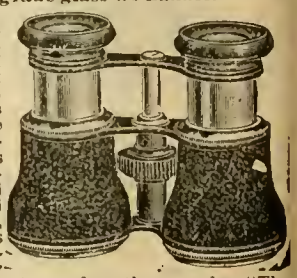
No. 20T465 This is the greatest value we are able to offer in the line of a strictly high grade pearl opera glass. This glass is fitted with the finest achromatic lenses, 1⅜ inches in diameter. It is a strictly high grade instrument, and in material and trimming is equal to glasses sold at two and three times the price. Handsomely covered with beautiful Oriental pearl. The tubes and trimmings are handsomely gold plated, warranted to keep its luster. It makes an ideal gift, and one that will be greatly appreciated by the recipient. Comes complete in a handsome silk lined morocco leather carrying case, and we offer it at a price slightly above the actual importing cost. Price only.....$4.29

If by mail, postage extra, each, 18 cents.

Our $7.25 Genuine Jena Aluminum Opera Class.

The newest production in the line of opera glasses, the highest grade glass we handle.



No. 20T470 Aluminum Opera Glasses have come into great favor on account of their lightness and durability. This genuine Jena glass is the highest grade aluminum instrument. The lenses are 1¼ inches in diameter, are ground from the celebrated Jena special glass, the finest glass known for optical instruments. Every genuine Jena glass is stamped on the cross bar "The Jena Special." All metal parts are made of aluminum, the lightest metal known, takes a beautiful finish and is highly polished, has the appearance of silver and is extremely durable. The tops of the glasses and the cross bars are finished in black enamel. The body is covered with fine black morocco leather. The draw tubes and trimmings are finished in the natural highly polished silvery color of the aluminum. This is the most practical opera glass to buy. It is large size, very powerful large lenses, large eye pieces, best construction, best possible workmanship throughout. While this glass is not as showy as the fancy pearl finished glasses, yet the silvery aluminum finish makes a handsome contrast to the black morocco and black enamel, and really forms a beautiful instrument. Comes complete with fine silk lined morocco leather carrying case, with patent lock spring. Price.....$7.25

If by mail, postage extra, each, 17 cents.

Our $8.90 Enameled Opera Glass, with Lorgnette Handle.

$8.90

No. 20T475 This is an Opera Glass that must be seen to be appreciated. You can form some idea of its appearance from the illustration, but it is impossible to do justice to the beautiful blue enameling covering the body, and the handle with its rich pearl and gold trimmings, either from the picture or from a description. It is the very latest style, with extension lorgnette handle, finished in blue enamel. Complete with silk plush silk lined carrying bag, the most stylish and beautiful opera glass in our entire department or shown by any dealer or manufacturer. It is made with the best achromatic lenses, 1 inch in diameter. The draw tubes, cross bars and trimmings are heavily gold plated. The tops and focusing screw are made of fancy pearl and the body of the instrument and also the handle are finished in a new beautiful enamel, with silver decorations, relieved by a delicate floral effect in the center. This floral effect consists of a delicate design of flowers in natural colors enclosed within a border of light blue jewels, giving the most exquisite effect to the entire instrument. The extension handle is 8 inches long when extended, 4 inches long when closed. When not in use it folds conveniently behind the glasses. Each glass complete in a silk plush, silk lined bag, with silk cords. As a gift of any sort for a sister, wife, mother or sweetheart, nothing will compare at the price, nothing makes the handsome appearance or carries the intrinsic value, nothing would be more highly appreciated than a pair of these new, stylish, enameled opera glasses. No. 20T475 Our price, complete as illustrated and described.....$8.90

FIELD GLASSES.

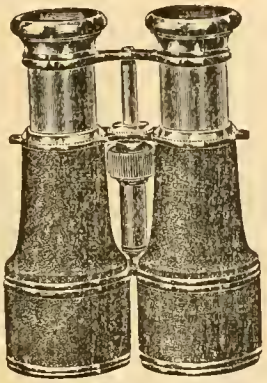
We have this season made contracts with the best known and most famous makers of field glasses in Paris and Germany to furnish us with the largest quantity of high grade field glasses ever purchased by any one house. We succeeded in inducing the manufacturers to figure the cost to us on a basis of the actual cost of material and labor. To this price, figured on actual shop cost, we add simply our one small percentage of profit, and as a result we offer in our cheapest field glass at $3.75, an instrument for which you would pay the ordinary optician from $8.00 to $10.00. In our highest grade field glasses such as the famous LeMaire or our new Jena Special Glass, we offer for only $11.95 and $12.95 instruments which have heretofore been sold at from $20.00 to $35.00. Even our cheapest field glass is fitted with achromatic lenses, and well made. We do not carry in stock at all nor offer for sale the cheap non-achromatic glasses advertised by many dealers; such instruments are worthless and dear at any price. Following the usual custom we indicate the size of our field glasses by giving the diameter of the object glasses, that is the large lenses, in lignes, the French unit of measurement for optical instruments.

Our $3.75 Delmar Field Glass.

No. 20T500 For $3.75 we furnish this Delmar Field Glass fitted with genuine achromatic lenses, bars, draw tubes and trimmings finished in black and body covered in black morocco leather. We offer this Delmar Field Glass as the equal of field glasses sold by retail dealers at prices ranging from $8.00 to $10.00. **The Delmar Field Glass** measures 6 inches high when closed, and 7¼ inches when extended. The object glasses are 24 lignes in diameter and the weight is 17 ounces. **Magolfying power four times.**

Price, complete with leather case and strap.$3.75
If by mail, postage extra, 40 cents.

$6.95 Buys a $15.00 Field Glass.



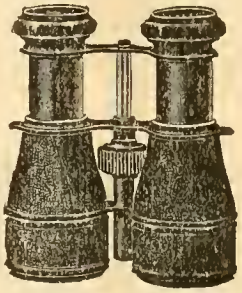
No. 20T510 This Field Glass is provided with first quality achromatic lenses, carefully fitted, the draw tubes are finished in dead black and the trimmings are in bright black enamel and nickel plate. Although possessing no higher magnifying power than the Delmar Field Glass, the lenses are of better quality, thus giving finer definition and greater clearness. Workmanship and materials throughout are first class. **Our $6.95 Field Glass** measures 5¾ inches high when closed, 7¼ inches when extended. The diameter of the object glasses is 24 lignes, the magnifying power is five times and the weight is 22 ounces. Price, complete with leather case and strap.....$6.95
If by mail, postage extra, 42 cents.

Jointed Bar Field Glass for $7.75.

No. 20T515 The distinctive feature of this field glass is the jointed cross bars, permitting the instrument to be adjusted so that the barrels will be exactly the same distance apart as the eyes of the user. Our jointed bar field glass is provided **with ten superior achromatic lenses,** carefully ground and accurately fitted. The magnifying power is five times, with extra fine definition. This field glass measures 5¼ inches high when closed and 6½ inches when extended. Diameter of object glasses, 21 lignes. Weight, 21 ounces. **If by mail, postage extra, 42c.**

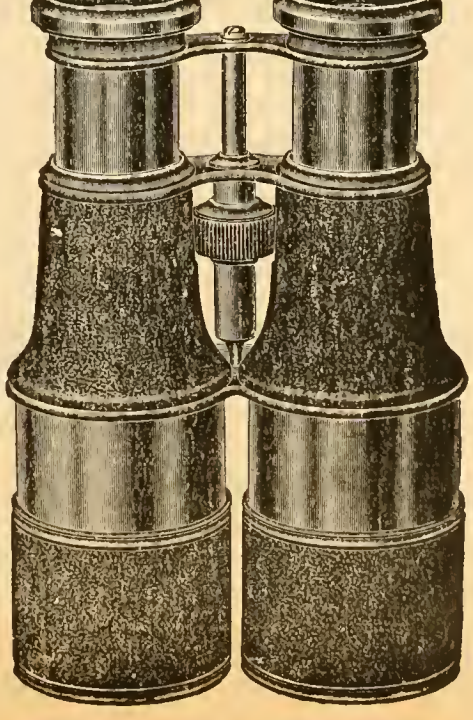
Price, complete, with case and strap.....$7.75

High Grade Tourist's Field Class for $6.90.



No. 20T525 This is an exceptionally fine field glass, designed especially for tourists, or those who expect to carry a field glass to a considerable extent, its small size and light weight making it very desirable. Our high grade tourist's field glass is fitted with the **best achromatic lenses,** very carefully ground, accurately fitted and adjusted. The finish throughout is **extra fine,** the trimmings, cross bars and draw tubes are the best quality black enamel, the covering is the best grade of fine morocco leather, and the workmanship throughout is the best. **The extra high grade lenses of our Tourist Field Glass are noted for their definition and clearness; the magnifying power is four times.** Our Tourist Field Glass measures only 4 inches high when closed, and 5¾ inches when extended, the draw tubes being extra long in proportion to the size of the instrument. The weight is 16 ounces, and the object glasses are 19 lignes in diameter. Price, complete with case and strap...$6.90
If by mail, postage extra, 30 cents.

Only $12.95 for Our Highest Grade Genuine Jena Special Field Glass.



No. 20T560 This large illustration, engraved by our artist direct from a photograph, will give you an idea of the appearance of our JENA SPECIAL FIELD GLASS. The lenses of this field glass are ground from the famous Jena Special optical glass, made in the Jena glass factory in Germany. The sole object of this remarkable factory is the production of new and special kinds of glass for optical purposes. One of their latest productions is a glass especially suited to the requirements of field glass lenses.

It is from this special new glass, this latest result of the experiments and investigations of the most skilled and scientific glass makers of Europe, that the lenses for our Jena Special Field Glasses are ground. They are ground by the most skilled lens grinders, they are fitted with the utmost care, and they are accurately adjusted. **These lenses combine, to a degree never before attained, the highest power with the most marvelous definition and clearness.**

We offer the Jena Special Field Glass not merely as the equal of glasses sold by other dealers at several times our price, but we offer it as **absolutely the best field glass that can be obtained at any price.** We sell this glass under a positive guarantee, and if you do not find it superior to any field glass to which you may compare it, you may return it at our expense and we will refund your money.

Bear in mind that our special $12.95 price is for the large size Jena Special Field Glass with lenses 26 lignes in diameter. This field glass measures 6 inches high when closed and 7⅜ inches when extended, weighs 33 ounces, and the magnifying power is seven times. The draw tubes, cross bars, tops and trimmings are all finished in fine black enamel and the covering is the best grade of morocco leather.

Price, complete with fine case and strap....$12.95

No. 20T561 OUR JENA SPECIAL ALUMINUM FIELD GLASS. Exactly the same as our No. 20T560, except that **all metal parts are made of aluminum,** thus reducing the weight and adding to its handsome appearance. The highly polished draw tubes are finished in the natural silvery color of aluminum, all trimmings are finished in black and the covering is morocco leather. Weight, only 18 ounces.

Price, complete with fine case and strap....$16.90

Our Special Binocular Telescope for $18.50.

An exceedingly small and compact instrument of high magnifying power.

No. 20T565 A special arrangement made this season with Maxim, the noted Paris maker of Binocular Telescopes, enables us to offer this superb little instrument for only $18.50. Our special Binocular Telescope is an ideal glass for tourists, farmers, hunters, ranchmen, stockmen or anyone requiring a powerful instrument which at the same time is small in size, light and compact. **Our special Binocular Telescope weighs only nine ounces and is so compact that it may be carried in the coat pocket as easily as a pocketbook, yet has a magnifying power of nine times, or one-half again as high a power as the best field glasses.** Our illustration shows the glass in the fine silk lined morocco leather pocket case, which is included without extra charge. **When closed our Special Binocular Telescope measures only 4¾ inches high, the distance from side to side is only 3½ inches and the barrels are only ¾ of an inch in diameter. The length when extended for use is 6¾ inches.** The lenses with which our Special Binocular Telescope is fitted are the best quality achromatic, accurately fitted and adjusted. The magnifying power is nine times and the definition is exceptionally fine. Price complete with morocco pocket case, as shown in illustration, $18.50
If by mail, postage extra, 20 cents.

SPY GLASSES AND TELESCOPES.

THE SPY GLASSES AND TELESCOPES which we handle are intended for practical purposes, are made with fine achromatic lenses, well finished and accurately fitted. Every spy glass or telescope described on this page is guaranteed to be a perfect instrument, the best of its kind, and if not found exactly as represented and perfectly satisfactory in every respect, may be returned to us at our expense and money will be refunded. Our high grade spy glasses and telescopes, all made with fine achromatic lenses, with brass bodies and brass draw tubes, should not be compared with the cheap instruments advertised by some dealers, or with the trashy goods used as premiums, etc. These instruments are manufactured expressly for us by the leading manufacturers in Paris, every one is carefully tested and examined by our expert optician before shipping, and we absolutely guarantee every spy glass or telescope which we sell. We indicate the sizes of these telescopes by giving the diameter of the front lens or object glass in lignes (the French unit of measurement). Eleven lignes are equal to about one inch.

THE VALUE OF A SPY GLASS or telescope is dependent upon the actual magnifying power, and also upon the quality of the lenses. It is the quality of the lenses that determines the definition—that is, the power to clearly distinguish details. So important is the quality known as definition, that an instrument with extra high grade lenses may be even more effective than another instrument of actually greater magnifying power, but poorer lenses. For example: Our Bardou Rifle Range Telescope, although magnifying only 33 times, is a more effective telescope than an ordinary instrument having a magnifying power of 40 or 50 times. Our telescopes described under Nos. 20T600 to 20T603 inclusive, are fitted with first quality achromatic lenses; our Nos. 20T615, 20T640, and 20T650 to 20T656, are fitted with extra quality achromatic lenses, and the Bardou Rifle Range Telescope has absolutely the best lenses it is possible to manufacture.

No. 20T675 The Bardou Rifle Range Telescope represents the highest degree of perfection attained in telescope making. The firm of Bardou & Son, Paris, enjoy the reputation of producing the finest telescopes in the world, and this instrument was especially designed by Bardou & Son for the French government, which desired an extra good glass for military purposes. Both ends of the Bardou Rifle Range Telescope are protected by leather caps, which at the same time afford a means of attaching the shoulder strap for convenience in carrying; the barrels are finished in dead black, a great improvement over the usual highly burnished brass draws, which soon tarnish. The body of the Bardou Rifle Range Telescope is covered with the best grade smooth horsehide leather, with black oxidized draw tubes and trimmings, fine quality horsehide leather caps for each end, and shoulder strap. The Bardou Rifle Range Telescope is fitted with absolutely the best achromatic lenses made, giving great clearness and fine definition.

We guarantee the Bardou Rifle Range Telescope to show a bullet mark at a distance of half a mile, in clear atmosphere. The diameter of the object glass is 22 lignes, the length when closed is 11 inches, when extended 36 inches. **The power is 33 times.**

Price, complete **$16.50**

If by mail, postage extra, 60 cents.

No. 20T676 Astronomical Eye Piece for Bardou Rifle Range Telescope, increasing the power to 50 diameters, thus making it an extra fine instrument for observing the sun, moon and stars. Price..**$3.00**

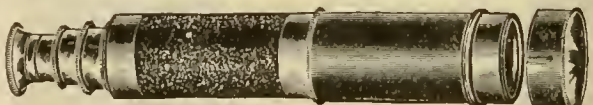
Telescopes with Sunshade.



Partly Extended.

These Telescopes are made by the same maker who furnishes us with the Delmar Spy Glasses and the workmanship and quality throughout is practically the same as in the Delmar instruments, but they are of larger size and are provided with an additional feature known as a sun shade. This consists of a lacquered brass sleeve, which can be extended forward in such a manner as to shade the object glass from the direct rays of sunlight. These instruments are fitted with first quality achromatic lenses, burnished brass draw tubes, lacquered brass trimmings, morocco leather covering, carefully and accurately made and guaranteed throughout.

No. 20T625 Sun Shade Telescope, diameter 19 lignes; length, closed, 10 inches; extended, 30 inches; magnifying power 25 times. Price.....**(If by mail, postage extra, 25 cents)**.....**$4.25**

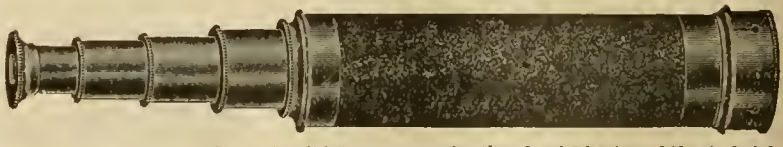
Our Black Beauty Telescope.

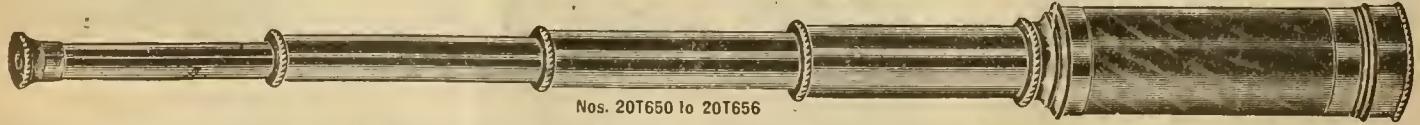


No. 20T640 We have had this Telescope especially designed for us by the leading telescope maker of Paris, and offer it this season for the first time. The most distinctive feature in the appearance of this splendid instrument is the **dead black oxidized finish** throughout. All brass parts, draw tubes and trimmings are perfectly black, a finish which is not only pleasing in appearance, but is also permanent and entirely free from liability to tarnish. **Our Black Beauty Telescope** is provided with extra quality achromatic lenses, carefully and accurately fitted, the workmanship and finish throughout is the best that can be produced, and every one is guaranteed to be optically perfect. **The eye piece of our Black Beauty Telescope is fitted with an adjustable dark glass,** thus making the instrument suitable for observations of the sun. The spots on the sun, the mountains of the moon, the larger satellites of Jupiter, double stars, and many other interesting features of the heavenly bodies are readily seen with this instrument. The diameter of the object glass is 19 lignes, the length when closed is 9¾ inches, when extended 30 inches. The magnifying power is 25 times.

Price, complete.....**(If by mail, postage extra, 25 cents)**.....**$6.67**

OUR SPECIAL MAHOGANY TELESCOPES.

GENUINE PARIS MADE TELESCOPES. EXTRA LARGE SIZE, THE FINEST ACHROMATIC LENSES.



Nos. 20T650 to 20T656

No. 20T650 22-Ligne Mahogany Telescope. This telescope, which has a **magnifying power of 40 diameters,** is a fine instrument for ordinary or terrestrial observations, and by reason of the **extra high grade lenses,** which give great clearness and fine definition, affords excellent views of the sun, moon and other heavenly bodies, showing distinctly the sun's spots, the craters on the moon's surface, the satellites of Jupiter, Saturn's rings, etc. Length, closed, about 11½ inches; extended, about 36 inches, **five sections.** Weight, 2½ pounds. It is only by importing these telescopes in great quantities direct from the maker in Paris that we are enabled to sell them at this extremely low price. **Diameter of object glass, 22 lignes; finely polished mahogany body, burnished brass draw tubes and lacquered brass trimmings.** Provided with an **adjustable dark glass in eyepiece for observation of the sun, and fitted with finest quality of achromatic lenses of high power and fine definition.**

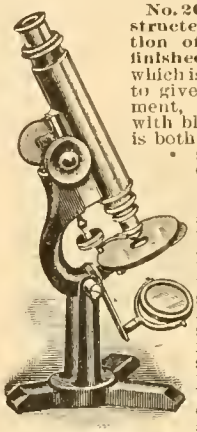
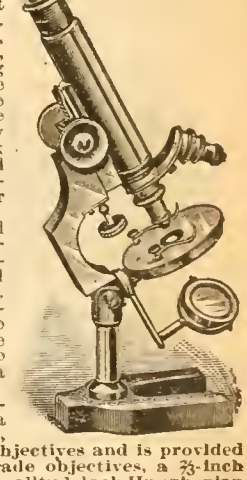
Our $17.85 College Microscope



No. 20T820 This microscope is constructed throughout, with the exception of the base, from brass, finely finished and lacquered. The base, which is extra broad and heavy enough to give great stability to the instrument, is constructed from cast iron with black enamel finish. The mirror is both plane and concave and can be swung to any angle either above or below the stage. **Our College Microscope** is fitted with a a 1-inch Huyghenian eye piece and a ⅔ and ⅛ divisible objective. The coarse adjustment is accomplished by a fine diagonal rack and pinion movement, and the fine adjustment by a microscopic screw located at base of arm and working in a hardened steel nut. Everything in connection with this instrument is strictly high grade; the materials used throughout are the best and it is just as carefully constructed and just as accurately adjusted as the highest priced instruments. Price, complete, with fine polished hardwood case.....$17.85

Professional Microscope, $29.40.



No. 20T830 Made of brass throughout, highly polished and lacquered, complete in the smallest details of construction. The base, made of cast iron, finished in black enamel, is large and heavy, making the instrument very stable and steady at any angle of inclination. **The coarse adjustment** is operated by a very fine diagonal rack and pinion movement, and **the fine adjustment** is operated by a micrometer screw.

The draw tube is nickel plated, **graduated in millimeters,** and is adjustable in the cloth lined sleeve of the main tube.

The mirror is so mounted that it may be swung to any obliquity, either above or below the stage; **the stage** is provided with a fine **iris diaphragm.**

Our Professional Microscope is provided with a **DOUBLE NOSE PIECE, for instantly changing objectives and is provided with two extra high grade objectives, a ⅔-inch and ⅛-inch, and the best quality 1-inch Huyghenian eye piece.** With the objectives furnished with this instrument any kind of pathological or histological work and urinary analysis may be accomplished, and will detect tuberculosis germs and some other easily recognizable forms. This microscope is of large size, standing from 13 to 15½ inches high according to tube length. With the objectives which we furnish, a range of magnifying power from 96 to 540 diameters is available. Price, complete, in fine polished hardwood case.....$29.40

Our $\frac{1}{12}$-Inch Objective.

No. 20T845 Our $\frac{1}{12}$-Inch Oil Immersion Objective, an extra high grade objective, for bacteriological or other work requiring very high power. Used in connection with our Professional Microscope it gives a magnifying power of from 1,060 to 1,500 diameters, according to tube length used. Made with society screw, and can therefore be used with any standard microscope.

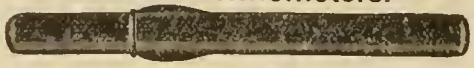
Fever Thermometers.



Clinical or fever thermometers are used, as the name implies, for taking the temperature in cases of sickness. No family should be without a good fever thermometer, it not only makes it possible to watch more closely the course of a fever or other sickness, but is frequently the means of saving a doctor's bill, or of preventing a serious sickness by indicating in time that a physician's services are necessary.

We handle only the highest grade fever thermometers, as a cheap or inaccurate instrument is worse than useless. Every fever thermometer is accompanied by certificate of accuracy.

THE PERFECTION JR. CAMERA AND COMPLETE PHOTOGRAPHIC OUTFIT

$7.50 OUTFIT FOR $2.69

...THE PERFECTION Jr. CAMERA.

A HIGH GRADE AND THOROUGHLY PRACTICAL CAMERA.

Made up in the most popular and convenient form and adapted to any class of work which the average amateur desires to do, but at the same time offered by us at nearly one-half the prices asked by other concerns for goods of equal merit. There is nothing to get out of order, as they are constructed in the simplest possible form, having no unnecessary springs, catches or adjustments to get out of order and annoy the owner or create a source of expense.

For 3½x3½ PICTURES

$2.69

THE PERFECTION JR. CAMERAS are manufactured by one of the best and most reputable camera manufacturers. They are made under a binding contract to comply with our specifications and are sold only by us.

The lenses are achromatic of the highest grade, being made of both crown and flint optical glass. (Lenses made of a single piece of glass will not give a sharp focus, as the light rays are reflected in such a way that rays of different color focus at different distances from lenses.) They are ground and set for a **Universal Focus** and need no adjustment even when pictures are to be taken at different distances. **THE UNIVERSAL FOCUS LENS is a special feature of advantage,** anything in the picture up to within a few feet of the camera, or any distance in the background, being in focus, that is, **sharp and clear. THE SHUTTER** is one of the most simple, but is thoroughly practical and is equally adapted to both **snap shot and time exposures.** It is well made and finished in every respect and has no complications to get out of order. **THE VIEW FINDER** is an important feature of these cameras, for it shows the operator an exact copy of the picture as it will appear when finished, and makes it an easy matter to get the subject to be photographed in the proper position on the plate. **THE COVERING is artistic, neat, has the seal grain finish,** same as used in the highest priced cameras; is creased on all corners; has a handle for carrying, and thoroughly finished in every respect. **THE SIZE, 3½x3½,** is the most popular one for amateur work with the single exception of the 4x5. **GLASS PLATES ONLY** are used in The Perfection Jr. for making negatives, and we recommend them as being much better and easier to handle than films. All of the **material** used for these cameras is **the same as used by professional photographers,** which places the amateur in a position to do the very best of work. **THE DEVELOPING AND FINISHING OUTFIT** is the most complete and convenient outfit ever offered in this size, and includes **everything necessary for making pictures** and finishing them complete, mounted on cards. **SIZE AND WEIGHT: The Perfection Jr. Camera** measures 4¾x5½x7¼ inches, and weighs 18 ounces. The camera has space in the back for three double plate holders, making the carrying capacity six plates. **"Complete Instructions in Photography"** is furnished with this outfit, and even if you have never taken a picture you will be able to make good photographs from the start.

THE PERFECTION JR. OUTFIT CONTAINS:

1 Perfection Jr. Camera. 1 Metal Dark Room Lamp. 1 Tray for Developing Plates. 1 Tray for Fixing Plates. 1 Tray for Toning Prints. 1 Printing Frame. 1 Measuring Glass. 1 Print Roller for smoothing down the prints when mounted. 1 Paste Brush for mounting. ½ doz. Dry Plates for making negatives. 1 doz. Sheets Sensitized Paper. 1 doz. Embossed Border Cards for mounting the pictures. 1 Package Dry Developer (makes 8 oz. of solution). 1 Package Dry Toner (makes 8 oz. of solution), 1 Package Hypo, for fixing negatives and prints. 1 Jar Prepared and Scented Mounting Paste. 1 Copy "Complete Instructions in Photography."

The Camera alone if purchased from the regular retail dealers would cost you $4.00, and the complete developing and material outfit as listed above would cost at least $3.50, making the total value of the Perfection Jr. Camera and outfit at retail $7.50. Our policy of purchasing each of the items composing these outfits direct from the manufacturers, having them made expressly for us in enormous quantities, enables us to offer you the complete outfit for actually less than the retail dealer can buy it for.

No. 20T2040 The Perfection Jr. Camera and Complete Developing and Material Outfit and one double dry plate holder as described above..... **$2.69**

No. 20T2041 The Perfection Jr. Camera with one double dry plate holder, but without the complete outfit..... **$1.66**

No. 20T2042 Extra Double Plate Holders. Each..... **.33**

If by mail, postage extra, 5 cents.

THE SEROCO MAGAZINE CAMERA.

$4.95 BUYS THE SEROCO MAGAZINE CAMERA.

FOR 4x5 PICTURES.

THE LATEST, THE BEST and the SIMPLEST MAGAZINE CAMERA YET CONSTRUCTED

BETTER THAN OTHER MAGAZINE CAMERAS SOLD AT PRICES FROM $10.00 TO $12.00.

$4.95 FOR THE SEROCO MAGAZINE CAMERA is a price made possible only by a very special contract which we succeeded in making with the best magazine camera maker in this country, the same maker who designed all of the best magazine cameras on the market, up to the present time; and our Seroco Magazine Camera is his latest design, representing his latest and best ideas, the culmination of years of practical experience, embodying improvements over all other magazine cameras.

THE SEROCO MAGAZINE CAMERA

does away entirely with plate holders, as 12 PLATES CAN BE PUT INTO THE CAMERA AT ONCE, and exposed one after another as desired.

LOADING AND UNLOADING. In this respect our Seroco Magazine Camera is an improvement over all other magazine cameras, as any or all of the exposed plates may be removed at any time without disturbing those remaining.

THE SHUTTER. The shutter of this camera is always set, there being no levers to pull, and no buttons to turn. It is not only the most simple, and therefore the least liable to get out of order, but it is also the most effective and the most easily operated shutter on the market.

BULB RELEASE. The shutter of the Seroco Magazine Camera is operated by a bulb and tube, thus preventing any possible jarring of the camera, which is so often a cause of failure especially in time exposures. One pressure of the rubber bulb makes the exposure and the shutter resets itself automatically. When desired the rubber bulb may be instantly detached and the shutter operated in the usual manner by the finger.

DIAPHRAGMS. A set of diaphragms or stops is provided, permitting the use of different sized openings in order to adapt the exposure to varying degrees of light. In connection with the diaphragms is a cut-off by means of which the opening may be entirely closed, and any possibility of premature or accidental exposures entirely prevented.

OPERATION. The operation of the Seroco Magazine Camera is the acme of simplicity. One pressure of the bulb makes the exposure, and a one-fourth turn of a button places the next plate in position, and this is all—two movements, the camera does the rest.

REGISTER. The automatic register, located in plain view on top of the camera, shows at a glance at any time the exact number of plates that have been exposed and the number that are still left in the camera.

LENSES. Every lens used in the Seroco Magazine Camera is carefully tested by an expert optician before being fitted to the camera, and again tested after it is in the camera before it leaves the factory. It is a single achromatic lens of the type known as the combination Meniscus, being composed of two pieces of glass, one a flint, the other a crown, perfectly cemented together with an invisible cement. We positively guarantee every lens used in our Seroco Magazine Cameras to be optically perfect.

PLATE DROPPING DEVICE. The Seroco Magazine Camera is the first magazine camera and the only magazine camera that has a perfect device for dropping the exposed plates. It is so constructed that it is absolutely positive in its action and it is impossible to drop more than one plate at a time. This is a feature which will be especially appreciated by those who have used other magazine cameras.

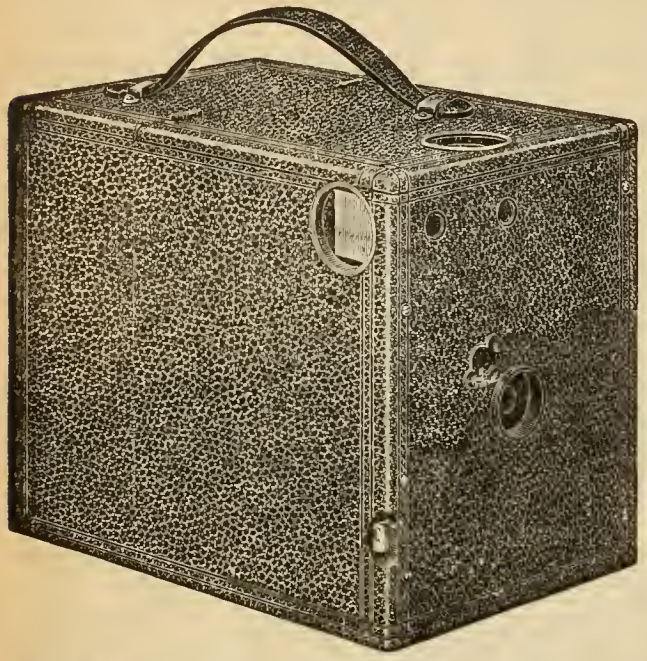
The 4x5 Delmar Camera



With Complete Developing and Material Outfit for Taking 4x5 Cabinet Size Pictures. Less than Half Regular Prices. A $10.00 Complete Outfit for $3.48

CATALOGUE No. 20T2050.

INCLUDES EVERYTHING NEEDED TO MAKE AND FINISH FIRST CLASS PICTURES.

THE IMMENSE SALE OF THESE most popular cameras and outfits has made it possible for us to place very large contracts with the manufacturers of the Cameras, and by purchasing the chemicals by the barrel, and the other materials by the thousands of each, and by assembling and boxing the outfits by the thousands, being satisfied with a very small percentage of profit, we are able to **CUT THE PRICE IN TWO**, while other concerns still insist on selling with large profits, which has always been the custom in the photographic line, with the result that they sell small quantities of goods and charge their patrons double what they should.

LAST SPRING WE MADE IMPROVEMENTS in this outfit which so increased the cost that we were obliged to **RAISE THE PRICE TO $5.45.** Now, however, we have been able to make such advantageous arrangements with manufacturers, owing to the still larger quantities used, that in spite of the universal increase in value of raw materials, we can again offer the outfit with **all the latest improvements,**

THE BEST OUTFIT WE HAVE EVER SOLD, AT THE ORIGINAL AND UNEQUALED PRICE OF $3.48

THE SIZE AND STYLE OF THE DELMAR 4x5 is by far the most popular on the market, and this statement will be better appreciated when we say that we believe at least seven out of ten of all the amateur Cameras sold are of this same size and style; while it takes a 4x5 cabinet size picture, its outside dimensions are only 6x7x8½ inches, and it weighs but 34 ounces. **One Double Plate Holder** for two plates is included with each Camera, and there is space in the Camera for two extra holders, giving a capacity for six plates.

THE LENS is what is known as the **Meniscus Achromatic,** and is the finest **universal focus lens made;** in fact, is the same grade and quality as used in cameras which sell as high as **$10.00 to $15.00.** It has great depth of focus, **which gives full and sharp detail to objects at a distance as well as to those which are near by.**

THE SHUTTER is automatic and always set, being operated by a spring in connection with a very ingenious device; is very simple, with no complicated parts to get out of order, but so perfect in its arrangement that it can be instantly changed for either snap shot or time exposures.

THE VIEW FINDERS form a part of the camera, and not only are they of invaluable assistance in locating and centering the objects to be photographed, but they add much to its artistic appearance.

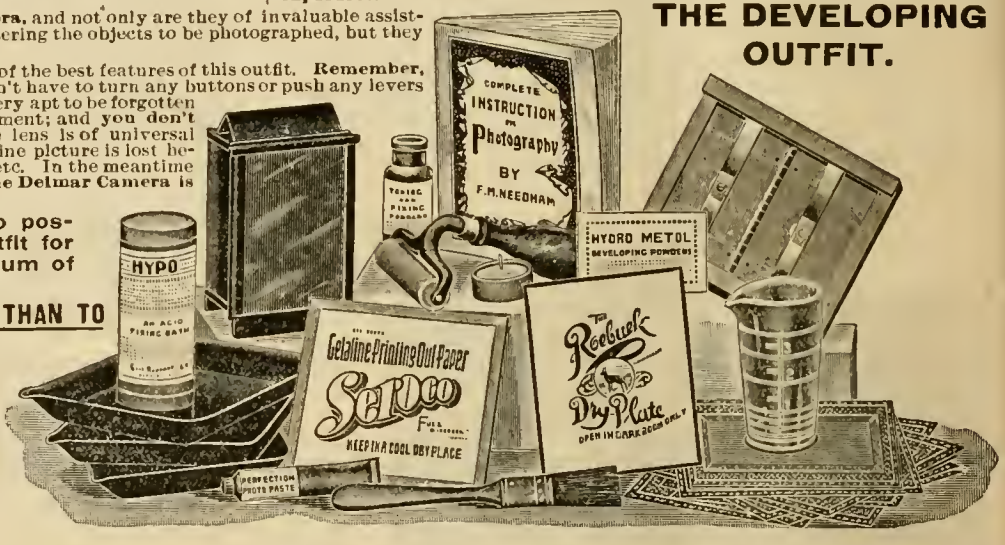
SIMPLICITY. The ease of manipulation is one of the best features of this outfit. **Remember, the shutter is always set,** you don't have to turn any buttons or push any levers before making an exposure, operations which are very apt to be forgotten or wrongly executed in the excitement of the moment; and **you don't have to focus each time a picture is made,** as the lens is of universal focus, **always ready.** With other cameras many a fine picture is lost because of the delay in setting the shutter, focusing, etc. In the meantime the subject is gone or the scene is changed, **but the Delmar Camera is always ready.**

Think seriously of the opportunity to possess a Camera and Complete Outfit for making 4x5 pictures for the small sum of $3.48, and then ask yourself

WHAT WOULD AFFORD MORE PLEASURE THAN TO OWN A PHOTOGRAPHIC OUTFIT

With which you could, as the opportunities present themselves, take the pictures of your friends and relatives, brothers and sisters; the pets, such as dogs, cats and horses; the home, both inside and out; pretty landscapes, buildings and places of interest seen while traveling; and especially the picture of the baby in all its cute and amusing positions. It will not be fully realized, until after years, what treasures have been secured in the way of pictures of friends and places or things of interest.

THE DEVELOPING OUTFIT.



THE CAMERA AS AN ASSISTANT IN BUSINESS PLAYS A PROMINENT PART AND WILL RENDER VALUABLE SERVICE.

If you have real estate, horse, buggy or almost anything that you wish to sell, take pictures of it and put them in conspicuous places, or mail them to prospective buyers and you will be most sure to make the sale.

THE COMPLETE OUTFIT CONTAINS:

1 4x5 Delmar Camera, with double plate holder.
1 Metal dark room lamp.
1 Tray for Developing Plates.
1 Tray for Fixing Plates.
1 Tray for Toning Prints.
1 Print roller for smoothing down the mounted prints.
1 Paste Brush.
1 Graduated Glass for Measuring Liquids.
½ Dozen Dry Plates.
1 Dozen Card Mounts with fancy embossed borders.
1 Package Concentrated Dry Developer (makes 8 ounces of solution).
1 Package Concentrated Dry Toner (makes 8 ounces of solution).
1 Dozen sheets Sensitized Paper.
1 Printing Frame.
1 Package Hypo for fixing Negatives and Prints.
1 Jar of fine Scented Photo Mounting paste.
1 Copy of Complete Instructions in Photography.

Everything in the outfit is the best that can be secured.

THE DELMAR CAMERA, like the Perfection Junior, is the simplest and by far the most popular and convenient form of amateur Camera. It is made of the best seasoned material throughout, is strong, well made in every respect and has absolutely **no complicated parts to get out of order.**

THE DELMAR CAMERA has a beautiful **black seal grain finished covering,** has leather handle for carrying, and two tripod sockets for attaching a tripod when desired, for either perpendicular or horizontal pictures.

DRY PLATES ONLY are used in the Delmar Cameras. The dry plates for negatives are much easier to develop and print from than films, and as dry plates only are used by professional photographers, it is evident that they are the best.

THE REASON WHY we list the most popular Cameras with Developing and Material Outfits is that nearly every purchaser wants a complete outfit, but unless they have had previous experience they would not know what to order, and then by making up the outfits by the thousand, we can sell them much lower.

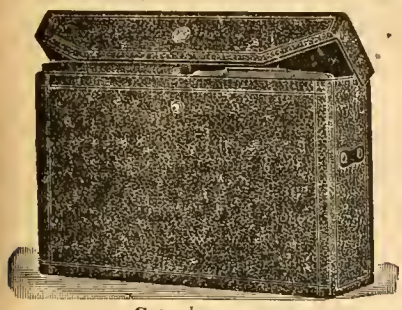
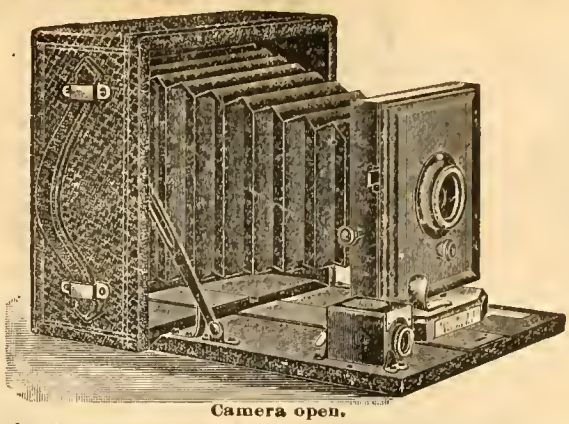
OUR DELMAR FOLDING CAMERA FOR $2.98, FOR 4x5 PICTURES

A VERY HIGH GRADE, RELIABLE FOLDING CAMERA, DESIGNED FOR 4x5 PICTURES, AT AN EXTREMELY LOW PRICE.

The Delmar Folding Camera is made for us under contract by one of the best camera makers in America. It is made from the very best materials throughout, it is simple in construction (following our printed rules a child can operate it), and it TAKES A PICTURE 4X5 INCHES, THE MOST POPULAR SIZE.



Carrying case.



Camera open.

Camera closed.

THE WOOD used is solid cherry, with fine mahogany finish, the metal parts are of lacquered brass, and the bellows are the best grade of red leather. The outside of the camera is covered with a fine quality black morocco leather, with seal grain finish.

THE SHUTTER is so constructed that it may be used for either time or instantaneous exposures, and is so simple in construction and operation that it is practically impossible for it to get out of order. The Delmar Folding Camera is provided with spring actuated ground glass focusing screen, a very desirable feature, especially when the most careful and accurate work is desired. It is also provided with an accurate focusing scale, by means of which the camera can be instantly focused when desired without using the ground glass screen. This camera has rising and falling front, enabling the operator to control the relative amount of sky and foreground. It is fitted with a set of diaphragms for regulating the intensity of illumination and bringing both near and distant objects into sharp focus at the same time. **THE VIEW FINDER**, which is conveniently located on the bed of the camera, is reversible, making the camera available for either upright or horizontal pictures. **THE LENS**, which is the most important part of a camera, is an extra high grade single achromatic of the Meniscus type of extra large size, manufactured expressly for the Delmar Folding Camera by the Rochester Lens Company, who are universally recognized as the makers of strictly high grade photographic lenses. This lens is extra rapid, making it especially suitable for instantaneous exposures, and at the same time it possesses great depth of focus and is guaranteed to cover the entire plate sharply to the extreme corners. The Delmar Folding Camera is suitable for either interior or outdoor work. It will take snap shots, interiors, flashlights, portraits, landscapes or buildings. In fact, is suitable for general all around work.

ITS SMALL SIZE combining compactness, light weight and simplicity, with ease of operation, makes it a favorite with bicyclists and travelers. When closed this camera measures only 2¼x5¾x6¼ inches; the carrying case measures only 2⅞x6¼x10¾ inches, and the total weight of the camera, carrying case and one double plate holder is only 40 ounces.

FREE INSTRUCTION BOOK. With the Delmar Folding Camera at $2.98 we furnish, without charge, our new 112-page manual, COMPLETE INSTRUCTIONS IN PHOTOGRAPHY. This book can be obtained only from us; there is no other book like it and it is the only instruction book ever written which enables the beginner in photography to take, develop and finish perfect pictures without any previous experience whatever. With our instruction book as a guide, failure is practically impossible.

FOR $1.20 EXTRA we will include a big developing, printing and material outfit, same as described under No. 20T2895.

REMEMBER, that the camera only, with the carrying case and one double plate holder, is $2.98; and if you desire the developing, finishing and material outfit also, the total cost is $4.18.

BE SURE TO GIVE CATALOGUE NUMBER and name of Camera when you order.

AT **$7.90** FOR THE 5x7 SIZE

Carrying case.

OUR SPECIAL $4.98 AND $7.90 PRICES for the Kenwood Folding Camera are based on the actual cost of material and labor, with but our one small percentage of profit added, and are the lowest prices ever made for cameras of this grade.

THE ILLUSTRATIONS, engraved by our artist direct from photographs of the camera, will give you some idea of the appearance of our handsome Kenwood Folding Camera; the one illustration showing the camera fully extended and ready for use, another showing the camera closed, and the third illustration showing the appearance of the camera and plate holders when in the carrying case.

OUR KENWOOD FOLDING CAMERA represents one of the very latest styles for 1902. It embodies all the most up to date features of all high grade folding cameras, with the defects of none. With the Kenwood Folding Camera you can accomplish any results and do any kind of work that can be done with other cameras at from three to five times our prices, and as we include without extra charge a copy of our new 112-page manual, COMPLETE INSTRUCTIONS IN PHOTOGRAPHY, the making of perfect pictures with this camera is a simple matter, even for those without the slightest previous experience or knowledge of photography. The Kenwood Folding Camera is constructed throughout of selected Honduras mahogany, with highly polished piano finish. It is covered with heavy seal grain black morocco leather of the best quality, the bellows are made of an excellent quality of red leather, lined with absolutely light proof black gossamer cloth. The trimmings and all metal parts are finely finished and highly polished, thus making an exceedingly handsome appearance in contrast with the dark, rich finish of the mahogany woodwork.

THE VIEW FINDER IS REVERSIBLE and the camera is fitted with two tripod sockets, thus making it available for either vertical or horizontal pictures, both when used with a tripod or when used as a hand camera. The Kenwood Folding Camera is made with rising and falling front for regulating the relative amount of sky and foreground. It is provided with a ground glass focusing screen for careful and accurate work, and this ground glass is protected from injury when not in use by a hinged panel. An accurate focusing scale is carefully adjusted and enables the user to focus the camera instantly when it is not desirable to use the ground glass. **SHUTTER.** We use in our Kenwood Folding Camera the Junior automatic shutter, one of the latest productions of the celebrated Rauber & Wollensak Company, and introduced this season for the first time. It is entirely automatic in its action, requiring only a pressure of the bulb to make any kind of exposure desired. It is so arranged that it may be set for either instantaneous, time or bulb exposures, thus covering the entire range of adjustments, the same as possessed by the very highest priced shutters on the market. **LENSES.** The lenses used in our Kenwood Folding Camera are made expressly for this camera by the Rochester Lens Company and are the highest grade of single achromatic lenses which this manufacturer turns out. They possess great depth of focus, covering the plate sharply to the extreme corners, work very rapidly, producing sharp, clear pictures with fine detail.

OUR SPECIAL $4.98 AND $7.90 PRICES include the Kenwood Folding Camera complete with lens, automatic Junior shutter, carrying case and one double plate holder.

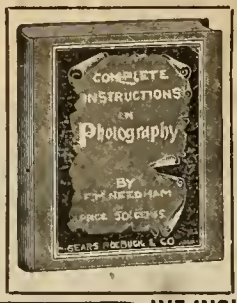
COMPLETE INSTRUCTIONS IN PHOTOGRAPHY

OUR NEW 112-PAGE MANUAL.

A SPECIAL FEATURE of our photographic outfits is the book, "Complete Instructions in Photography," which is included free of charge with every camera or complete outfit.

THIS BOOK WAS WRITTEN EXPRESSLY FOR US by one of the most expert photographers in the United States; a man who has spent fifteen years in making photographs, teaching photography, and selling photographic merchandise to both amateur and professional photographers. The experience thus gained, not only in the actual processes of photography, but in contact with other photographers—with amateurs and with beginners—enables him to appreciate and to understand, better than anyone else, the difficulties met with and the errors made by beginners. This experience enables him to understand just what the beginner wants to know, enables him to make it plain and simple, and the success which is attending the efforts of those who are already using "Complete Instructions in Photography" is the best proof we can offer as to its value.



COMPLETE INSTRUCTIONS IN PHOTOGRAPHY . . . ANSWERS ALL YOUR QUESTIONS. SOLVES ALL YOUR DIFFICULTIES. ANTICIPATES ALL YOUR TROUBLES. MAKES PHOTOGRAPHY EASY.

Indispensable to the Beginner. Invaluable to the Advanced Photographer.

COMPLETE INSTRUCTIONS IN PHOTOGRAPHY tells secrets of the trade never before published; gives valuable information heretofore possessed only by a few professional photographers; GIVES DOZENS OF VALUABLE FORMULAS OR RECIPES; tells you how to make your own developers, your own solutions of all kinds; tells you how to determine the correct amount of exposure, how to save plates which are wrongly exposed, how to make good portraits, how to make blue paper, how to dry a negative in five minutes, HOW TO MAKE MONEY IN PHOTOGRAPHY, how to avoid all the troubles sometimes met with by beginners, how to select a camera; tells all about a hundred other things which we haven't space to mention here.

REMEMBER, There is no other book like it. It was written expressly for us. It is published only by us, and can be secured only from us.

IT COSTS YOU NOTHING.

WE INCLUDE IT FREE OF CHARGE with every camera which we sell. If you already have an outfit and desire a copy of the book, we will include it free of charge with an order for photographic supplies amounting to $2.50 or more (provided you state in your order that you desire it). We do not sell this book. We had it written and publish it exclusively for the benefit of our customers, but in order to protect ourselves against actual loss, we are obliged to give it only to those who send us an order for at least $2.50 worth of photographic goods, and state in their order that a copy of "Complete Instructions in Photography" is desired.

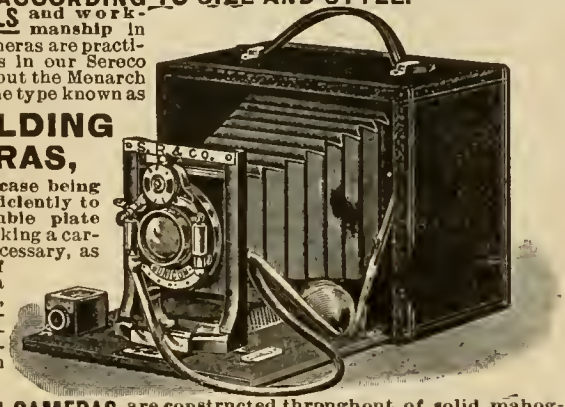
MONARCH BOX FOLDING CAMERAS, $6.85 TO $12.50

ACCORDING TO SIZE AND STYLE.

THE MATERIALS and workmanship in the Monarch Cameras are practically the same as in our Sereco Cycle Cameras, but the Monarch Cameras are of the type known as

BOX FOLDING CAMERAS,

the back of the case being extended sufficiently to hold three double plate holders, thus making a carrying case unnecessary, as the camera itself holds the extra plate holders, which may be removed or inserted by opening the door in the side.



THE MONARCH CAMERAS are constructed throughout of solid mahogany, with highly polished piano finish. The ontside is covered with an extra quality of black seal grain morocco leather; the bellows are made from the best quality of red leather with a light proof black gossamer cloth lining; the metal parts are highly polished and finely finished, and the camera presents an exceedingly handsome appearance.

ALL STYLES of the Monarch cameras are equipped with reversible view finders, making them available for either vertical or horizontal pictures; they have rising and falling fronts for adjusting sky and foreground; they are provided with accurately adjusted focusing scales and spring actuated ground glass focusing screens.

The celebrated Unicum Shutter is furnished with every one of the Monarch Cameras, regardless of style or price.

LENSES. We furnish the Monarch Folding Camera with either an achromatic lens or with double rapid rectilinear lens, as desired, according to the price. The achromatic lens used is the finest quality of single achromatic lens manufactured by the Bausch & Lomb Optical Company and is suitable for general all around work, and amply good enough for all practical purposes. For those who desire the very best, however, we also fit this camera with a fine quality of double rectilinear lens, which we have made especially for the Monarch Cameras.

$11.25 Buys Our High Grade No. 3 FOLDING BUCKEYE CAMERA

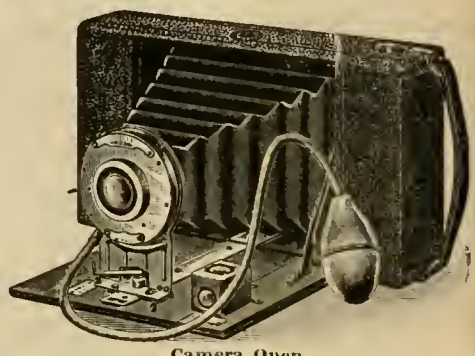
FOR FILMS. MAKES PICTURES 3¼x4¼ INCHES.

Our best Film Camera, the highest grade of pocket film camera made. The equal of any film camera on the market, regardless of price.

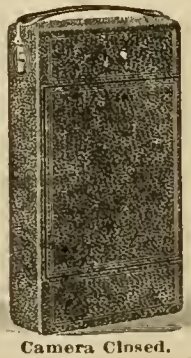
THE No. 3 BUCKEYE POCKET FILM CAMERA

is made from the best mahogany, highly polished; all metal parts are nickel plated; the bellows is a fine quality of red leather and the outside of the camera is covered with the best grade of black morocco leather with seal grain finish.

THE LENS is an extra rapid double rectilinear, possessing great depth of focus, and producing a remarkably clear picture with fine detail.



Camera Open.



Camera Closed.

THE SHUTTER is the new Argo shutter, made expressly for this camera by the Bausch & Lomb Optical Co. This shutter, which may be operated either by bulb or finger release, is provided with a finely adjusted iris diaphragm, and makes instantaneous exposures, bulb exposures, or time exposures of any desired length.

THE No. 3 Folding Buckeye Camera uses daylight loading film cartridges, and takes cartridges of either six or twelve exposures. The camera may be loaded or unloaded in broad daylight, and the film cartridges are so small and light that enough for dozens of exposures may be carried without inconvenience. This camera folds into an exceedingly compact form, and all corners are rounded so that it may easily be carried in the coat pocket, yet takes pictures full 3¼x4¼ inches, one of the most attractive and popular sizes.

THE 4x5 BUCKEYE FILM CAMERA AT $5.70.

WE HAVE THIS SEASON closed a contract with the leading manufacturer of Film Cameras, which enables us to furnish the highest grade film cameras at prices heretofore unknown in the camera business.

THE BUCKEYE CAMERAS are made under contract that calls for the very best materials, the very best of achromatic lenses and the most perfect workmanship throughout.

THEY ARE EQUIPPED with all the latest improvements and we can guarantee them in every way, both as to materials, workmanship and picture making qualities.

THESE CAMERAS represent a type of camera that is complete in itself, with no removable parts. They are fitted with the finest high grade fixed focus achromatic lenses, and are provided with a set of three diaphragms.

THE SHUTTER is suitable for both time and instantaneous exposures, and the speed may be regulated in accordance with the brightness of the light.

AN AUTOMATIC REGISTERING DEVICE shows at a glance how many pictures have been taken, and how many films remain in the camera.

THE BUCKEYE FILM CAMERAS are provided with brilliant view finders and tripod sockets. The covering is the best quality of black morocco leather, and all metal parts are finely nickel plated.

DAYLIGHT LOADING FILMS of the cartridge system are used in the Buckeye cameras, and they may be loaded and unloaded in broad daylight.

FILM CARTRIDGES are unbreakable; their weight and bulk as compared with glass plates is practically nothing; the results obtained are in every way equal to pictures made upon glass plates, and one-half dozen film cartridges, each sufficient for twelve pictures, may be carried in the pocket without inconvenience.

No. 20T2118 The Buckeye Film Camera, 4x5. Price. (without film) $5.70

SEROCO A CYCLE FOLDING CAMERA, AT $7.95 FOR 4X5 PICTURES; AT $10.80 FOR 5X7 PICTURES.

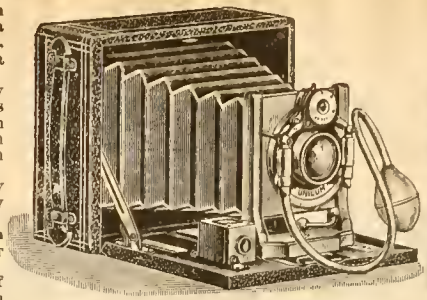
THE SEROCO A CAMERA is the result of an effort on the part of our camera maker to produce a strictly high grade folding camera, embodying all essential qualities for first class work, at a very moderate price.

THE FINEST HONDURAS MAHOGANY, thoroughly seasoned, is used in making this camera, even those portions which are covered being made of mahogany instead of from cheaper wood, as is the case with many cameras now on the market.

ALL METAL PARTS are of lacquered brass, highly polished, carefully and accurately fitted and beautifully finished.

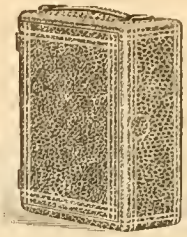
THE COVERING is a fine grade of genuine seal grain leather. We use no imitation leather in any of the Seroco Cameras.

THE BELLOWS IS MADE from an extra quality of red leather, very elegant in appearance, strong and durable and lined with light proof black gossamer cloth.



SEROCO A Cycle Folding Camera Open.

SPECIFICATIONS—Solid Mahogany, Piano Finish, Genuine Leather Covering, Double Rectilinear Lens, Unicum Shutter.



Camera Closed.

Carrying Case.

LENS. The lens is a high grade double rapid rectilinear, made especially for the Seroco cameras, by one of the best lens makers; a lens that possesses great depth of focus, covers the plate sharply to the extreme corners and is absolutely guaranteed in every respect.

THE SEROCO A CAMERA is made with rising and falling front for regulating sky and foreground, a spring actuated ground glass focusing screen, an accurately adjusted focus scale and two tripod sockets.

THE FINISH AND WORKMANSHIP on the Seroco A Camera is of the very highest order, these cameras being made in the same factory and by the same workmen who turn out our very highest grade cameras, and they receive the same careful attention, the same rigid inspection and the same strict attention to the smallest detail of construction.

SHUTTER. The Unicum shutter forms a part of the equipment of the Seroco A Camera, and this shutter is universally recognized as one of the best shutters made. It is arranged for making automatic exposures of from $\frac{1}{100}$ of a second to one full second, or time exposures of any desired length.

THE CARRYING CASE is made from the best black sole leather, strongly made, and has room for the camera and four double plate holders.

THESE SPECIAL PRICES include the camera complete with lens, shutter, one double plate holder and carrying case.

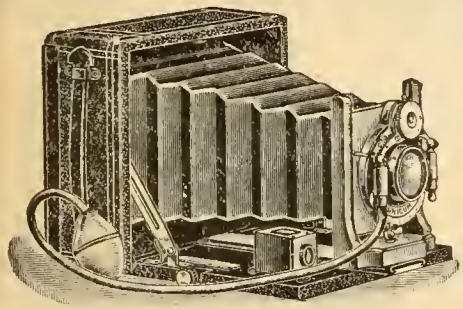
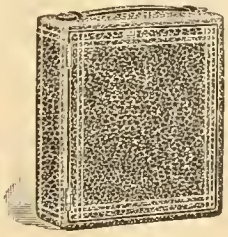
SEROCO B CYCLE FOLDING CAMERA, AT $9.75 FOR 4X5 PICTURES; AT $12.55 FOR 5X7 PICTURES.

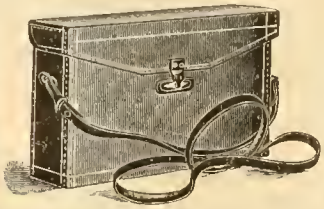


SEROCO B Cycle Folding Camera Open.

SPECIFICATIONS—Solid Mahogany, Piano Finish, Genuine Leather Covering, Double Rectilinear Lens, Unicum Shutter, Rack and Pinion Focus Movement, Swing Back.



Camera Closed.



Carrying Case.

LENS. The lens with which the Seroco B Camera is equipped is a special rapid rectilinear double lens of the very best quality—a lens which we can guarantee to do the very highest grade of work and equal in every respect to lenses furnished with many cameras costing from $20.00 to $30.00.

THE SEROCO B CAMERA is made throughout of solid mahogany, no other wood being used in any part of its construction. The covering is a high grade of black seal grain leather, the metal parts are of lacquered brass and the wood work is French polished, regular piano finish.

ADJUSTMENTS. The Seroco B Camera is provided with all necessary adjustments for any ordinary work, including rack and pinion focus movement, swing back, rising and falling front, spring actuated ground glass focusing screen, accurately adjusted focus scale, reversible view finder and two tripod sockets.

THE SEROCO B CAMERA embodies all of the good points of the Seroco A Camera, is constructed throughout in the same careful and substantial manner, with the same rigid attention to the smallest details of construction, and in addition is provided with a finely made rack and pinion focus movement, also an easily operated swing back.

THE RACK AND PINION FOCUS MOVEMENT is a particularly desirable adjustment, as it affords a very convenient means of focusing—the operation being accomplished by turning a milled head screw, instead of sliding the front of the camera out by hand.

THE SWING BACK is also a very desirable adjustment, greatly increasing the efficiency of the camera, especially when photographing buildings, as this adjustment enables one to entirely overcome the distortion which sometimes is unavoidable with cameras which are not provided with a swing.

FOR LANDSCAPE WORK, views of buildings, flash lights, interiors, groups, etc., the Seroco B Camera meets every requirement and it is a camera which we can unhesitatingly recommend and fully guarantee in every respect.

THE CARRYING CASE furnished with the Seroco B Camera is made from the best quality of heavy, black sole leather, strongly and substantially made, and contains room enough for the camera and four double plate holders.

THESE SPECIAL PRICES include the camera complete with lens, shutter, one double plate holder and carrying case.

SEROCO C CYCLE FOLDING CAMERA, AT $11.50 FOR 4X5 PICTURES; AT $14.10 FOR 5X7 PICTURES.

WE OFFER THE SEROCO C CAMERA as the equal of any camera in its class on the market, regardless of price. It represents the acme of perfection in this style of a camera, embracing all of the improvements and attachments ever constructed in a camera of this design.

IN CONSTRUCTION AND WORKMANSHIP the Seroco C Camera is strictly high grade in every sense of the word, and the woodwork is made from solid mahogany throughout.

THE COVERING is the very best quality of genuine seal grain morocco leather. The metal work is of lacquered brass, and the entire camera is finished in the most careful and accurate manner.

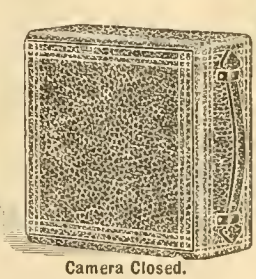
SPECIFICATIONS—Solid Mahogany, Piano Finish, Genuine Morocco Leather Covering Double Symmetrical Lens, Wollensak Double Valve Shutter, Rack and Pinion Focus Movement, Swing Back, Reversible Back, Piano Hinge, Brilliant Finders.



Camera Closed.

Carrying Case.

THE RACK AND PINION FOCUS MOVEMENT makes rapid and accurate focusing very easy, and the piano hinge, by which the bed is connected to the body of the camera, not only adds to the elegant appearance of the instrument, but also increases its strength and rigidity.

LENS. The lens with which the Seroco C Camera is provided is an extra high grade double symmetrical lens, a lens that is the equal in every respect of lenses used on the most expensive cameras, and superior in every way to lenses usually furnished with cameras at moderate prices. We believe that we are the first dealers in cameras to furnish even our moderate priced cameras with strictly high grade lenses.

SHUTTER. The Wollensak double valve shutter is one of the latest and most up to date shutters on the market; and we decided to equip the Seroco C camera with this shutter, only after a most careful and rigid test of its qualities. This shutter makes automatic exposures of any length from $\frac{1}{100}$ of a second to one second, also time or bulb exposures of any desired length. It is provided with a fine iris diaphragm and is without doubt one of the best shutters on the market today.

BRILLIANT FINDERS. The Seroco C Camera is equipped with the latest style of brilliant finder—a finder far superior to the ordinary style—of a special construction which secures a most brilliant and perfect image.

THE REVERSIBLE BACK is a most desirable feature, enabling the operator to take either vertical or horizontal pictures without changing the position of the camera.

IN ADDITION to the reversible back, rack and pinion focus movement, swing back and piano hinge, the Seroco C Camera is also provided with rising and falling front, spring actuated ground glass focusing screen, reversible brilliant finder, accurately adjusted focus scale and tripod socket.

THESE SPECIAL PRICES include the camera complete with lens, shutter, one double plate holder and carrying case.

The Seroco Long Focus Camera.

THESE SPECIAL PRICES barely cover the actual cost of material and labor, with our one small percentage of profit added; and represent about half the prices charged by retail dealers, the very lowest prices ever attempted on the highest grade cameras.

MADE IN ROCHESTER, NEW YORK, the home of photographic industries, made expressly for us, under a special contract, by a manufacturer who is universally recognized as the maker of the highest grade cameras in the world. Our illustrations, engraved by our artist direct from photographs of the camera, give you some idea of the appearance of the Seroco Long Focus Camera, but in order to fully appreciate this instrument, you must see it. The beautifully polished mahogany woodwork and the highly finished, lacquered brass trimmings contrasted with the fine black morocco covering and the rich red leather bellows, gives this instrument a strikingly handsome appearance.

Size.	Focal Capacity Ground Glass to Front Board.	Equivalent Focus of Lens.	Focus of Rear Combination of Lens.
4 x 5	11 inches	6¼ inches	10 inches
5 x 7	15½ inches	8¼ inches	14 inches
6½x 8½	18½ inches	11 inches	18 inches
8 x10	22 inches	13 inches	21 inches

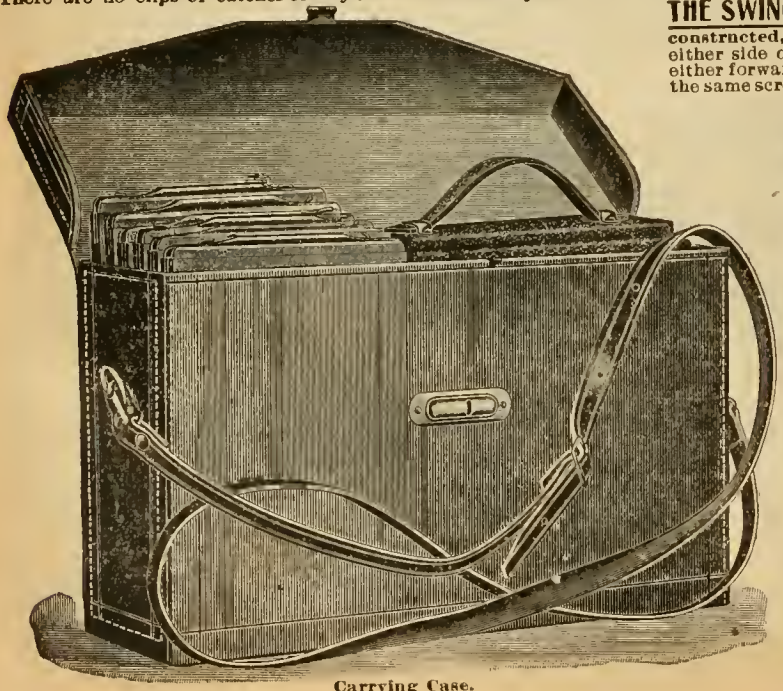
THE LENS. One of the features of this camera is the extra high grade Symmetrical Lens—a double combination lens manufactured expressly for this camera and the very highest grade Symmetrical Lens that we can purchase. Either the front or rear combination of this lens can be used alone when desired, and as the focal length of either combination alone is about double that of the entire combination, the efficiency of the camera is greatly increased, as this is equivalent to having two lenses, one double the focal length of the other.

THE SHUTTER. We equip the Seroco Long Focus Camera with the Unicum Shutter—a shutter that we can absolutely guarantee in every respect, simple and easy to operate, free from liability to get out of order—a shutter that has stood the test of time.

THE BELLOWS. The Seroco Long Focus Camera is equipped with an exceptionally good bellows, made from the best grade of leather, lined with special light proof gossamer cloth, and no glue whatever is employed in its construction, only the best rubber cement being employed. This bellows is made extra long, thus securing results in distant landscape photography, portraiture, copying, etc., which are entirely beyond the capacity of ordinary short bellows cameras. This long bellows also permits the use of the rear combination alone when desired for very long focus work.

THE REVERSIBLE BACK is of the very latest design, a style that is more easily operated and more convenient than any reversible back heretofore made. Changing the plate from one position to another is accomplished simply by pressing a concealed button on either side of the camera. There are no clips or catches of any sort to cause annoyance.

Seroco Long Focus Camera Closed.



Carrying Case.

THE SWING BACK. The swing with which the Seroco Long Focus Camera is equipped is one of the most perfect devices of the kind ever constructed, being controlled by the two set screws at the base of the side arms on either side of the camera. By simply loosening these screws the back can be swung either forward or backward to any desired angle and securely clamped by tightening the same screws, an adjustment that is quickly and easily made.

IN ADDITION to the special points mentioned above, including the Reversible Back, the Extra Long Bellows and the Swing Back, this camera is also fitted with all the other adjustments with which high grade cameras are usually provided, including a finely made rack and pinion focus movement, detachable lens board, rising and falling front, sliding front, piano hinge, brilliant reversible finder, and accurately adjusted focus scale.

ABOUT THE CARRYING CASES. We furnish with the Seroco Long Focus Camera the very best carrying cases that we can obtain, carefully and strongly made from a fine grade of heavy sole leather. With the 4x5 and the 5x7 sizes we furnish a long carrying case with room for five plate holders, as shown in illustrations, and with the 6½x8½ and the 8x10 size we furnish a short carrying case with room for three plate holders. Shoulder straps are not included unless ordered extra.

THE SEROCO DOUBLE EXTENSION CYCLE FOLDING CAMERA.

The Very Highest Grade Camera that we Handle, the Equal of Any Camera Made Regardless of Price.

THE SEROCO DOUBLE EXTENSION CAMERA represents the very highest degree of perfection attained in the making of cameras, embodying all of the latest ideas, all of the most modern and up to date improvements, the culmination of years of practical experience in camera making.

WHEN YOU BUY THE SEROCO DOUBLE EXTENSION CAMERA, you know that you are buying a camera which is as nearly absolutely perfect as the very best makers can possibly produce. You know that you are buying a camera which will be absolutely certain to give you perfect satisfaction, a camera that will do any kind or style of work which you may desire to attempt, and we are offering you this camera at prices no higher than ordinary dealers charge for common, short focus, or, at the best, medium length cameras.

THE SEROCO DOUBLE EXTENSION CAMERA.

THE LENS. We equip the Seroco Double Extension Camera with an extra high grade, convertible, three-focus lens, made expressly for this camera, the very best convertible lens that we can buy. This lens is composed of two perfectly corrected combinations, the front combination having longer focal length than the rear combination. As either the front or rear combination may be used alone, we have three different focal lengths available, thus meeting any possible requirement.

THE SEROCO DOUBLE EXTENSION CAMERA is made throughout from thoroughly seasoned, kiln dried mahogany. No other wood is used in any part of its construction, and this mahogany is carefully selected, with particular attention to fine grain effects. The corners are all rounded and all joints are dovetailed. The bed and front are finished with the highest piano polish.

THE COVERING is the very highest grade of fine, black seal grain morocco leather, the best leather that we can buy.

THE METAL PARTS are made throughout from brass, heavily nickel plated, beautifully polished and accurately fitted.

THE SHUTTER. The Seroco Double Extension Camera is fitted with the new Wollensak Automatic Shutter, a marvel of mechanical ingenuity, of most perfect construction and rigidly tested. This shutter makes automatic exposures of from $\frac{1}{150}$ of a second to one full second, or time exposures of any desired length. The Wollensak Automatic Shutter is always set, one pressure of the bulb making the exposure and at the same time automatically resetting the shutter for the next exposure.

THE TELESCOPIC DOUBLE EXTENSION TRIPLE BED, made in three sections and brass bound, is one of the features of this camera. Its construction is such as to secure the greatest possible strength and rigidity even when the bellows is fully extended. A single pinion moves each section of the bed either forward or back, the first section, carrying the lens and shutter, moving out first, and as soon as it is fully extended automatically locking with the next section, which at once moves forward without the slightest lost motion. By pressing in this pinion the bed is securely locked at any desired point.

THESE PRICES include the camera complete with lens, shutter, one double plate holder and carrying case. Not made in any other sizes.

Carrying Case.

THE BELLOWS is made from the very best grade red leather, lined with a special light proof gossamer cloth, attached with pure rubber cement, which insures the leather remaining soft and pliable.

THE SWING BACK is so constructed that it is easily and quickly adjustable to any desired angle, and firmly held by simply tightening the set screw at the base of either side arm.

THE REVERSIBLE BACK. The Seroco Double Extension Camera is so made that the back can be instantly detached by pressing two concealed buttons, and as readily replaced with the plate in position for either vertical or horizontal pictures; the most easily operated reversible back made, having no clips or catches of any sort to adjust.

THE FINE RACK AND PINION FOCUS MOVEMENT works very smoothly without the slightest lost motion, and when the camera is focused it may be securely locked by simply pressing in the pinion flush with the bed.

THE DOUBLE SLIDING FRONT is made with both vertical motion and side motion, allowing control of the relative amount of sky and foreground, and also permitting more of one side or the other of a picture to be included in the view without changing the position of the camera.

IN ADDITION to the special features already described, the Seroco Double Extension Camera is provided with the latest type of Triple Lens Reversible Brilliant View Finder, Detachable Lens Board and Piano Hinge. When we offer you the Seroco Double Extension Camera as the best camera made, we do so with perfect confidence that a rigid test and examination of the instrument will demonstrate that it is all and even more than we claim for it.

Shoulder strap 22 cents extra. For prices on extra holders see No. 20T2510. For suitable developing outfits see No. 20T2900.

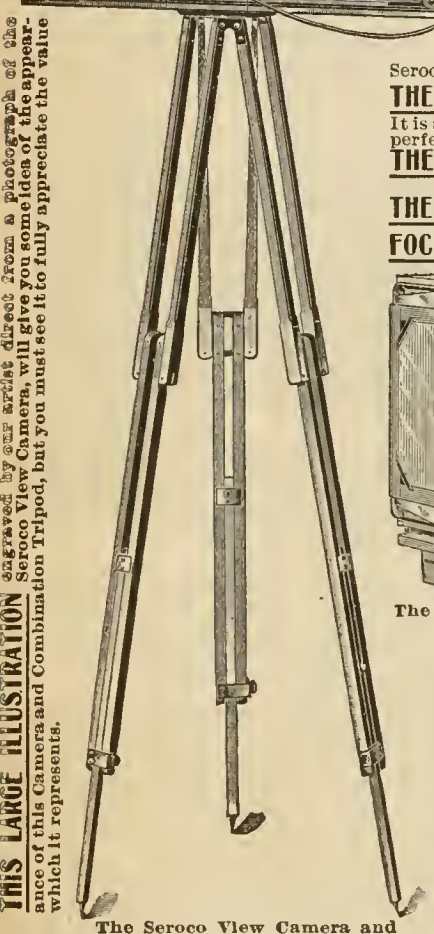
A SOLID MAHOGANY, EXTRA LONG DRAW, DOUBLE SWING, REVERSIBLE BACK VIEW CAMERA WITH RECTILINEAR LENS, SHUTTER, COMBINATION TRIPOD AND PLATE HOLDER. ALL COMPLETE IN FINE CARRYING CASE FOR..... $21.98

SPECIFICATIONS: SOLID MAHOGANY, PIANO FINISH; LACQUERED BRASS METAL WORK; LEATHER BELLOWS; REVERSIBLE BACK; ADJUSTABLE SLIDING FRONT, RACK AND PINION FOCUS MOVEMENT; DOUBLE SWING, CENTRALLY PIVOTED; BOTH FRONT AND BACK FOCUS; EXTRA LONG DRAW; THREE SECTION, DOUBLE GROOVED BED.

THIS LARGE ILLUSTRATION engraved by our artist direct from a photograph of the Seroco View Camera, will give you some idea of the appearance of this Camera and Combination Tripod, but you must see it to fully appreciate the value which it represents.



The Seroco View Camera and Combination Tripod.

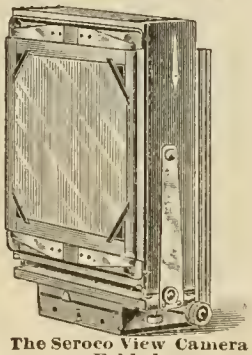
THE SEROCO VIEW CAMERA is the highest grade view camera made, combining convenience, strength, rigidity, compactness and adaptability for the widest possible range of work to a degree never before attained. We honestly believe the Seroco View Camera to be the best view camera made, regardless of price.

THE SEROCO VIEW CAMERA meets all requirements for the very best amateur or professional work. It is a camera that is elegant in appearance, a camera that will give you perfect results and a camera that you will enjoy using.

THE WOODWORK of the Seroco View Camera is solid mahogany throughout, thoroughly seasoned and highly polished.

THE METAL PARTS are all of lacquered brass, highly finished, carefully and accurately adjusted.

FOCUSING may be accomplished by moving either the front or the back, both being operated by fine rack and pinion adjustment.



The Seroco View Camera Folded.

THE BACK is reversible and may be instantly changed to either upright or horizontal work.

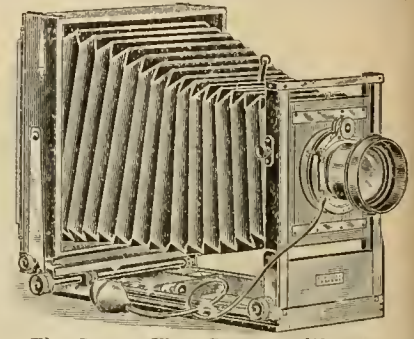
THE DOUBLE SWING, which is pivoted at the center, is easily and quickly adjusted to any desired angle and securely clamped in place by a large milled head screw.

THE FRONT is adjustable, permitting a wide range of movement either above or below the center, and is securely clamped at any height by simply tightening a milled head screw.

THE BELLOWS is made from the best grade of red leather, lined with a special light proof gossamer cloth; elegant in appearance, absolutely light tight; strong and durable; the best bellows possible to make.

FOR WIDE ANGLE WORK the back may be racked close up to the front, thus permitting the use of the shortest focus lenses made, leaving no part of the bed in range of the lens.

THE BED is made in three sections, the front section hinged and arranged to fold back against the camera. The rear section is detachable, being necessary only when the extreme length of draw is used.



The Seroco View Camera with rear section of bed detached.

STRONG, RIGID, SUBSTANTIAL AND AT THE SAME TIME LIGHT AND COMPACT.

THE TRIPOD. We furnish with the Seroco View Camera a high grade Combination Tripod, a combined sliding and folding tripod with detachable head, made from selected ash, strong, substantial, absolutely rigid, the best tripod that can be made. This tripod is easily and quickly set up, readily adjusted to any desired height, and folds up so compactly that it can be put into the carrying case with the camera.

THE LENS AND SHUTTER. We equip the Seroco View Camera with either our Seroco Rapid Symmetrical Lens and Unicum Shutter, or with our Seroco Extra Rapid Symmetrical Lens and Automatic Shutter. For illustrations and complete descriptions of these lenses and shutters we refer you to page 242.

THE CARRYING CASE. We put the Seroco View Camera in a fine carrying case, with compartments for containing the camera, the tripod, the lens and shutter and six extra plate holders. Compare the convenience of this outfit in which everything is contained in one easily carried case, with other outfits in which the case contains only the camera and about two holders, making it necessary to carry the lens and shutter, the tripod and the extra plate holders in separate packages.
